Cccp Cook True Stories Of Soviet Cuisine:

CCCP Cook Book Olga Syutkin, Pavel Syutkin, 2015 This book contains over 60 recipes each introduced with an insightful historical story or anecdote and an accompanying image spanning such delicacies as aspic borscht caviar and herring by way of bird s milk cake and pelmeni As the Soviet Union struggled along the path to Communism food supplies were often sporadic and shortages commonplace Day to day living was hard both the authorities and their citizens had to apply every ounce of ingenuity to maximize often inadequate resources The stories and recipes contained here reflect these turbulent times from basic subsistence meals consumed by the average citizen okroshka to extravagant banquets held by the political elite suckling pig with buckwheat and a scattering of classics beef stroganoff in between Illustrated using images sourced from original Soviet recipe books collected by the author Many of these sometimes extraordinary looking pictures depicted dishes whose recipes used unobtainable ingredients placing them firmly in the realm of aspirational fantasy for the average Soviet household In their content and presentation the pictures themselves act as a window into cuisine of the day in turn revealing the unique political and social attitudes of the era

Russian Food since 1800 Catriona Kelly, 2024-02-08 In Russia food has a hugely important role in political symbolic and practical terms In this illuminating history of Russian food in the modern age Catriona Kelly a leading cultural historian and keen amateur cook reflects on this and an environment where what you eat and drink indicates how patriotic you are Kelly argues that an expectation of feeding is embedded in attitudes to the state as provider and that rationing systems have traditionally replicated and even enforced social hierarchies The book looks at how Russian food is intimately connected with family and friends and was an important source of delight even in the Soviet period when official culinary provision and practices ostensibly sought to promote nutrition above all and food was often short Russian Food since 1800 traces these complex and contradictory associations It also examines various shifts in diet and cuisine over the last three centuries including the ways in which old traditions such as pickling and jam making sit alongside wider world influences from the vast imperial hinterland in the Baltic the Caucasus and Central Asia as well as Western Europe and America

The Viscous Freddie Mason, 2020-05-20 Slime goo gunge gloop gels sols globules jellies emulsions greases soaps syrups glues lubricants liquid crystals moulds plasmas and protoplasts the viscous is not one thing but rather a quality of resistance and flow of stickiness and slipperiness It is a state of matter that oozes into the gaps of our everyday existence across age groups between cultures and disciplines Since the large scale extraction of petroleum in the 19th century the viscous has witnessed a proliferation in the variety of its forms Mechanized industry required lubricants and oil distillation produced waste products that were refined to form Vaseline From this age new viscous forms and technologies emerged products from plastic and plastic explosives to cosmetics glycerine asphalt sexual lubrication hydro and aero gels and even anti climb paint Based on unique and wide ranging research *The Viscous* is the first major investigation of encounters with and possibilities of the viscous over the course of the last century not simply

as a material state but also as an imaginative event We enter into a story of matter at its most wayward deviant hesitant and resistant From asphalt lakes to industrial molasses tanks from liquid crystals squirming in our screens to milk fetishes The Viscous discloses gooeyness as a peculiarly modern phase of matter Everything oozes as Beckett's Estragon famously proclaims in Waiting for Godot Viscous dynamics are exposed as not only hugely various in a post industrial age but particularly useful ways of thinking feeling writing and making in a time of ecological anxiety Freddie Mason is a writer researcher and filmmaker living in London He received his doctorate from the Royal College of art in 2019 on the history and futures of semi states Before The Viscous he published Ada Kaleh Little Island Press 2016 **Global Dishes** Caryn E.
