Corporate Power Driven By Greed Corporate Power Driven By Greed:

Corporate Power Driven by Greed Jessie I. Luke, 2002 The objective of this book is to explore different perspectives on how undesirable work climates continue to exist in many places and to help inspire organizations in developing workable solutions by building the kind of environment many people want and desire to work for in both the betterment of their company and their own personal accomplishment

Hollingsworth Gallery 2009 Inaugural Annual Catalogue of Exhibitions Gena Brodie Robbins,

Globalization from the Bottom Up A. Coskun Samli, 2008-12-05 The net profit of Exxon for the year 2005 was reported to be almost 8 billion which reflected about 40 percent growth in its profit picture within a year. As profit pictures of fuel, arms, medical services and financial services industries among others reach unbelievable levels by definition most consumers get poorer because they have less money left for other essentials for their lives such as food, education, medical needs and housing. Adding insult to injury of the 100 largest budgets in the world 52 belong to private corporations. Needless to say such accumulation of economic power and such mind boggling profit pictures do not encourage any movement on the part of these powerhouse companies to reach out and do something about the troubled world within which they have amassed such economic and indeed in reality political power. This is a questionable view of the world. I have to get more power before others do it and I get it at the expense of others. This is what this author coins the GREED FACTOR. As has been said power corrupts and absolute power corrupts absolutely. The greed factor unfortunately is at the threshold of solute power that corrupts absolutely. Unchecked and unguided continuity of this orientation is bound to bring disaster to this very fragile planet called the earth. We must establish a point of view that if the world we live in does better there will be more for everyone. In other words everyone will be better off economically.

The Holy Spirit VS. Man's Animal Kingdom Paul Cronin, 2022-03-31 In this book I attempt to reconcile events in the Bible to factual science discoveries such as archaeological and DNA discoveries. I explain what I believe was Moses's true motivation for marching the slaves into Canaan and his embedded messages in his writings. Applying this theory I now believe and explain why creating a god and religion was man's early way of governing and controlling people, placing priests as the gatekeepers to heaven and giving them power over the masses. I explain how I believe that Moses's writings sowed the seeds of racism, tribalism, sexism and homophobia. The ripple effects through time perpetuated by the priests and clerics have created a divided, dysfunctional and unholy society in the USA and abroad. Materialism and greed are the gods of today. Our society is and has always been man's animal kingdom that has murdered Jesus, disconnecting us with the Holy Spirit and derailing our spiritual evolution.

Sexuality and Identity Leslie J. Moran, 2017-11-30 Born in the late nineteenth century sexuality is a relatively new category within the human sciences in general and law and society scholarship in particular Despite its novelty it is now a central category through which we understand ourselves both as individuals and as members of communities This volume offers a collection of essays selected to reflect the ever widening horizons and diverse methodologies of law and society

scholarship on sexual and identity in law The essays offer an insight into some of the key themes and recent developments in this body of work Each in different ways offers an evaluation of the nature meaning and effects of sexuality thereby providing a critical evaluation of the politics of sexual identity as it appears in and through the law The Articles of Alf William John Hatten,2018-01-06 This book brings to print a collection of past ignored feedback social topics issues that had appeared in news media outlets at the time That feedback response from the author also brought new information to those unresolved issues that continuously plague every Nation every generation They do require patient study as they are written from a spiritual understanding of the subject matter Because the present information coming out Education all Communication Mediums is incomplete It only contains the physical sourced facts in its content and not the spiritual sourced facts that underwrite all physical facts including life Until mankind finds a solution to address that shortcoming in our existing acquired knowledge we will not solve the social issues contained in this book Along with many other unresolved world problems that unknowingly mankind has also created into perpetuity A growing chaos that is also preventing mankind from creating a Unified World of Nations A Crossroads of Information in the title of this book is to indicate that the Articles contained in it are written from a spiritual understanding of their subject matter Not just a physical understanding of the subject matter Because physical and spiritual are two sides of the same coin of life One visible and known and one invisible and unknown Until the physical path of knowledge merges with the spiritual path of knowledge in our education systems then life knowledge and education is incomplete in its understanding Therefore so are we as human beings
