Finance, Rule of Law and Development in Asia Jiaying Hu, Matthias Vanhullebusch, Andrew Harding, 2016-04-26. The financial markets of Hong Kong and Singapore are leading examples in Asian financial development and regulation. Shanghai, which is developing its Free Trade Pilot Zone, is equally aiming to incorporate a sophisticated service market in order to upgrade reform and reinvigorate the current economic model of development in China in the aftermath of the global financial and economic crisis. Streamlining administrative regulation is a precondition for its financial market to find root and play a central role in Asia and beyond. Finance, Rule of Law and Development in Asia offers a contextualized approach to the economic and political realities within Asian financial markets, especially in these three different jurisdictions. The volume adopts a comparative and precise account on the prospects and challenges in further developing these financial centres.
