Cultural Heritage And Value Creation Towards New Pathways:

Cultural Heritage and Value Creation Gaetano M. Golinelli, 2014-09-30 **Cultural Heritage and Value Creation**
Gaetano M. Golinelli, 2014-09-01 Informed by systems thinking this book explores new perspectives in which culture and management are harmoniously integrated and cultural heritage is interpreted both as an essential part of the social and economic context and as an expression of community identity The combination of a multidisciplinary approach methodological rigor and reference to robust empirical findings in the fertile field of analysis of UNESCO's contribution mean that the book can be considered a reference for the management of cultural heritage It casts new light on the complex relation of culture and management which has long occupied both scholars and practitioners and should enable the development of new pathways for value creation The book is based on research conducted within the framework of the Consorzio Universitario di Economia Industriale e Manageriale University Consortium for Industrial and Managerial Economics a network of universities businesses and public and private institutions that is dedicated to the production and dissemination of knowledge in the field This volume will be of interest to all who are involved in the study and management of the cultural heritage Cultural Heritage, Sustainable Development and Human Rights Laura Pineschi, 2023-12-04 The importance of cultural heritage in both its tangible and intangible forms to sustainable development and its economic social and environmental components is increasingly evident in the recent practice of intergovernmental and non governmental organizations at the universal and regional level Due consideration for the integration of the cultural dimension in the implementation of Agenda 2030 has begun to grow in various international fora including initiatives to emphasize the role and contribution of tangible and intangible heritage as drivers and enablers of sustainable development It has also been recognized that the inherent links between cultural heritage and sustainable development cannot be correctly addressed without taking into account their various implications for the effective enjoyment of all human rights including cultural rights This book offers a thorough academic investigation on the importance of cultural heritage to sustainable development and cultural rights from an international law perspective Providing an in depth review of the possible intersections between cultural heritage sustainable development and cultural rights and the limits of the current legal and institutional framework it will be of interest to researchers and scholars of international law cultural heritage law environmental law and human rights law Intangible Cultural Heritage, Sustainable Development and Intellectual Property Benedetta Ubertaini, 2022-08-04 This book critically analyses the relationships between intangible cultural heritage ICH sustainable development and intellectual property rights IPRs The author argues that although the use of IPRs to safeguard ICH presents challenges and has impeded sustainable development in some cases the adoption of these rights on ICH also presents opportunities and fundamentally is not contrary to the spirit of the UNESCO Convention for the Safeguarding of the Intangible Cultural Heritage UNESCO 2003 Convention The adoption of IPRs on ICH can form an important part of the

development of sustainable safeguarding plans capable of benefitting the communities groups and individuals CGIs that create maintain and transmit such heritage The book provides a nuanced analysis of the relationship between intellectual property IP law and ICH as well as examining the role of IPRs in safeguarding ICH through the lens of sustainable development It analyses the relationship between IP law and ICH from environmental social and economic perspectives These perspectives allow a thorough evaluation of both the positive effects and potential pitfalls of adopting IPRs to safeguard ICH The book addresses deeper structural matters that refer back to the safeguarding of social and environmental processes underlying ICH

Changing Heritage Francesco Bandarin, 2024-04-09 Changing Heritage presents the most comprehensive analysis of heritage issues available today Critically analysing the complexity of the current and forthcoming issues faced by heritage it presents insightful directions for the future Drawing on the author's many years of experience working in senior positions at UNESCO the book presents discussions of heritage sites all around the world Today our cultural and natural legacies face significant threats due to social and economic developments political pressures and unresolved historical issues This book delves into these threats from two distinct perspectives internal tensions and external pressures The internal tensions include the disregard for human rights and gender equality the increasing exploitation of heritage for political purposes the development of post colonial perspectives and the necessity to reassess the established notion of universal value External pressures stem from global processes unsustainable tourism political conflicts ethnic clashes and religious strife that are causing destruction in numerous parts of the world Examining the dynamics between heritage and these internal tensions and external pressures Bandarin offers insights into the challenges faced and emphasises the imperative role of civil society in safeguarding the value of heritage for present and future generations Changing Heritage explores a wide range of issues surrounding the crisis in heritage management on an international level It will be essential reading for heritage scholars students and professionals

[Values in Heritage Management](#) Erica Avrami, Susan Macdonald, Randall Mason, David Myers, 2019-12-03 Bringing together leading conservation scholars and professionals from around the world this volume offers a timely look at values based approaches to heritage management Over the last fifty years conservation professionals have confronted increasingly complex political economic and cultural dynamics This volume with contributions by leading international practitioners and scholars reviews how values based methods have come to influence conservation takes stock of emerging approaches to values in heritage practice and policy identifies common challenges and related spheres of knowledge and proposes specific areas in which the development of new approaches and future research may help advance the field The free online edition of this open access book is available at www.getty.edu/publications/heritagemanagement and includes zoomable illustrations Also available are free PDF EPUB and Kindle MOBI downloads of the book

The Legal Protection of the Intangible Cultural Heritage Pier Luigi Petrillo, 2019-06-26 This book describes the global legal framework for safeguarding the Intangible Cultural Heritage as

defined by the UNESCO Convention in 2003 and analyses its use in selected countries in the Americas Asia Africa and Europe Each of the contributions has been prepared by high profile experts and strategically addresses countries that are representative for their corresponding area Our understanding of the term Cultural Heritage has changed considerably over the past few decades and it is becoming increasingly clear that the concept also includes traditions and living expressions that we inherit from our ancestors and pass on to our descendants UNESCO has recognised and responded to this change of perspective creating through the 2003 Convention an international instrument for safeguarding the Intangible Cultural Heritage a notion including oral traditions performing arts social practices rituals festive events knowledge and practices concerning nature and the universe as well as the knowledge and skills needed to produce traditional crafts New values practices and heritages were recognized from the ancient African rituals to the Mexican Mariachi musical expression to the Brazilian Samba and the Mediterranean Diet all of which convey strong social and cultural meaning for their community s identity Intangible Cultural Heritage is a growing relatively recent field of study and also an emblem of the dialogue between distant populations with different cultures which is the reason why a comparative approach is the most appropriate basis for conducting an analysis of how the contracting states to the Convention live up to their commitments through national safeguarding measures and enhancement policies or through international cooperation projects
