Christ And Empire From Paul To Postcolonial Times:

Christ & Empire Joerg Rieger, 2007 A bold historical analysis of how the Christ figure has been co-opted **Christ and Empire** Joerg Rieger, 2007 **Dictionary of Paul and His Letters** InterVarsity Press, 2023-04-11 In this thoroughly revised and updated edition of a classic reference work topics like Christology justification and hermeneutics receive careful treatment by trusted specialists New topics like politics patronage and different cultural perspectives expand the volume's breadth and usefulness for scholars pastors and students today **T&T Clark Handbook of the Doctrine of Creation**, 2024-03-07 The T how the doctrine of creation informs and is informed by various dogmatic commitments and how the doctrine of creation relates to a range of human concerns and activities The Handbook represents a celebration of fascination with bewilderment at lament about and hope for all that is and serves as a scholarly innovative and constructive reference for those interested in attending to what Christian belief has to contribute to thinking about and living with the mysterious existence named creation *Between Babel and Beast* Peter J. Leithart, 2012-07-06 The United States is one of history's great Christian nations but our unique history success and global impact have seduced us into believing we are something more God's New Israel the new order of the ages the last best hope of mankind a redeemer nation Using the subtle categories that arise from biblical narrative *Between Babel and Beast* analyzes how the heresy of Americanism inspired America's rise to hegemony while blinding American Christians to our failures and abuses of power The book demonstrates that the church best serves the genuine good of the United States by training witnesses martyr citizens of God's Abrahamic empire **From Historical to Critical Post-Colonial Theology** Robert S Heaney, 2016-05-26 What is post colonial theology How does it relate to theology that emerged in historically colonial situations These are two questions that get to the heart of Robert S Heaney's work as he considers the extent to which theologians predating the emergence of post colonial theology might be considered as precursors to this theological movement Heaney argues that the work of innovative theologians John S Mbiti and Jesse N K Mugambi important in their own right must now also be considered in relation to the continued emergence of post colonial theology When this is done fresh perspectives on both the nature of post colonial theology and contextual theology emerge Through a sympathetic and critical reading of Mbiti and Mugambi Heaney offers a series of constructive moves that counter the ongoing temptation toward acontextualism that continues to haunt theology both in the North and in the South **Essays from the Margins** Luis N. Rivera-Pagán, 2014-11-18 These essays emerge from different crucial and complex conflicts from the memory of a bishop Bartolome de las Casas urging the pope of his time to cleanse the church of complicity with violence oppression and slavery from the lament and defiance of so many Middle Eastern women victims of male domination and too many wars from the voices bursting out from the colonial margins that dare to question and transgress the norms and laws imposed by colonizers and conquerors from the emerging and diverse theological disruptions of traditional orthodoxies and rigid dogmatisms from the denial of human rights to immigrant

communities living in the shadows of opulent societies from the use of the sacred Hebrew Scriptures to displace and dispossess the indigenous peoples of Palestine The essays belong to different intellectual genres and conceptual crossroads and are thus illustrative of the dialogic imagination that the Russian intellectual Mikhail Bakhtin considered basic to any serious intellectual enterprise They are also the literary sediment of years of sharing lectures dialogues and debates in several academic institutions in the United States Mexico Argentina Chile Costa Rica Malaysia Switzerland Germany and Palestine *Five Things Theologians Wish Biblical Scholars Knew* Hans Boersma, 2021-09-07 The relationship between theology and biblical studies is often marked by misunderstandings methodological differences and cross discipline tension With an irenic spirit as well as honesty about differences that remain theologian Hans Boersma highlights five things he wishes biblical scholars knew about theology so that these disciplines might once again serve the church hand in hand

The Nonviolent God J. Denny Weaver, 2013-11-26 This bold new statement on the nonviolence of God challenges long standing assumptions of divine violence in theology the violent God pictured in the Old Testament and the supposed violence of God in Revelation In *The Nonviolent God* J Denny Weaver argues that since God is revealed in Jesus the nonviolence of Jesus most truly reflects the character of God According to Weaver the way Christians live Christian ethics is an ongoing expression of theology Consequently he suggests positive images of the reign of God made visible in the narrative of Jesus nonviolent practice forgiveness and restorative justice issues of racism and sexism and more in order that Christians might live more peacefully World Christianity as Public Religion Raimundo C. Barreto, Ronaldo Cavalcante, Wanderley Pereira da Rosa, 2017-10-18 In a context of globalization socioeconomic disparity environmental concerns mass migration and multiplying political and social upheavals Christians from different parts of the world are forced to ask complex questions about poverty migration race gender sexuality and land related conflicts Scholars have gradually become aware that world Christianity has a public face voice and reason This volume stresses world Christianity as a form of public religion identifying areas for intercultural engagement It proposes a conversation that includes voices from South and North America Europe and Africa highlighting differences and commonalities as Christian scholars from different parts of the world address concerns related to world Christianity and public responsibility Divided into five sections each formed by two chapters this volume covers themes such as the reimagination of theology doctrine and ecumenical dialogue in the context of world Christianity Global South perspectives on pluralism and intercultural communication how epistemological shifts promoted by liberation theology and its dialogue with cultural critical studies have impacted discourses on religion ethics and politics conversations on gender and church from Brazilian and German perspectives and intercultural proposals for a migratory epistemology that recenters the experience of migration as a primary location for meaning
