Cultural Theory And Psychoanalytic Tradition:

Cultural Theory and Psychoanalytic Tradition David Fisher, 2018-02-06 The culture of psychoanalysis has many traditions and multiple schools of theory and thought This work presents informative and original investigations into three overlapping areas of psychoanalytic tradition the history of psychoanalysis psychoanalytic culture criticism and the application of psychoanalytic methods to the study of history In this carefully crafted evaluation of various authors and subjects Fisher's perceptions are informed by a deep and comprehensive knowledge of the psychoanalytic movement its interaction with the wider context of European cultural and political history and its philosophical and clinical origins In examining the history of the movement Fisher attempts to discover the fundamental inspiration of psychoanalysis by returning to the origins of the discipline Freud is the central figure here but Fisher also looks to the second generation of European analysts including such maverick figures as Lacan and Spielrein and mainstream figures as Fenichel to gain insight into the multidimensional and creative personalities who were drawn to Freud and his ideas In his discussion of psychoanalytic culture criticism Fisher analyzes symbolic meanings and psychological themes from a variety of written works In an analysis of Freud's Civilization audits Discontents the author argues that the figure of Romain Rolland is pervasive throughout the text as symbol muse stimulus and adversary Reading analytic theory and applying it to personalities and situations from the past allowed historians to address issues of their own inner world and to develop breathtaking possibilities for understanding the past Brilliantly written and historical and critical in method *Cultural Theory and Psychoanalytic Tradition* offers valuable insights into significant themes and ambiguities in the diverse areas of psychoanalysis Intellectual historians and psychoanalysts will find reliable introductions and springboards for further study

Cultural Theory and Psychoanalytic Tradition David Fisher, 2017-10-02 The culture of psychoanalysis has many traditions and multiple schools of theory and thought This work presents informative and original investigations into three overlapping areas of psychoanalytic tradition the history of psychoanalysis psychoanalytic culture criticism and the application of psychoanalytic methods to the study of history In this carefully crafted evaluation of various authors and subjects Fisher's perceptions are informed by a deep and comprehensive knowledge of the psychoanalytic movement its interaction with the wider context of European cultural and political history and its philosophical and clinical origins In examining the history of the movement Fisher attempts to discover the fundamental inspiration of psychoanalysis by returning to the origins of the discipline Freud is the central figure here but Fisher also looks to the second generation of European analysts including such maverick figures as Lacan and Spielrein and mainstream figures as Fenichel to gain insight into the multidimensional and creative personalities who were drawn to Freud and his ideas In his discussion of psychoanalytic culture criticism Fisher analyzes symbolic meanings and psychological themes from a variety of written works In an analysis of Freud's Civilization audits Discontents the author argues that the figure of Romain Rolland is pervasive throughout the text as symbol muse stimulus and adversary

and adversary Reading analytic theory and applying it to personalities and situations from the past allowed historians to address issues of their own inner world and to develop breathtaking possibilities for understanding the past Brilliantly written and historical and critical in method Cultural Theory and Psychoanalytic Tradition offers valuable insights into significant themes and ambiguities in the diverse areas of psychoanalysis Intellectual historians and psychoanalysts will find reliable introductions and springboards for subsequent reflection and research

Cultural Theory and Psychoanalytic Tradition David James Fisher, 2009-01-01 The culture of psychoanalysis has many traditions and multiple schools of theory and thought This work presents informative and original investigations into three overlapping areas of psychoanalytic tradition the history of psychoanalysis psychoanalytic culture criticism and the application of psychoanalytic methods to the study of history In this carefully crafted evaluation of various authors and subjects Fisher s perceptions are informed by a deep and comprehensive knowledge of the psychoanalytic movement its interaction with the wider context of European cultural and political history and its philosophical and clinical origins In examining the history of the movement Fisher attempts to discover the fundamental inspiration of psychoanalysis by returning to the origins of the discipline Freud is the central figure here but Fisher also looks to the second generation of European analysts including such maverick figures as Lacan and Spielrein and mainstream figures as Fenichel to gain insight into the multidimensional and creative personalities who were drawn to Freud and his ideas In his discussion of psychoanalytic culture criticism Fisher analyzes symbolic meanings and psychological themes from a variety of written works In an analysis of Freud s Civilization and Its Discontents the author argues that the figure of Romain Rolland is pervasive throughout the text as symbol muse stimulus and adversary Reading analytic theory and applying it to personalities and situations from the past allowed historians to address issues of their own inner world and to develop breathtaking possibilities for understanding the past Brilliantly written and historical and critical in method Cultural Theory and Psychoanalytic Tradition offers valuable insights into significant themes and ambiguities in the diverse areas of psychoanalysis Intellectual historians and psychoanalysts will find reliable introductions and springboards for subsequent reflection and research David James Fisher is Clinical Instructor Department of Psychiatry UCLA School of Medicine Senior Faculty Member New Center for Psychoanalysis Los Angeles and Training and Supervising Analyst Institute of Contemporary Psychoanalysis He has published three books Bettelheim Living and Dying Romain Rolland and the Politics of Intellectual Engagement and this book He has published articles on the points of convergence of European cultural history and the history of psychoanalysis including essays on Lacan Foucault Sartre Camus Fenichel Spielrein and Bettelheim He is a former student of George L Mosse at the University of Wisconsin Madison and of Georges Haupt of the Sixieme Section of the Ecole Pratique des Hautes Etudes in Paris France

Bettelheim David James Fisher, 2008 Wallerstein M D Emeritus Professor and former Chair Department of Psychiatry University of California San Francisco School of Medicine These sparkling personal essays on Bettelheim a pathbreaker of modern ego psychology who has been savagely

attacked and deprecated since his death seventeen years ago restore the man and his work in historical clinical and human context for the contemporary clinician and informed reader Fisher has done a splendid job of bringing this complex fascinating figure to life Peter J Loewenberg Ph D Professor of History and Political Psychology University of California at Los Angeles former Director of Education New Center for Psychoanalysis in Los Angeles David James Fisher has written a moving personal portrait of Bruno Bettelheim as thinker writer and friend Ferenczi's Influence on Contemporary Psychoanalytic Traditions Aleksandar Dimitrijević, Gabriele Cassullo, Jay Frankel, 2018-06-27 This collection covers all the topics relevant for understanding the importance of Sándor Ferenczi and his influence on contemporary psychoanalysis Pre eminent Ferenczi scholars were solicited to contribute succinct reviews of their fields of expertise The book is divided in five sections The historico biographical describes Ferenczi's childhood and student days his marriage brief analyses with Freud his correspondences and contributions to daily press in Budapest list of his patients true identities and a paper about his untimely death The development of Ferenczi's ideas reviews his ideas before his first encounter with psychoanalysis his relationship with peers friendship with Groddeck emancipation from Freud and review of the importance of his Clinical Diary The third section reviews Ferenczi's clinical concepts and work trauma unwelcome child wise baby identification with aggressor mutual analysis and many others In Echoes we follow traces of Ferenczi's influence on virtually all traditions in contemporary psychoanalysis interpersonal independent Kleinian Lacanian relational etc Sigmund Freud as a Consultant Edoardo Weiss, 2023-04-14 Sigmund Freud despite his own reservations about philosophy has by now earned a secure place as a philosopher For some Freud ranks high among modern philosophers of science while for others he stands as one of our great modern ethical teachers One of the great beauties of Edoardo Weiss Sigmund Freud as a Consultant is that here we mainly find Freud as a dedicated practicing clinician Not only did he regularly treat over half a dozen patients a day in Vienna but he also tried through his correspondence to keep in touch with the clinical activities of his disciples abroad Edoardo Weiss was one such disciple in whom Freud saw a central hope for the fate of psychoanalysis in Italy Freud took Weiss into his confidence and in his discussion of Weiss patients one can find some of his most characteristic clinical points of view including his moral biases both in favor of certain cases as well as against other types of human dilemmas In its concrete details the book has much to teach Weiss's narrative provides the circumstances surrounding the clinical cases for which he asked Freud's help Two of Weiss's relatives went for analysis with Freud in Vienna and they clearly did not hold back from Weiss what they had learned as well as what they considered the major limitations of Freud's approach It is also worth noting that this volume contains the only known letter we have in which Freud openly discusses his own analysis of his youngest child Anna Weiss who later left Italy and practiced for many years in Chicago is now honored as a pioneering figure in the history of the Italian reception of Freud's work Today the clinical practice of psychoanalysis and all things connected to it are flourishing there and the general ideology of contemporary Italy has been shaped and affected by the message Freud

had to offer Weiss account of his relationship with Freud as well as the clinical particularities documented here form a permanent addition to our understanding of the early years of psychoanalysis Alchemists of Human Nature Petteri Pietikainen, 2015-10-06 A study of Modernist utopias of the mind This book examines the psychodynamic writings of Otto Gross C G Jung Wilhelm Reich and Erich Fromm It argues utopianism became increasingly important to the fundamental ambitions of all four thinkers and places the utopian impulse with the historical context of the early twentieth century

Sigmund Freud Helen W. Puner, 2020-02-13 Freud's development of psychoanalysis is one of the great fault lines of twentieth century cultural history The field as such provides one of the great professional dramas of our time a classic struggle between a new vital idea and the ignorance prejudice and refusal that so often attend major breakthroughs and innovations Helen Puner's biography is far more than a professional appreciation It is the story of a complex by no means flawless individual whose personal characteristics helped sow the seeds of controversy as well as ultimately establish a new field Upon its initial appearance the Herald Tribune identified the book as the first authoritative and profoundly perceptive biography of the man who more than any other has shaped the thinking of the Western World It was summarized as a brilliant performance done without fear Puner did precisely what irritated Freud most probe the sources social no less than personal religious no less than scientific that made Freud such a towering figure Dorothy Canfield caught the spirit of this work when she noted that in this book we see Freud as we never saw him before as most of us never knew he was a rigidly virtuous deeply troubled upright dutiful Jewish son husband and father We see him tracing the significance of clues he hit upon in the practice of medicine and then fit these clues into the bewildering mastery of human behavior In his Foreword Erich Fromm indicates that Puner looks at Freud with genuine admiration but without idolatry She understands his own psychological problems and has a full appreciation of the pseudo religious nature of the movement which he created And the late Ernest Becker in *The Denial of Death* seconded this estimate by calling the Helen Walker Puner effort a brilliant critical biography This new edition contains a new introduction by Paul Roazen with this and the appreciation of the author by her husband Samuel Puner we can better locate the author of the book as well as the famous object of her analysis *Freud, Women and Society* John Oulton Wisdom, Contemporary Influences of C. G. Jung's Thought Andrew Kuzmicki, Ilona Błocian, 2018-11-26 The book is a volume of the collected works of sixteen different authors They reflect the contemporary meaning of C G Jung's theory on many fields of scientific activity and in a different cultural context Japanese South American and North American as well as European English Italian and Polish The authors consider a specific milieu of Jung's theory and his influence or possible dialogue with contemporary ideas and scientific activity A major task of the book will be to outline the contemporary direct or indirect usefulness and applicability of Jung's ideas at the beginning of the twenty first century while simultaneously making a critical review of this theory
