 Mitchell Fraas, 2020-02-06 American and Muslim Worlds before 1900 challenges the prevailing assumption that when we talk
 about American and Muslim worlds we are talking about two conflicting entities that came into contact with each other in the
 20th century Instead this book shows there is a long and deep seam of history between the two which provides an important
 context for contemporary events and is also important in its own right Some of the earliest American Muslims were the
 African slaves working in the plantations of the Carolinas and Latin America Thomas Jefferson a slaveholder himself was
 frequently called an infidel and suspected of hidden Muslim sympathies by his opponents Whether it was the sale of
 American commodities in Central Asia Ottoman consuls in Washington orientalist themes in American fiction the uprisings of
 enslaved Muslims in Brazil or the travels of American missionaries in the Middle East there was no shortage of opportunities
 for Muslims and inhabitants of the Americas to meet interact and shape one another from an early period Sons of Saviors
 Rebekka Voß, 2023-07-04 Envisioned as a tribe of ruddy faced redheaded red bearded Jewish warriors bedecked in red attire
 who purportedly resided in isolation at the fringes of the known world the Red Jews are a legendary people who populated a
 shared Jewish Christian imagination But in fact the red variant of the Ten Lost Tribes of Israel is a singular invention of late
 medieval vernacular culture in Germany This idiosyncratic figure together with the peculiar term Red Jews existed solely in
 German and Yiddish the German Jewish vernacular These two language communities assessed the Red Jews differently and
 contested their significance which is to say they viewed them in different shades of red The voyage of the Red Jews through
 the Jewish and Christian imagination from their medieval Christian nascence through early modern Old Yiddish literature to
 modern Yiddish culture in Eastern Europe Palestine and America is the story of this book By studying this vernacular icon
 Rebekka Vo contributes to our understanding of the formation of minority awareness and the construction of Ashkenazic
 Jewish identity through visual cultural encounters She also spotlights the vitality of vernacular culture by demonstrating how
 the premodern motif of the Red Jews informed modern Yiddish literature and how the stereotype of Jewish red hair found its
 way into Jewish social critiques political thought and arts through the present day Sons of Saviors is a story about power the
 Yiddish reappropriation of the Red Jews subverted the Christian color symbolism by adjusting the focus on redness from a

negative stereotype into a proud badge of self assertion The book also includes in an appendix the full text of a significant Yiddish tale featuring the Red Jews **Islam Across Boundaries** Tarmizi Taher,2003 **Mediterranean Europe(s)** Matthew D'Auria,Fernanda Gallo,2022-09-26 This book investigates how ideas of and discourses about Europe have been affected by images of the Mediterranean Sea and its many worlds from the nineteenth century onwards Surprisingly modern scholars have often neglected such an influence and in fact in most histories of the idea of Europe the Mediterranean is conspicuously absent This might partly be explained by the fact that historians have often identified Europe with modernity and the Atlantic world and therefore in opposition to the classical world centred around the Mediterranean This book will challenge such views showing that a plethora of thinkers from the early nineteenth century to the present have refused to relegate the Mediterranean to the past Importance is given to the idea of a distinct meridian thought a notion first set forth by Albert Camus and now reworked by French and Italian thinkers As most chapters argue this might represent an important tool for rethinking the Mediterranean and in turn it might help us challenge received notions about European identity and rethink Europe as the locus of modernity Mediterranean Europe s Rethinking Europe from its Southern Shores will appeal to researchers and students alike interested in European studies and Mediterranean history Understanding the Volatile and Dangerous Middle East Steven Carol,2019-09-26 The Middle East can be bewildering which is why we need to connect the dots that pull together the political economic diplomatic military cultural and religious pieces of the puzzle Professor Steven Carol slashes through the confusion with a topical approach focusing on key issues such as the geographic features of the Middle East demographics of the region the influence of Islam political processes shifting alliances war in the region and the need for security He also takes a careful look at perpetual negotiations attempts to secure peace and the role that the media play in how we view the region His goal to clarify the confusing nature of Middle East affairs and to combat the mistaken beliefs misrepresentations and outright fabrications about the region In a bid to reclaim the truth he shares basic principles relying on factual supporting evidence to prove their validity Seventy eight maps and numerous tables make understanding complex topics easier Whether you re a student educator bureaucrat or politician you ll find insights based on facts in Understanding the Volatile and Dangerous Middle East Islam in Britain, 1558-1685 Nabil I. Matar,1998-10-13 This book examines the impact of Islam on Britain between 1558 and 1685 Professor Matar provides a perspective on the transformation of British thought and society by demonstrating how influential Islam was in the formation of early modern British culture Christian Muslim interaction was not as is often thought primarily adversarial rather there was extensive cultural intellectual and missionary engagement with Islam in Britain The author documents conversion both to and from Islam and surveys reactions to these conversions He examines the impact of the Qur an and Sufism not to mention coffee on British culture and cites extensive interaction of Britons with Islam through travel in London coffee houses in church among converts to and from Islam in sermons and in plays Finally he focuses on the theological portrait of Muslims in conversionist
