Performance ,2012-06-03 *Management Culture and Corporate Social Responsibility* Pranas Žukauskas,Jolita

Vveinhardt,Regina Andriukaitienė,2018-04-18 This monograph focuses on the level of management culture development in organizations attempting to disclose it not only with the help of theoretical insights but also by the approach based on employees and managers Why was the term management culture that is rarely found in literature selected for the analysis We are quite often faced with problems of terminology Especially it often happens in the translation from one language to another While preparing this monograph the authors had a number of questions on how to decouple the management culture from organization s culture and from organizational culture how to separate management culture from managerial culture etc However having analysed a variety of scientific research it appeared that there is no need to break down the mentioned cultures because they still overlap Therefore it is impossible to completely separate the management culture from the formal or informal part of organizational culture Management culture inevitably exists in every organization only its level of development may vary *Handbook of International Human Resource Development* Thomas Garavan,Alma McCarthy,Ronan Carbery,2017-10-27 This Handbook draws on a global team of distinguished Human Resource Development and IHRD scholars to provide research and practice insights on a range of contemporary IHRD issues and challenges The Handbook reviews a number of critical contextual dimensions that shape the IHRD goals that organisations pursue impact the IHRD systems policies and practices that are implemented and influence the types of IHRD research questions that are investigated The Handbook examines the processes or actions taken by organisations to globalise IHRD practices and discusses important people development practices that come within the scope of IHRD **General Education and the Development of**

Global Citizenship in Hong Kong, Taiwan and Mainland China Jun Xing,2013 General Education has taken center stage in the greater China area Hong Kong Taiwan and mainland China because of a number of important developments First globalization has created both opportunities and challenges for college students When they graduate and enter the real world they must have the cultural sensitivities and social skills in addition to their professional training to compete in a knowledge based global economy Equally significant for institutions of higher education pressing global problems challenge traditional disciplines and demand new forms of learning that reshapes the boundaries of knowledge In response to those rapidly changing dynamics general education has taken an increasingly important role in undergraduate education As the first English publication on the subject this anthology brings together a distinguished group of General Education scholars and teachers from Hong Kong Taiwan and mainland China *Global HRM Practices: Aligning Strategy, Structure, and Culture* Dr. Yamini Pandey,Dr. Jitendra Kumar Singh,Dr. Namrata Tripathi,2025-04-14 *Self-Management, Entrepreneurial*

Culture, and Economy 4.0 Agnieszka Rzepka,Zbigniew Olesiński,Elżbieta Jędrych,2021-11-01 This book offers practical

insight into the changing ways in which organizations operate today Building on a groundbreaking concept of teal organizations the book illustrates the practicality of advocating a lack of hierarchy of predetermined positions and the introduction of roles that come with clear responsibilities constantly defined according to current needs First described by Frederic Laloux a teal organization is a ground breaking approach to managing organizations that is being adopted around the world which turns everyone into a leader This new paradigm rests on the ideas of wholeness evolutionary purpose employee autonomy and self management based on peer relationships Its main assumption is the empowerment of the employee resulting in a change in workplace relationships and a more soulful and purposeful work environment Drawing on the authors research across six different countries it presents the evolution of self management and entrepreneurial culture in the current age of Economy 4.0 and examines how the teal concept has been implemented around the world It examines misconceptions surrounding this novel approach and diagnoses the practical problems connected with implementing it in the current uncertain times It will be of value to researchers academics managers and students in the fields of management and organizational studies *Global Development of Religious Tourism* Alaverdov, Emilia, Bari, Muhammad Waseem, 2020-10-30

Modern religious tourism is a main segment of the tourism business The main goal of religious tourism is aimed at developing human spirituality spiritual healing and culture where a person receives the experience of cooperation or involvement with the place in which he resides his people culture and religion This type of tourism is able to play a significant role in the overall goals of society and to promote the establishment of trusting relationships between people of all cultures and religions *Global Development of Religious Tourism* is a crucial reference book that contains research on the current religious situation as well as the tourism industry and provides insights on their joint development It is not possible to study any religious field without understanding the religion itself and its impact on any country's political and social system Therefore the work also examines the impact of religion and tourism on economic and social developments across the world Highlighting topics that include sanctuary cities religious tourism management and religious tourism in regions that span Europe Africa the Middle East and more this book is targeted to managers executives planners and other professionals in the tourism and hospitality industry government officials religious leaders and researchers academicians and students working in the fields of tourism management business management information and communication sciences administrative sciences and management education and social and political sciences **Sport Development in the United States** Peter

Smolianov, Dwight Zakus, Joseph Gallo, 2014-09-15 The development of both elite high performance sport and mass participation grassroots level sport are central concerns for governments and sports governing bodies This important new study is the first to closely examine the challenges and opportunities for sports development in the United States a global sporting giant with a unique market driven sporting landscape Presenting an innovative model of integrated sports development the book explores the inter relationship between elite and mass sport across history drawing on comparative

international examples from Australia to the former USSR and Eastern bloc countries At the heart of the book is an in depth empirical study of three traditional and emerging sports in the US tennis soccer and rugby that offer important lessons on the development of elite sport methods for increasing participation and the establishment of new sports in new markets No other book has attempted to model sports development in the United States in such depth before Therefore this should be essential reading for all students researchers administrators or policy makers with an interest in sports development sports management sports policy or comparative international sport studies

Impact of Culture on Management of Foreign SMEs in China Rubens Pauluzzo,Bin Shen,2018-03-24 This book describes how a deeper knowledge and understanding of cultural differences represents a meaningful and useful tool for management of companies and in particular SMEs in the People s Republic of China After introductory chapters on the internationalization of SMEs and the role played by management in this process the authors explore the implications of academic discourses on culture and its dimensions for company management The influence of Chinese cultural roots and the country s current cultural environment on management is then examined with provision of guidance on response to the identified challenges A key feature of the book is the presentation of important recent fieldwork in the main economic regions of China This research further clarifies how business culture and cultural differences impact on company activities in China and casts light on various aspects of the adaptive capability of SMEs within the country highlighting the value of cultural awareness and intelligence The book will be of interest to academics and practitioners alike
