Bierma, 2021-06-15 Font of Pardon and New Life is a study of the historical development of John Calvin's doctrine of baptism both adult or believer baptism and infant baptism In a chronological examination of Calvin's writings his Institutes commentaries on the Bible catechisms polemical treatises and consensus documents the book addresses the question of what in Calvin's view spiritually takes place in an individual when he or she is baptized and it analyzes the impact of Calvin's baptismal doctrine on the major Reformed confessions and catechisms of the sixteenth and seventeenth centuries **Evangelical Dictionary of Theology (Baker Reference Library)** Walter A. Elwell, 2001-05-01 Fifteen years after its original publication comes a thoroughly revised edition of the Evangelical Dictionary of Theology Every article from the original edition has been revisited With some articles being removed others revised and many new articles added the result is a completely new dictionary covering systematic historical and philosophical theology as well as theological ethics [Reading Christian Theology in the Protestant Tradition](#) Kelly Kapic, Hans Madueme, 2018-01-25 Reading Christian Theology in the Protestant Tradition offers a distinctive approach to the value of classic works through the lens of Protestantism While it is anachronistic to speak of Christian theology prior to the Reformation as Protestant it is wholly appropriate to recognize how certain common Protestant concerns can be discerned in the earliest traditions of Christianity The resonances between the ages became both informative and inspiring for Protestants

who looked back to pre reformation sources for confirmation challenge and insight Thus this book begins with the first Christian theologians covering nearly 2000 years of theological writing from the Didache Justin Martyr and Origen to James Cone Jos M guez Bonino and Sallie McFague Five major periods of church history are represented in 12 key works each carefully explained and interpreted by an expert in the field

Heinrich Heshusius and Confessional Polemic in Early Lutheran Orthodoxy Michael J. Halvorson, 2016-04-22 Heinrich Heshusius 1556 97 became a leading church superintendent and polemicist during the early age of Lutheran orthodoxy and played a major role in the reform and administration of several German cities during the late Reformation As well as offering an introduction to Heshusius s writings and ideas this volume explores the wider world of late sixteenth century German Lutheranism in which he lived and worked In particular it looks at the important but inadequately understood network of Lutheran clergymen in North Germany centred around universities such as Rostock Jena K nigsberg and Helmstedt and territories such as Braunschweig Wolfenb ttel in the years after the promulgation of the Formula of Concord 1577 In 1579 Heshusius followed his father Tilemann to the newly founded University of Helmstedt where Heinrich served as a professor on the philosophy faculty and established lasting connections within the Gnesio Lutheran party In the 1590s Heshusius completed his doctoral degree in theology and worked as a pastor and superintendent in Tonna and Hildesheim publishing over seventy sermons as well as a popular catechism based on the Psalms and Luther s Small Catechism As confessional tensions mounted in Hildesheim Heshusius worked as a polemicist for the Lutheran cause pressing for the conversion or expulsion of local Jews At the same time Heshusius began to argue aggressively for the expulsion of Jesuits who had been increasing in number due to the activities of the local bishop and administrator Ernst II of Bavaria By discussing the connection between these two expulsion efforts and the practical activities Heshusius undertook as a preacher catechist and administrator this study portrays Heshusius as a zealous protector of Lutheran traditions in the face of confessional rivals Understanding this zeal and the policies piety and propaganda that came as a result is an important factor in relating how Lutheran orthodoxy gained momentum within Germany in the last decades of the sixteenth century In all this book will reveal the complex characteristics of an important but virtually unknown Lutheran superintendent and theologian active during the era of confessionalization providing a useful resource for the ongoing efforts of scholars hoping

to understand the nature of orthodoxy and its importance for early modern Europeans f **Encyclopaedia of Religion and Ethics** James Hastings, John Alexander Selbie, Louis Herbert Gray, 1911 **The Glory of Kings** Peter J.
