Asian America Huping Ling, 2009-04-29 The last half century witnessed a dramatic change in the geographic ethnographic and socioeconomic structure of Asian American communities While traditional enclaves were strengthened by waves of recent immigrants native born Asian Americans also created new urban and suburban areas Asian America is the first comprehensive look at post 1960s Asian American communities in the United States and Canada From Chinese Americans in Chicagoland to Vietnamese Americans in Orange County this multi disciplinary collection spans a wide comparative and

panoramic scope Contributors from an array of academic fields focus on global views of Asian American communities as well as on territorial and cultural boundaries Presenting groundbreaking perspectives Asian America revises worn assumptions and examines current challenges Asian American communities face in the twenty first century **Asian America** Pawan Dhingra, Robyn Magalit Rodriguez, 2014-03-10 Asian Americans are the fastest growing minority population in the country Moreover they provide a wonderful lens on the experiences of immigrants and minorities in the United States more generally both historically and today In this timely new text Pawan Dhingra and Robyn Magalit Rodriguez critically examine key sociological topics through the experiences of Asian Americans including social hierarchies of race gender and sexuality work education family culture identity media pan ethnicity social movements and politics With vivid examples and lucid discussion of a broad range of theories the authors demonstrate the contributions of the discipline of sociology to understanding Asian Americans and vice versa In addition this text takes students beyond the boundaries of the United States to cultivate a comparative and global understanding of the Asian experience as it has become increasingly transnational and diasporic Bridging sociology and the growing interdisciplinary field of Asian American studies and uniquely placing them in dialogue with one another this engaging text will be welcome in undergraduate and graduate sociology courses such as race and ethnic relations immigration and social stratification as well as on ethnic studies courses more broadly **Contemporary Asian America (third Edition)** Min Zhou, Anthony Christian Ocampo, 2016-04-19 The third edition of the foundational volume in Asian American studies Who are Asian Americans Moving beyond popular stereotypes of the model minority or forever foreigner most Americans know surprisingly little of the nation s fastest growing minority population Since the 1960s when different Asian immigrant groups came together under the Asian American umbrella they have tirelessly carved out their presence in the labor market education politics and pop culture Many times they have done so in the face of racism discrimination sexism homophobia and socioeconomic disadvantage Today contemporary Asian America has emerged as an incredibly diverse population with each segment of the community facing its unique challenges When Contemporary Asian America was first published in 2000 it exposed its readers to the formation and development of Asian American studies as an academic field of study from its inception as part of the ethnic consciousness movement of the 1960s to the systematic inquiry into more contemporary theoretical and practical issues facing Asian America at the century s end It was the first volume to integrate a broad range of interdisciplinary research and approaches from a social science perspective to assess the effects of immigration community development and socialization on Asian American communities This updated third edition discusses the impact of September 11 on Asian American identity and citizenship the continued influence of globalization on past and present waves of immigration and the intersection of race gender sexuality and class on the experiences of Asian immigrants and their children The volume also provides study questions and recommended supplementary readings and documentary films This critical text offers a broad overview of Asian American studies and the

current state of Asian America The Transnational Politics of Asian Americans Christian Collet, Pei-Te Lien, 2009-07-28
Asian Americans as a force for political change on both sides of the Pacific **Displacements and Diasporas** Wanni
Wibulswasdi Anderson, Robert G. Lee, 2005 Includes statistics **Learning to be Chinese American** Liang Du, 2010-09-23
Learning to Be Chinese American aims at exploring the complicated identity production process among Chinese immigrants
in the United States in relation to the rapidly changing global and local contexts Based on original ethnographic material
collected in an upper middle class Chinese American community the author argues for the need to move beyond the
framework of traditional nation state boundaries in order to examine the identity production process of contemporary
Chinese Americans In doing so we can better understand how this particular group in response to changing economic and
social conditions actively takes part in the production of their unique ethnic identities through local institutions such as
community based organizations and ethnic education This book expands the scope of existing literature on identity
production among immigrants of color in both empirical and methodological terms **Identity, Youth, and Gender in the
Korean American Church** Christine J. Hong, 2015-07-16 This book studies Korean American girls between thirteen and
nineteen and their formation with regard to self gender and God in the context of Korean American protestant congregational
life It develops a hybrid methodology of de colonial aims and indigenous research methods aiming to facilitate transformative
life in faith communities Koreans in North America Pyong Gap Min, 2012-12-08 This is the only anthology that covers
several different topics related to Koreans experiences in the U S and Canada The topics covered are Koreans immigration
and settlement patterns changes in Korean immigrants business patterns Korean immigrant churches social functions
differences between Korean immigrant intact families and geese families transnational ties second generation Koreans
identity issues and Korean international students gender issues This book focuses on Korean Americans twenty first century
experiences It provides basic statistics about Koreans immigration settlement and business patterns while it also provides
meaningful qualitative data on gender issues and ethnic identity The annotated bibliography on Korean Americans in Chapter
10 will serve as important guides for beginning researchers studying Korean Americans
