Cultural Entrenchment Hindutva Mediations Convergence:

Cultural Entrenchment of Hindutva Daniela Berti, Nicolas Jaoul, Pralay Kanungo, 2020-11-29 The book reflects on the discreet influence of Hindutva in situations places outside or at the margins of its organisational and mobilisational arena where people denying any commitment to the Sangh Parivar incidentally show affinities and parallelisms with its discourse and practice This study looks at Hindutva s entrenchment not so much as an orchestration from above but more as an outcome of a process that evolves in relation to specific social and cultural milieus The contributors analyse Hindutva s entrenchment emphasising on the ethnography of the forms of mediation and or convergence produced in certain contexts The 11 case studies highlight three different dynamics of Hindutva s cultural entrenchment The first section gathers cases where RSS affiliated organisations have set up specific cultural or artistic programmes at the regional level involving the meditation of local people whose interest in these programmes does not necessarily mean that they endorse the Hindutva agenda completely The next deals with convergence and refers to cases where the followers gather around a charismatic personality whose precepts and practice may bring them towards a closer affinity with the Hindutva programme The last section deals with the contexts of resistance where social milieus engaged in opposing Hindutva may in fact paradoxically and even inadvertently imbibe some of its ideas and practices in order to contest its claims Hinduism in the Modern

World Brian A. Hatcher, 2015-10-05 *Hinduism in the Modern World* presents a new and unprecedented attempt to survey the nature range and significance of modern and contemporary Hinduism in South Asia and the global diaspora Organized to reflect the direction of recent scholarly research this volume breaks with earlier texts on this subject by seeking to overcome a misleading dichotomy between an elite intellectualist modern Hinduism and the rest of what has so often been misleadingly termed traditional or popular Hinduism Without neglecting the significance of modern reformist visions of Hinduism this book reconceptualizes the meaning of modern Hinduism both by expanding its content and by situating its expression within a larger framework of history ethnography and contemporary critical theory This volume equips undergraduate readers with the tools necessary to appreciate the richness and diversity of Hinduism as it has developed during the past two centuries

Religion, Secularism, and Ethnicity in Contemporary Nepal David N. Gellner, Sondra L. Hausner, Chiara Letizia, 2020-01-01 The socio political landscape of Nepal has been rocked by dramatic and far reaching changes in the past thirty years Following a ten year Maoist revolution and civil war the country has transitioned from a monarchy to a republic The former Hindu kingdom has declared its commitment to secularism without coming to any agreement on what secularism means or should mean in the Nepalese context What happens to religion under conditions of such rapid social and political change How do the changes in public festivals reflect and or create new group identities Is the gap between the urban and the rural narrowing How is the state dealing with Nepal s multicultural and multi religious society How are Nepalis understanding resisting and adapting ideas of secularism In order to answer these important questions this volume brings

together eleven case studies by an international team of anthropologists and ethno Indologists of Nepal on such diverse topics as secularism individualism shamanism animal sacrifice the role of state functionaries in festivals clashes and synergies between Maoism and Buddhism and conversion to Christianity In an Afterword renowned political theorist Rajeev Bhargava presents a comparative analysis of Nepal s experiences and asks whether the country is finding its own solution to the conundrum of secularism

The Greater India Experiment Arkotong Longkumer, 2020-12-01 The assertion that even institutions often viewed as abhorrent should be dispassionately understood motivates Arkotong Longkumer s pathbreaking ethnography of the Sangh Parivar a family of organizations comprising the Hindu right The Greater India Experiment counters the urge to explain away their ideas and actions as inconsequential by demonstrating their efforts to influence local politics and culture in Northeast India Longkumer constructs a comprehensive understanding of Hindutva an idea central to the establishment of a Hindu nation state by focusing on the Sangh Parivar s engagement with indigenous peoples in a region that has long resisted the idea of India Contextualizing their activities as a

The Dancing God Amit Sarwal, 2019-11-01 The Dancing God Staging Hindu Dance in Australia charts the sensational and historic journey of de provincialising and popularising Hindu dance in Australia In the late nineteenth and early twentieth centuries colonialism orientalism and nationalism came together in various combinations to make traditional Hindu temple dance into a global art form The intricately symbolic Hindu dance in its vital form was virtually unseen and unknown in Australia until an Australian impresario Louise Lightfoot brought it onto the stage Her experimental changes which modernised Kathakali dance through her pioneering collaboration with Indian dancer Ananda Shivaram moved the Hindu dance from the sphere of ritualistic practice to formalised stage art Amit Sarwal argues that this movement enabled both the authentic Hindu dance and dancer to gain recognition worldwide and created in his persona a cultural guru and ambassador on the global stage Ideal for anyone with an interest in global dance The Dancing God is an in depth study of how a unique dance form evolved in the meeting of travellers and cultures
