Cormac McCarthy Harold Bloom, 2014-05-14 Presents a collection of critical essays about the works of Cormac McCarthy Perspectives on Cormac McCarthy Edwin T. Arnold, Dianne C. Luce, 1999 A revised edition of a volume praised as the best handbook for an understanding of McCarthy's great works *You Would Not Believe What Watches* Rick Wallach, 2013-05 This volume is the first of a planned series of casebooks to be published by the Cormac McCarthy Society It is an expanded and updated version of the fourth volume of *The Cormac McCarthy Journal* originally released in 2006 to celebrate the 25th anniversary of the novel *The* The original edition consisted of papers and lectures given at the conference held by the Society in Knoxville in October 2004 The current edition includes the entire content of its predecessor volume and we have added intriguing essays anecdotes and firsthand accounts of Knoxville during the historical period covered by Suttner to flesh it out *Cormac McCarthy* James D. Lilley, 2014-02-15 Critics have been quick to address Cormac McCarthy's indebtedness to southern literature Christianity and existential thought but the essays in this collection are among the first to tackle such issues as gender and race in McCarthy's work *Books Are Made Out of Books* Michael Lynn Crews, 2024-10-08 Cormac McCarthy told an interviewer for the New York Times Magazine that books are made out of books but he was famously unwilling to discuss how his own writing draws on the works of other writers Yet his novels and plays masterfully appropriate and allude to an extensive range of literary works demonstrating that McCarthy was well aware of literary tradition and deliberately situating himself in a knowing relationship to precursors In *Books Are Made Out of Books* Michael Lynn Crews thoroughly mines McCarthy's literary archive to identify over 150 writers and thinkers that McCarthy referenced in early drafts marginalia notes and correspondence Crews organizes the references into chapters devoted to McCarthy's published works the unpublished screenplay *Whales and Men* and McCarthy's correspondence This updated edition now examines McCarthy's final publications the novel *The Passenger* and its play like coda *Stella Maris* For each work Crews identifies authors artists or other cultural figures that McCarthy referenced gives the source of the reference in McCarthy's papers provides context for the reference as it appears in the archives and explains the significance of the reference to the novel or play that McCarthy was working on This groundbreaking exploration of McCarthy's literary influences vastly expands our understanding of how one of America's foremost authors engaged with the ideas images metaphors and language of other thinkers and made them his own Cormac McCarthy and Performance Stacey Peebles, 2017-06-06 Drawing on Cormac McCarthy's recently opened archive as well as interviews with several of his collaborators this book presents the first comprehensive overview of McCarthy's writing for film and theater as well as film adaptations of his novels
