Cambodias Curse The Modern History Of A Troubled Land:

Cambodia's Curse Joel Brinkley, 2011-04-12 A generation after the Khmer Rouge Cambodia shows every sign of having overcome its history the streets of Phnom Penh are paved skyscrapers dot the skyline But under this facade lies a country still haunted by its years of terror Joel Brinkley won a Pulitzer Prize for his reporting in Cambodia on the fall of the Khmer Rouge regime that killed one quarter of the nation's population during its years in power In 1992 the world came together to help pull the small nation out of the mire Cambodia became a United Nations protectorate the first and only time the UN tried something so ambitious What did the new democratically elected government do with this unprecedented gift In 2008 and 2009 Brinkley returned to Cambodia to find out He discovered a population in the grip of a venal government He learned that one third to one half of Cambodians who lived through the Khmer Rouge era have PTSD and its afflictions are being passed to the next generation His extensive close up reporting in *Cambodia's Curse* illuminates the country its people and the deep historical roots of its modern day behavior

Cambodia's Curse Joel Brinkley, 2011-08-03 A generation after Pol Pot's regime killed one quarter of the nation's population Cambodia shows every outward sign of having overcome its devastating history the streets of Phnom Penh are paved skyscrapers dot the skyline But behind this facade lies a country still haunted by its years of terror In 2008 and 2009 Joel Brinkley who won a Pulitzer Prize for his reporting on the fall of the Khmer Rouge returned to Cambodia He discovered a population in the grip of a venal government He learned that between one third and one half of Cambodians who lived through the Khmer Rouge era suffer from post traumatic stress disorder and that its afflictions are being passed to the next generation His extensive close up reporting in *Cambodia's Curse* illuminates the country its people and the deep historical roots of its modern day behaviour This is a devastating and important look at Cambodia today

How Cambodia Survived the Killing Fields Michael Haas, 2025-09-04 Weaving a critique of major power intervention into political history this book provides a comprehensive overview of Cambodia from 1953 to the present Since gaining its independence in 1953 Cambodia has been treated as a pawn by more powerful countries China Vietnam the United Nations and especially the United States have played a role in shaping Cambodia's history from propping up the Khmer Rouge regime to restricting its economic opportunities Michael Haas has been deeply and personally involved in many aspects of the recent history of the country and his research uncovers details of 20th century US realpolitik such as Lyndon Johnson's indiscriminate bombing of Cambodia during the Vietnam War US funding of the Khmer Rouge in the 1980s and the United States surrender of economic control to China since the 1990s In an era of increasing great power competition in Southeast Asia Cambodia is a case study long overdue for reassessment

Emerging Faith Paul H. De Neui, 2020-01-05 Mistakes are inevitable but repeating them isn't In non-Western contexts Christianity has often been viewed as the religion of foreigners with a hidden political agenda Sharing the gospel in non-imperialistic ways can be challenging particularly in Asia Every location to which God calls his messengers has its own rich history that should be shared with gospel workers and

local people Those desiring to serve interculturally must learn as much as possible about the past before joining that history Are we learning from the past or are we simply repeating the same mistakes in our own times and places No culture in the world is a blank slate rather we can look for the initiating inviting work of the missio Dei already emerging from within every surprising source This book showcases the writings of sixteen reflective practitioners who offer insights based on their study and experience of history These women and men come from a wide variety of cultural and theological backgrounds Their stories include An American who brought Protestant Buddhism to Sri Lanka A Norwegian Lutheran who started a Christian monastic community in Hong Kong A local scholar who led a faith movement in China that nearly overthrew the government A Thai villager who became an evangelist and a silent film star Highlighting key people and places Emerging Faith surveys several Christian movements found in the mission history of Asia If you wish to challenge your thinking and respond to God's invitation to participate in the global context look here for encouragement and guidance

Political Handbook of the World 2024-2025 Tom Lansford, 2025-04-15 The Political Handbook of the World 2024 2025 is the most authoritative and comprehensive reference guide available for understanding the political landscape of every nation and territory across the globe This updated edition features more than 200 entries offering detailed coverage of governmental structures political parties and current leadership Known for its unmatched depth the volume provides in depth analysis of both major and minor political parties and movements and delivers timely insights into recent controversies political crises and key events from the past two years This edition also includes up to date listings of ambassadors international organization memberships and expanded profiles of over 30 intergovernmental organizations and UN agencies Trusted by researchers analysts journalists and students this resource continues to deliver essential reliable political data and analysis

Framing Asian Studies Albert Tzeng, 2018-05-24 This book explores the interconnection between geopolitical context and the ways this context frames our knowledge about Asia highlighting previously neglected cause effect relations It also examines how various knowledge institutions promote and shape Asian Studies The authors seek to explain why Asian Studies and its subfields developed in the way they did and what the implications of these transformations might be on intellectual and political understandings of Asia The book not only builds on the current debates on the decolonization and de imperialization of knowledge about Asia it also proposes a more multifaceted view rather than just examining the impact of the West on the framing of Asian Studies

Overcoming Obstacles to Peace James Dobbins, Laurel E. Miller, 2013 This volume analyzes the impediments that local conditions pose to successful outcomes of nation building interventions in conflict affected areas Previous RAND studies of nation building focused on external interveners activities This volume shifts the focus to internal circumstances first identifying the conditions that gave rise to conflicts or threatened to perpetuate them and then determining how external and local actors were able to modify or work around them to promote enduring peace It examines in depth six varied societies Cambodia El Salvador Bosnia and Herzegovina East Timor Sierra Leone and the Democratic

Republic of the Congo It then analyzes a larger set of 20 major post Cold War nation building interventions The authors assess the risk of renewed conflict at the onset of the interventions and subsequent progress along five dimensions security democratization government effectiveness economic growth and human development They find that transformation of many of the specific conditions that gave rise to or fueled conflict often is not feasible in the time frame of nation building operations but that such transformation has not proven essential to achieving the primary goal of nation building establishing peace Most interventions in the past 25 years have led to enduring peace as well as some degree of improvement in the other dimensions assessed The findings suggest the importance of setting realistic expectations neither expecting nation building operations to quickly lift countries out of poverty and create liberal democracies nor being swayed by a negative stereotype of nation building that does not recognize its signal achievements in the great majority of cases Page 4 of cover Hun Sen's Cambodia Sebastian Strangio,2014-11-28 To many in the West the name Cambodia still conjures up indelible images of destruction and death the legacy of the brutal Khmer Rouge regime and the terror it inflicted in its attempt to create a communist utopia in the 1970s Sebastian Strangio a journalist based in the capital city of Phnom Penh now offers an eye opening appraisal of modern day Cambodia in the years following its emergence from bitter conflict and bloody upheaval In the early 1990s Cambodia became the focus of the UN s first great post Cold War nation building project with billions in international aid rolling in to support the fledgling democracy But since the UN supervised elections in 1993 the nation has slipped steadily backward into neo authoritarian rule under Prime Minister Hun Sen Behind a mirage of democracy ordinary people have few rights and corruption infuses virtually every facet of everyday life In this lively and compelling study the first of its kind Strangio explores the present state of Cambodian society under Hun Sen s leadership painting a vivid portrait of a nation struggling to reconcile the promise of peace and democracy with a violent and tumultuous past Cambodian Genocide Paul R. Bartrop,2022-02-04 This important reference work offers students a comprehensive overview of the Cambodian Genocide with more than 90 in depth articles by leading scholars on an array of topics and themes supplemented by key primary source documents Providing an indispensable resource for students and policy makers investigating the Cambodian catastrophes of the 1960s 1970s and 1980s together with international crisis management in the modern world Cambodian Genocide provides a comprehensive survey of the leaders ideas movements and events pertaining to one of the worst genocidal explosions of the post World War II period This book includes a series of essays examining various aspects of the Cambodian Genocide A Z entries dealing with leaders ideals movements and events a collection of primary documents a chronology and a comprehensive bibliography It will be of interest to students undertaking the study of genocide in the modern world research libraries and anyone with an interest in modern wars international crisis management and peacekeeping peacemaking **Political Handbook of the World 2018-2019** Tom Lansford,2019-03-19 The Political Handbook of the World provides timely thorough and accurate political information with more in depth coverage of current

political controversies than any other reference guide The updated 2018 2019 edition will continue to be the most authoritative source for finding complete facts and analysis on each country s governmental and political makeup Compiling in one place more than 200 entries on countries and territories throughout the world this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system It also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and UN agencies This comprehensive update will include coverage of current events issues crises and controversies from the course of the last two years including Elections across Europe Referendum in Ireland Rohingya genocide in Myanmar The Venezuelan dictatorship The renaming of Swaziland to eSwatini Qatar diplomacy changes Historic meeting between the United States and North Korea Establishment of a new governing coalition in Liberia
