The Development of Corporate Design David Preston, 2025-10-16 Chronicling the emergence of brand consultancy this book explores how the development and proliferation of brand identity systems transformed the working methods and ideals of practicing graphic designers working in post war Britain Practitioners in Britain were at the forefront of efforts to transform corporate identity design into a recognised practice with its own codified methods Focussing particularly on the British experience the book also draws on the influences and developments in this formative era in other countries including the US and Germany During this period designers were struggling with two conflicting paradigms the socially motivated free

spirited artist designer and the design entrepreneur as corporate agent David Preston uses three key design agencies as the springboard to explore this foundational period in the history of graphic design labour practices the practical rationality of Hans Schleger Associates the systematic methods of Henrion Design Associates and the Design Research Unit and their design manual as an instrument of control These design agencies created some of the most striking and successful brand identities of the era the KLM logo the British Rail double arrow the John Lewis branding of the 1960s Glenfiddich's iconic triangular bottle the Post Office's house style the National Theatre logo and many more The case studies look at the power at play how branding became systematic the struggle between motives and standards and draws on first hand interviews with key actors and archival material A valuable contribution to our understanding of British post war graphic design and the history of branding

Creating a Brand Identity: A Guide for Designers Catharine Slade-Brooking, 2016-01-18 Creating a brand identity is a fascinating and complex challenge for the graphic designer It requires practical design skills and creative drive as well as an understanding of marketing and consumer behaviour This practical handbook is a comprehensive introduction to this multifaceted process Exercises and examples highlight the key activities undertaken by designers to create a successful brand identity including defining the audience analyzing competitors creating mood boards naming brands designing logos presenting to clients rebranding and launching the new identity Case studies throughout the book are illustrated with brand identities from around the world including a diverse range of industries digital media fashion advertising product design packaging retail and more

Building Better Brands Scott Lerman, 2018-05-29 Building Better Brands is the essential guide to creating and evolving brands Leveraging three decades of brand consulting for legendary companies like Caterpillar Harley Davidson 3M Owens Illinois National Australia Bank and American Express as well as middle market and new media startups Scott Lerman shares the processes and frameworks needed to build great brands This book is for you if you're a CEO seeking to enhance your knowledge of the branding process a marketing communications specialist who wants to take a leadership role in advancing an organization's brand a brand consultant who is striving to sharpen and extend your skills or a student who wants to jump start a career in branding Whatever its starting point market leader or struggling competitor any organization that follows this step by step guide will end up with a better brand
