

Culloden and the Last Clansman

An armed uprising, a battle, a ravaged community,
a conspiracy, an assassination, a hanging
to mark the 250th anniversary of
one of history's more notorious killings,
a definitive account of why it happened

JAMES HUNTER

Culloden And The Last Clansman

Alexander Murdoch

Culloden And The Last Clansman:

Culloden And The Last Clansman James Hunter, 2011-09-30 An armed uprising A conspiracy An assassination A hanging These events starting with the crushing of Jacobite rebels at Culloden in 1746 and culminating six years later in the so called Appin Murder provided Robert Louis Stevenson with the plot of his enduringly popular novel *Kidnapped* But truth can be every bit as dramatic as fiction And never more so than in this account of what lay behind the killing of government officer Colin Campbell by a hidden gunman on a May afternoon in 1752 Campbell was on his way to evict rebels from the Ardshiel estate near Appin and Britain's rulers saw in his murder a terrorist act committed by Jacobite survivors of Culloden When the alleged killer evaded a Scotland wide manhunt and escaped abroad politicians insisted someone had to pay for Campbell's death The sacrificial lamb was James Stewart a Culloden veteran who had been organising resistance to Campbell's evictions James was found guilty in the show trial that followed and was hanged close to the murder scene His body was left suspended there for years as a grim warning to anyone else thinking of challenging the new order the British state had imposed on the Jacobite Highlands

The Blind Fiddler Ian MacMillan, 2015-07-17 *The Blind Fiddler* is a fictional tale interweaved with real events in history It is set during the 1700s mainly in the North West Highlands of Scotland and is about the history of the Jacobites We follow a family of MacMillans who live by Loch Arkaig just north of Fort William They are tenants of Cameron of Lochiel and follow that clan chief in attempts to replace the British monarchy with a Jacobite who they describe as Scotland's rightful king Our main character Ross MacMillan follows his father Duncans example by fighting with fellow Highland clansmen for this cause We join him in a number of battles and campaigns ending with that of Prince Charles Edward Stuart Bonny Prince Charlie who in 1745 travels from France to raise the clans in his fathers cause After major successes this comes to an end with the tragedy of the battle of Culloden Ross goes into hiding from the Government troops seeking vengeance against Charlies supporters who they see as both traitors and savages He becomes blind which encourages him to continue learning to play a fiddle which Cameron of Lochiel had presented to him It belonged to Sir John Cope who was in charge of the Government troops who were soundly defeated at Prestonpans the first major success for Charlies army Ross becomes a very skilled fiddler Towards the end of his life we join Ross and his son Colin who encourages him to look back over his time supporting the Jacobites and think about what might have been The inspiration for the book is explained in the dedication Ian has researched the fascinating history of the Jacobites and visited most of the battlefields and locations mentioned in *The Blind Fiddler*

War Paths Alistair Moffat, 2023-08-03 Acclaimed historian Alistair Moffat sets off in the footsteps of the Highland clans and their definitive conflicts In twelve journeys he explores places of conflict recreating as he walks the tumult of battle As he recounts the military prowess of the clans he also tells of their lives their language and culture before it was all swept away From the colonisers who attempted to civilise the islanders of Lewis in the sixteenth century through the great battles of the eighteenth century Killiecrankie Dunkeld Sheriffmuir Falkirk and Culloden this is a

unique exploration of many of the places and events which define the country's history The disaster at Culloden in 1746 represented not just the defeat of the Jacobite dream but also the unleashing of merciless retribution from the British government which dealt the Highland clans a blow from which they would never recover Locations included are Prestonpans Glenfinnan The Isle of Lewis Edinburgh Inverlochy Tippermuir Mulroy Killiecrankie Dunkeld Sherrieffmuir Falkirk Culloden Moor Arisaig Morar

The Making of the Crofting Community James Hunter, 2018-05-17 This book has been seminal in bringing to the fore the injustices that have been inflicted on the Highlands in the name of government and landlord injustices often lost in the name of dry statistics and academic balance Written by a man who has gone on to become both an award winning historian of the Highlands and a leading figure in the public life of the region The Making of the Crofting Community has attracted praise inspired debate and provoked outrage and controversy over the years This book remains necessary to challenge standard academic interpretations of the Highland past Having long been one of the classics of Birlinn's John Donald list this revised and updated new edition includes a substantial new preface and an extensive reworking of the existing text

The Alistair Moffat History Collection Alistair Moffat, 2023-04-01 Uncover the story of Scotland with Alistair Moffat's history collection From the Ice Age to the modern day this bundle leaves no stone unturned Journey through the long lost kingdoms of Roman times and the Dark Ages uncover the bloodshed wrought by the Border Reivers for two centuries track down the true King Arthur and learn the true story of how Scotland became the nation it is today Moffat plunders the facts and fables to create a richly detailed and comprehensive analysis of a nation's past Scots Magazine Titles included in this bundle are The Faded Map Arthur and the Lost Kingdoms The Reivers Scotland A History From Earliest Times

From an Antique Land Anne MacLeod, 2012-11-05 This book looks at visual images as an alternative and undervalued source of evidence for ideas about the Scottish Gàidhealtachd in the period 1700-1880 Illustrated with 100 plates it brings together many little known and previously unrelated images Addressing the textual bias inherent in Scottish historical studies the book examines a broad range of maps plans paintings drawings sketches and printed images arguing that the concept of antiquity was the single most powerful influence driving the visual representation of the Highlands and Islands from 1700 to 1880 and indeed beyond Successive chapters look at archaeological ethnological and geological motives for visualising the Highlands and at the bias in favour of antiquity which resulted from the spread of these intellectual influences into the fine arts The book concludes that the shadow of time which hallmarked visual representations of the region resulted in a preservationist mentality which has had powerful repercussions for approaches to Highland issues down to the present day The book will appeal to historians art historians cultural geographers and the general reader interested in Highland history and culture

The Appin Murder James Hunter, 2021-09-01 On a hillside near Ballachulish in the Scottish Highlands in May 1752 a rider is assassinated by a gunman The murdered man is Colin Campbell a government agent traveling to nearby Duror where he's evicting farm tenants to make way for his relatives Campbell's killer evades capture but

Britain's rulers insist this challenge to their authority must result in a hanging. The sacrificial victim is James Stewart who is organizing resistance to Campbell's takeover of lands long held by his clan the Appin Stewarts. James is a veteran of the Highland uprising crushed in April 1746 at Culloden. In Duror he sees homes torched by troops using terror tactics against rebel Highlanders. The same brutal response to dissent means that James's corpse will for years hang from a towering gibbet and leave a community utterly ravaged. Introducing this new edition of his account of what came to be called the Appin Murder, historian James Hunter tells how his own Duror upbringing introduced him to the tragic story of James Stewart.

Scottish Exodus James Hunter, 2011-03-25 Millions of Scots have left their homeland during the last 400 years. Until now they have been written about in general terms. *Scottish Exodus* breaks new ground by taking particular emigrants drawn from the once powerful Clan MacLeod and discovering what happened to them and their families. These people became, among other things, French aristocrats, Polish resistance fighters, Texan ranchers, New Zealand shepherds, Australian goldminers, Aboriginal and African American activists, Canadian mounted policemen, and Confederate rebels. One nineteenth-century MacLeod even went so far as to swap his Gaelic for Arabic and his Christianity for Islam before settling down comfortably in Cairo. This gripping account of Scotland's worldwide diaspora is based on unpublished documents, letters, and family histories. It is also based on the author's travels in the company of today's MacLeods, some of them still in Scotland, others further afield. *Scottish Exodus* is a tale of disastrous voyages, famine, and dispossession, the hazards of pioneering on faraway frontiers. But it is also the moving story of how people separated from Scotland by hundreds of years and thousands of miles continue to identify with the small country where their journeyings began. **Scotland and America,**

c.1600-c.1800 Alexander Murdoch, 2009-12-18 While the literature relating to Scottish contact with America has grown significantly in recent years, the influence of America on Scotland and its early modern history has been neglected in favour of a preoccupation with Scottish influence on the formation of North American national identities. Alexander Murdoch's fascinating new study explores Scottish interactions with North America in a desire to open up fresh perspectives on the subject. *Scotland and America c. 1600 c. 1800* surveys the key centuries of economic migratory and cultural exchange, including Canada and the Caribbean. It discusses Scottish participation in the Atlantic slave trade and the debate over its abolition. It considers the Scottish experience of British unionism with respect to developing American traditions of unionism in the U.S. and Canada. Incorporating the latest research, this is essential reading for anyone interested in the dynamic relationship between Scotland and America during a key period in history. [Scotland's Forgotten Past](#) Alistair

Moffat, 2023-02-23 While Scotland's history cannot be separated from its kings and queens, saints and warriors, there is a rich story to tell about the country's lesser-known places, people, and events. This colourful history of Scotland tells those other tales, half-forgotten or misunderstood, that have been submerged by the wash of history. Bringing these stories to light and to life, this entertaining book reveals the richness and complexity of this nation on the northwest edge of Europe. Alistair Moffat

guides us from the geological formation of the land that makes up Scotland to the first evidence of human habitation right up to modern times In the process we learn about the cave of headless children the origins of the Scottish kings and the real heroes of Scottish independence the invention of tartan and the romance of the Highlands Scotlands answer to Shakespeare and the many U S Presidents with Scottish heritage among many other fascinating tales brought to life by Joe McLarens attractive woodcut style illustrations Even the most knowledgeable Scot will experience a sense of newfound knowledge and appreciation for this unique country its history and people
