Hedges,2008-01-08 From the celebrated author of War Is a Force That Gives Us Meaning comes a startling expos of the political ambitions of the Christian Right a clarion call for everyone who cares about freedom **Parental Alienation**

Theory: Official Synopsis Parental Alienation Study Group, Inc.,2025-08-11 Family law is fraught with conflict and few issues spark more debate among mental health and legal professionals than parental alienation When a child aligns strongly with one parent while rejecting the other often due to indoctrination rather than legitimate reasons the consequences can be devastating for families Yet professionals remain deeply divided on how to define diagnose and address this issue creating further polarization in both policy and practice Parental Alienation Theory Official Synopsis is a bold step toward consensus This synopsis provides an antidote to this issue by offering a concise comprehensive summary of current information about PA grounded in the impressive accumulation of evidence from social science about this complex area of family law It counters information on PA from sources that lack rigorous social science methodology and or propagate advocacy positions without an evidence base This concise text brings together a group of experts who have developed a shared framework on definitions terminology diagnosis prevention and intervention Designed as a foundation for ongoing dialogue this work invites contributions from researchers practitioners and policymakers to refine and expand upon its principles in future editions By fostering collaboration and standardizing approaches this book seeks to bridge professional divides and offer families a clearer path to resolution Weaponized Words Kurt Braddock,2020-04-16 Discover theories of persuasion that show how terrorist messages promote radicalization and how counter messages fight terrorist propaganda *The Emergence and Revival of Charismatic Movements* Caitlin Andrews-Lee,2021-07-29 Andrews Lee offers a novel explanation for the persistence of charismatic movements and highlights the resulting challenges for democracy **Varieties of Psychological Inquiry - Volume 1** Anab Whitehouse,2018-11-06 Varieties of Psychological Inquiry Volumes 1 and 2 consists of twenty five essays distributed across two volumes that venture into various facets of psychology ranging from Freud Jung and Sullivan to Piaget Sheldrake and beyond Among the topics explored are Anxiety dissociation abuse charisma developmental psychology the God gene SSRIs memory chronobiology neurobiology consciousness and holographic theories of mind While no particular theory of psychology is espoused during the pages of this two volume work a variety of theoretical and empirical issues are critically explored and reflected upon in considerable detail In a sense the direction in which the essays in these two books point is toward epistemological horizons where what is known possibly seeks to merge with what is not yet known

Beyond Democracy Anab Whitehouse,2018-11-05 The Occupy Movement took many people by surprise with both its scope as well as with the manner in which it resonated with the deep sense of discontentment that appears to be felt by many people in the United States concerning the economic legal and political character of American life This book is intended to help bring a sharper focus to the concerns that are inherent in the dissatisfaction people feel concerning the idea of politics as usual by offering a clear differentiation between the way of power i e politics as usual and the way of inalienable

sovereignty that gives expression to a very different notion of democracy one that is constructive not destructive
