Cuba In A Global Context International Relations Internationalism And Transnationalism Contemporary Cuba:

Cuba in a Global Context Catherine Krull, 2014-01-20 Cuba in a Global Context examines the unlikely prominence of the island nation's geopolitical role. The contributors to this volume explore the myriad ways in which Cuba has not only maintained but often increased its reach and influence in Latin America, Europe, Africa, and Asia. From the beginning, the Castro regime established a foreign policy that would legitimize the revolutionary government if not in the eyes of the United States at least in the eyes of other global actors. The essays in this volume shed new light on Cuban diplomacy with communist China as well as with Western governments such as Great Britain and Canada. In recent years, Cubans have improved their lives in the face of the ongoing U.S. embargo. The promotion of increased economic and political cooperation between Cuba and Venezuela served as a catalyst for the Petrocaribe group. Links established with countries in the Caribbean and Central America have increased tourism, medical diplomacy, and food sovereignty across the region. Cuban transnationalism has also succeeded in creating people-to-people contacts involving those who have remained on the island and members of the Cuban diaspora. While the specifics of Cuba's international relations are likely to change as new leaders take over, the role of Cubans working to assert their sovereignty has undoubtedly impacted every corner of the globe.

Cuba in the Multipolar World Order Ernesto Domínguez López, Wolfgang Muno, Christian Pfeiffer, 2024-11-21 This book explores Cuba's fascinating political journey on the global stage, diving deeply into its complex political, economic, and ideological ties with major world powers and offering profound insights into the implications of these relationships. Through a comprehensive view of Cuba's changing geopolitical stance, the book reveals the nation's significant role in world politics. It examines Cuba's pursuit of self-determination and the challenges posed by increasing sanctions and evolving global dynamics in a multipolar world. While the United States remains a central figure, the book also highlights the diverse interests of other international players such as China, Russia, the European Union, and Venezuela in Cuba's political, economic, and ideological landscape and vice versa. By situating Cuba within the broader context of global politics, this book not only provides valuable insights into the Caribbean nation but also offers crucial implications for the entire Latin American region and the Global South. It presents a multifaceted exploration of Cuba's international relations, featuring perspectives from scholars across various geographical and ideological backgrounds, including Cuba, Germany, Scotland, Spain, the US, and Venezuela. The book's uniqueness lies in its dedication to accommodating a wide range of political views, emphasizing the importance of plurality and the diverse political and ideological contexts from which these perspectives arise. Ideal for students of history, international relations, political science, and Latin American studies, as well as policymakers and those intrigued by the intricacies of global politics, this book offers a comprehensive and indispensable resource. [Sustainable Urban Agriculture in Cuba](#) Sinan Koont, 2016-12-07 Pushed by necessity but enabled by its existing social and educational policies, Cuba in the 1990s launched the most extensive program of urban sustainable agriculture in the world. This study is to

date the only book length investigation in either English or Spanish of this important national experiment in transforming the environmental economic and social nature of today s dominant system of producing food Al Campbell University of Utah As large scale industrial agriculture comes under increasing scrutiny because of its petroleum and petrochemical based input costs and environmentally objectionable consequences increasing attention has been focused on sustainable local and agro ecological techniques in food production Cuba was forced by historical circumstances to be one of the pioneers in the massive application of these techniques After the demise of the Soviet Union in the early 1990s Cuba was left without access to external support needed to carry on with industrial agriculture The economic crisis led the country to reconsider their former models of resource management Cuba retooled its agricultural programs to focus on urban agriculture sustainable ecologically sound farming close to densely populated areas Food now takes far less time to get to the people who are now better nourished because they have easier access to whole foods Moreover urban farming has become a source of national pride Cuba has one of the best urban agriculture programs in the world with a thousand fold increase in urban agricultural output since 1994 Sinan Koont has spent the last several years researching urban agriculture in Cuba including field work at many sustainable farms on the island He tells the story of why and how Cuba was able to turn to urban food production on a large scale with minimal use of chemicals petroleum and machinery and of the successes it achieved along with the continuing difficulties it still faces in reducing its need for food imports Sinan Koont is associate professor of economics at Dickinson College A volume in the series Contemporary Cuba edited by John M Kirk *Tourism and Cuba* Lauren Duffy, Carol Kline, 2020-05-07 Cuba has experienced many social economic and political changes since Raul Castro retained presidency of the island nation in 2008 This comprehensive volume examines how Cuba has restructured some of its core economic policies in order to tackle stagnation these include allowing for more legalized private enterprises reducing the number of State employed workers and fostering additional outside investments The authors explore the surge of entrepreneurial activity in tourism among Cuban residents due to these reforms whether that be offering new tourism products or expanding traditional ones Though the current diplomatic climate suggests continued uncertainty the ripple effect of a potentially thawing relationship between Cuba and the USA resulted in an unexpected surge of international tourists wishing to experience Cuba before it opened to the American travel market This book highlights the factors that are influencing and in some cases complicating tourism planning and development in Cuba The authors explore a wide range of topics including tourism and land use policy competitiveness responsible practices gender and ethical advertising the role of tour guides emergence of casa particulares experiential learning and solidarity and authenticity through local art This book will interest students researchers politicians and investors with a focus on Cuba It was originally published as a special issue of the journal Tourism Planning Development **Healthcare without Borders** John M. Kirk, 2015-08-25 Cuba has more medical personnel serving abroad over 50 000 in 66 countries than all of the G 7 countries combined and more than the

World Health Organization For the last five decades they have been a leading force in the developing world providing humanitarian aid or cooperation as Cuba's communist government prefers and initiating programs for preventative care and medical training In *Healthcare without Borders* John Kirk examines the role of Cuban medical teams in disaster relief biotechnology joint ventures and in the Latin American School the largest medical faculty in the world He looks at their responses to various crises worldwide including the 1960 earthquake in Chile the Chernobyl disaster in the Ukraine the earthquake that wracked Haiti in 2010 and the subsequent cholera outbreak and the 2014 Ebola epidemic in West Africa Kirk issues an informative and enlightening corrective for what he describes as the tendency of the industrialized world's media to ignore or underreport this phenomenon as one of the positive aspects of the Cuban revolutionary process In the process Kirk explores the philosophical underpinnings of human rights and access to medical care at the core of Cuba's medical internationalism programs and partnerships

Constitutional Change in the Contemporary Socialist World Ngoc Son Bui, 2020-07-24 After the collapse of the Soviet bloc there are only five socialist or communist countries left in the world China Cuba Laos North Korea and Vietnam which constitute about one quarter of the world's population Yet there is little scholarship on their constitutions These countries have seen varying socioeconomic changes in the decades since 1991 which have led in turn to constitutional changes This book will investigate from a comparative and interdisciplinary perspective how and why the constitutional systems in these five countries have changed in the last three decades The book then breaks the constitutional changes down into four questions what are the substantive contents of constitutional change what are the functions what are the mechanisms and what are the driving forces These questions form a framework to process the changes the five countries have gone through such as making new constitutions amending current ones introducing more rights allowing citizens to engage in changes enacting legislation and defining the constitutional authority of the three state branches and their relationship with the Communist Party While all five countries have adapted their constitutional systems the degree mechanisms and influential factors are not identical and present considerable variations This book examines and explores these differences and how they developed *Constitutional Change in the Contemporary Socialist World* offers a comprehensive and holistic view of an understudied and overlooked area of constitutional law essential for anyone studying or working in law politics or policy
