Cuban Communism 1959 2003:

Cuban Communism Irving Louis Horowitz, Cuban Communism, 1959-2003 Irving Louis Horowitz, 2018 Cuban Communism remains like its previous ten editions an important contribution to the field of Cuban Studies. It includes many useful chronological facts as well as a selection of Fidel Castro's speeches which are interesting and informative for any reader interested in the island. Maria Gropas, Department of Social Anthropology, University of Cambridge. This new 11th edition of a classic text comes to be known as the bible of Cuban Studies. It emphasizes two key issues of the twenty-first century: First, transition concerns in a world without Castro; and second, the continuing embargo of Cuba by the United States in the aftermath of a major change in the presidency. Cuban Communism has been updated to take account of changes in the 44 years of Castro's rule since seizing power in 1959. In addition to articles and essays that represent new developments in Cuba, the work boasts a database upgrade that makes it more important to students, scholars, and researchers. The volume has expanded the section on future prospects for civil society and democracy in a post-Castro environment, including *Regime Change in Cuba* by Eusebio Mujal Leon and *Joshua W. Busby*. *Transition Scenarios* by Randolph H. Pherson and *A Policy Conundrum over Cuba* by Edward Gonzalez. It also contains a chronology of events from 1959 through 2002. Finally, the new work contains a carefully constructed Who's Who of important players in Cuba and the regime during the Castro period up to the present. Other articles new to the 11th edition of *Cuban Communism* are by Ernesto Betancourt, *Cuba's Balance of Payment Gap*; Carmelo Mesa Lago, *The Cuban Economy From 1999-2001*; Taylor Boas, *The Internet and U.S. Policy toward Cuba*; Aldo M. Leiva, *Environmental Technology Transfer and Foreign Investment*; Moises Asis, *Judaism in Cuba*; Wolf Grabendorff, *A View from the European Union*. More than ever, it is a must volume for those interested in political systems and social structures. Irving Louis Horowitz is Hannah Arendt Distinguished Professor Emeritus of Sociology and Political Science at Rutgers University. Among his works are *Three Worlds of Development*, *Beyond Empire and Revolution*, and his Bacardi Lectures on Cuba that was published as *The Conscience of Worms and the Cowardice of Lions*. Jaime Suchlicki is Bacardi Professor of History at the Graduate School of International Studies at the University of Miami and executive director of its Cuban American and Cuban Center. He is author of *From Columbus to Castro*, *University Students and Revolution in Cuba and Mexico*, *From Montezuma to NAFTA and Beyond*. Provided by publisher.

Revolution and Dictatorship Steven Levitsky, Lucan Way, 2024-10-29. Why the world's most resilient dictatorships are products of violent revolution. *Revolution and Dictatorship* explores why dictatorships born of social revolution such as those in China, Cuba, Iran, the Soviet Union, and Vietnam are extraordinarily durable even in the face of economic crisis, large-scale policy failure, mass discontent, and intense external pressure. Few other modern autocracies have survived in the face of such extreme challenges. Drawing on comparative historical analysis, Steven Levitsky and Lucan Way argue that radical efforts to transform the social and geopolitical order trigger intense counterrevolutionary conflict which initially threatens regime survival but ultimately fosters

the unity and state building that supports authoritarianism Although most revolutionary governments begin weak they challenge powerful domestic and foreign actors often bringing about civil or external wars These counterrevolutionary wars pose a threat that can destroy new regimes as in the cases of Afghanistan and Cambodia Among regimes that survive however prolonged conflicts give rise to a cohesive ruling elite and a powerful and loyal coercive apparatus This leads to the downfall of rival organizations and alternative centers of power such as armies churches monarchies and landowners and helps to inoculate revolutionary regimes against elite defection military coups and mass protest three principal sources of authoritarian breakdown Looking at a range of revolutionary and nonrevolutionary regimes from across the globe Revolution and Dictatorship shows why governments that emerge from violent conflict endure

The Yankee Comandante Gani Jakupi, 2019-06-12T00:00:00+02:00 This is the true story of William Alexander Morgan the Yankee Comandante an idealistic young American who found fame fighting in the Cuban Revolution The blond American didn't speak a word of Spanish but he felt his rightful place was among the guerilleros of the Escambray Mountains fighting to bring down dictator Fulgencio Batista Morgan was among Havana's liberators in 1959 an act that led FBI director Edgar Hoover to strip him of his American citizenship There was a time when Morgan was international front page news on a level with Che Guevara Yet el comandante yanqui has largely disappeared from the history of the Cuban Revolution Author Gani Jakupi recounts a forgotten tale from one of the greatest military and political events of the 20th century

Health, Politics, and Revolution in Cuba Since 1898 Katherine Hirschfeld, 2017-07-05 Challenging many of the assumptions scholars have made about the Cuban Revolution's impact on healthcare this volume recounts one anthropologist's quest to discover the truth behind the complicated relationship between Cuba's revolution politics and healthcare system Katherine Hirschfeld became interested in Cuba in the mid 1990s after reading numerous laudatory books and articles describing the Castro regime's achievements in health and medicine Cuba's population health indicators seemed to be far superior to those of neighboring countries the national health costs low and medical care free at point of service to the entire people Historical records indicated that most of these positive health trends resulted from the changes instituted by Castro in 1959 Few of these authors however had actually spent time on the island Thus Hirschfeld found that academic writing on Cuba was often long on praise but short on empirical research about what exactly had changed in Cuban medicine since 1959 After much bureaucratic wrangling Hirschfeld managed to secure permission to conduct long term ethnographic research in Cuba where she lived with families from Havana and Santiago conducted clinic observations interviewed doctors and patients and was treated in a Cuban hospital during an epidemic of dengue fever The reality of the Cuban healthcare system turned out to be different than the scholarly ideal it was bureaucratized authoritarian and repressive and most people preferred to seek healthcare in the informal economy rather than endure the material shortages red tape and political surveillance of the public sector Written in the form of a first person narrative Health Politics and Revolution in Cuba Since 1898 not only

critically reevaluates Cuban healthcare after the 1959 revolution it includes chapters detailing Cuban health trends from the Spanish American War 1898 through the fall of Fulgencio Batista in 1959 and into the Maintaining Peace and Security?
