David Huckvale

Cosima Wagners Diaries Two Volume Set 1869 1877 And 1878 1883:

Wagner and the Creation of the Ring Michael Downes, 2025-07-01 Part cultural history part biography this is the fascinating story of Richard Wagner's life influences gift for storytelling and artistic revolution culminating in the dramatic journey to write The Ring Cycle The Ring Cycle is one of the most epic and compelling operas of the nineteenth century created by a composer who was alongside Dickens Tolstoy and Victor Hugo also one of the century's master storytellers But the story of how Richard Wagner created the work is one full of intrigue and triumphs against unlikely odds as well as controversy due to the composer's anti-semitic views and popularity with the Nazi party In *Wagner and the Creation of the Ring* Michael Downes combines cultural history and biography to recount the colorful fascinating and insightful journey behind the creation of The Ring and its mythology He tells the story of how and why this extraordinary masterpiece came into being why it takes the form it does why it fascinates and obsesses so many and horrifies others and why it still matters today

Opera and the Morbidity of Music Joseph Kerman, 2008-04-08 The death of classical music the distinguished critic and musicologist Joseph Kerman declares is a tired vacuous concept that will not die In this wide ranging collection of essays and reviews Kerman examines the ongoing vitality of the classical music tradition from the days of Guillaume Dufay John Taverner and William Byrd to contemporary operas by Philip Glass and John Adams Here are enlightening investigations of the lives and works of the greatest composers Bach and his Well Tempered Clavier Mozart's and Beethoven's piano concertos Schubert's songs Wagner's and Verdi's operas Kerman discusses The Magic Flute as well as productions of the Monteverdi operas in Brooklyn and the Ring in San Francisco and Bayreuth He also includes remembrances of Maria Callas and Carlos Kleiber that make clear why they were such extraordinary musicians Kerman argues that predictions let alone assumptions of the death of classical music are not a new development but part of a cultural transformation that has long been with us Always alert to the significance of historical changes from the invention of music notation to the advent of recording he proposes that the place to look for renewal of the classical music tradition in America today is in opera in a flood of new works the rediscovery of long forgotten ones and innovative productions by companies large and small Written for a general audience rather than for experts Kerman's essays invite readers to listen afresh and to engage with his insights into how music works His gift is so uncommon as to make one sad Alex Ross has said

[Key Cultural Texts in Translation](#) Kirsten Malmkjær, Adriana Șerban, Fransiska Louwagie, 2018-05-15 In the context of increased movement across borders this book examines how key cultural texts and concepts are transferred between nations and languages as well as across different media The texts examined in this book are considered fundamental to their source culture and can also take on a particular relevance to other target cultures The chapters investigate cultural transfers and differences realised through translation and reflect critically upon the implications of these with regard to matters of cultural identity The book offers an important contribution to cultural approaches in translation studies with ramifications across different disciplines including literary

studies history philosophy and gender studies The chapters offer a range of cultural and methodological frameworks and are written by scholars from a variety of language and cultural backgrounds Western and Eastern

Visconti and the German Dream David Huckvale, 2014-01-10 Luchino Visconti's trilogy of films *Ludwig* *Death in Venice* and *The Damned* explore the complex relationship between the themes and ideals of German Romanticism and their impact on the catastrophe of the Third Reich The personality and works of Richard Wagner to a large extent epitomize German Romanticism as a whole while the writings of Thomas Mann and Friedrich Nietzsche provide the greatest critique of this dark and troubled but sublime and emotionally overwhelming culture Along with contrasting approaches to this subject by other filmmakers such as Hans Jürgen Syberberg Ken Russell and Tony Palmer this book explores how the preoccupations of the German Romantic movement led to Nazism and contrasts the ways in which filmmakers have presented this continuum The book also discusses the impact of Wagner's musical dramas on the art form of the cinema itself

[The Cambridge Companion to Mozart](#) Simon P. Keefe, 2003-05-22 The Cambridge Companion to Mozart paints a rounded yet focussed picture of one of the most revered artists of all time Bringing the most recent scholarship into the public arena this volume bridges the gap between scholarly and popular images of the composer enhancing the readers appreciation of Mozart and his extraordinary output regardless of their prior knowledge of the music Part I situates Mozart in the context of late eighteenth century musical environments and aesthetic trends that played a pivotal role in his artistic development and examines his methods of composition Part II surveys Mozart's works in all of the genres in which he excelled and Part III looks at the reception of the composer and his music since his death Part IV offers insight into Mozart's career as a performer as well as theoretical and practical perspectives on historically informed performances of his music

Cosima Wagner Graf Richard Maria Ferdinand Du Moulin-Eckart, 1981-06-21

Agamemnon in Performance 458 BC to AD 2004 Fiona Macintosh, Pantelis Michelakis, Edith Hall, Oliver Taplin, 2005-12-08 Aeschylus *Agamemnon* the first play in the *Oresteia* trilogy is one of the most influential theatrical texts in the global canon In performance translation adaptation along with sung and danced interpretations it has been familiar in the Greek world and the Roman empire and from the Renaissance to the contemporary stage It has been central to the aesthetic and intellectual avant garde as well as to radical politics of all complexions and to feminist thinking Contributors to this interdisciplinary collection of eighteen essays on its performance history include classical scholars theatre historians and experts in English and comparative literature All Greek and Latin has been translated the book is generously illustrated and supplemented with the useful research aid of a chronological appendix of performances

Sudden Death in Opera Michael Trimble, Robert Ignatius Letellier, Dale Hesdorffer, 2021-09-28 An aspect of dying in opera rarely observed or commented on is Sudden Unexpected Death There are many deaths in this melodramatic genre most follow expected causes like murder suicide or old age This book explores those deaths which occur without obvious natural causes These are often central to the overall drama of the opera representing denouements forming the

epiphany of the story and the apotheosis for the audience The book identifies 50 operas where such events occur exploring the role of the *dramatis personae* the circumstances of their dying and specific themes that emerge These include a preponderance of females especially in the 19th century who die mainly at the end of the operas often in the context of tragedy It charts the growing awareness in the medical sciences of the unconscious forces driving human behaviour including liminal mental states and trances which influenced these operas and continue to affect human behaviour to the present day In addition the changing philosophies that are intertwined with operatic narratives in particular stemming from Kant Hegel Schopenhauer and Nietzsche are important in the book's exegesis as is the special role of Wagner's compositions This leads to the exploration of recurrent concepts such as the *Liebestod* the *ewig Weibliche* and redemption itself

Nietzsche, Wagner, Europe Martine Prange, 2013-08-29 Friedrich Nietzsche 1844 1900 supported the unification of Europe and reflected on this like few other philosophers before or after him Many of his works are concerned with the present state and future of European culture and humanity Resisting the nationalist nonsense and politics of dissolution of his day he advocated the birth of good Europeans i.e. supra national individuals and the amalgamation of nations Nietzsche Wagner Europe analyzes the development of Friedrich Nietzsche's ideal of European culture based on his musical aesthetics It does so against the background of contemporary searches for a wider cultural meaning beyond Europe's economic political union The book claims that Nietzsche always propagated the aestheticization of Europe but that his view on how to achieve this changed as a result of his dramatically altering philosophy of music The main focus is on Nietzsche's passion for and later aversion to Wagner's music and in direct connection with this his surprising embrace of Italian operas as new forms of Dionysian music and of Goethe as a model of Good Europeanism **Richard Wagner's Concepts of History** Alan Roy Anbari, 2007
