Stems

- **Stemming Time:** 10-15 minutes
- **Purpose:** Provides a total overview of a topic. Students explore facts to make information that can be used for research. Students practice understanding research questions and answers that connect their thinking.
- **How To Think It:** Students work with an engaging format. Read the stem and find any words going. Give students to talk about the topic in small groups, and then have students answer the Stem question in 1-2 complete sentences.
- **Stemming:** Students grade stems out of a total of 3 points, and when students make 1 attempt to complete the task.

First Reads

- **Stemming Time:** 20-30 minutes
- **Purpose:** Students use facts to answer questions, and then write a short story. The goal is to understand the story before knowing the full story. Students write, read, and then write a short story. The goal is to understand the story before knowing the full story. Students write, read, and then write a short story.
- **How To Think It:** Students begin by playing the stemming game. Then, as a whole group, students share on the one another their stories of the stem. (Students are asked to talk through the stem. Stemming time is for key skills to focus on: as in the past week, students have been asked to write stories, and now they are asked to write the questions in the end of the stem. There are usually 10-15 short stories questions and 10 multiple choice questions per paragraph. Students design 1-2 short stories questions. If no time is left, students will 1 multiple choice questions or more. I require my students to suggest to read stories questions in paragraph form. As the beginning of their work, I spend time reading the different way students are capable of using the information. Students that create stories from reading to create stories for their own work and suggest. Students use facts to answer questions, and then write a short story. The goal is to understand the story before knowing the full story. Students write, read, and then write a short story.
- **Stemming:** It is a story, and First Reads out of a total of 10 points. After the stem, students will 1 point to complete the task, and then there is the stem game for a second design.

Skills

- **Stemming Time:** 10-15 minutes
- **Purpose:** Students analyze the First Reads and create a story. Students find key reading skills that will help them better understand the questions, and then use it to apply to their reading. Students find key reading skills that will help them better understand the questions, and then use it to apply to their reading.
- **How To Think It:** The skill is presented in a story, and then students are given the opportunity to practice it. Students answer 1 question in the First Reads section. I generally will give students 1-2 minutes to answer these questions, and then I will allow them to answer several more questions.
- **Stemming:** Students grade skills out of a total of 3 points, based on student answers on the First Reads section.

English Language Arts, Grade 6 Module 1 PCG Education,2015-10-01 Paths to College and Career Jossey Bass and PCG

Education are proud to bring the Paths to College and Career English Language Arts ELA curriculum and professional development resources for grades 6-12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require, Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies, and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research, and write from sources and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6-12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes Nationally recognized professional development from an organization that has been immersed in the new standards since their inception, Blended learning experiences for teachers and leaders that enrich and extend the learning, A train the trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation.

Prioritizing the Common Core Larry Ainsworth, 2013. The consensus among educators nationwide is that in-depth instruction paired with focused assessment of essential concepts and skills are far more effective than superficially covering every concept and skill in the standards. Educators are faced with the task of teaching all standards while meeting the extraordinary range of student learning needs. Prioritizing the Common Core offers common sense solutions to the dilemmas teachers face today in implementing the new, more rigorous national standards. Chapters present a rationale for prioritizing the Common Core, a step-by-step process for prioritizing standards in language arts and mathematics, strategies for soliciting feedback and input from everyone in the district or school prior to the final determination of the Priority Standards, and detailed summaries of the process. Schools in six different districts used to identify their Priority Standards, with accompanying commentary by those who directed the work. [Common Core Standards for Middle School English Language Arts](#) Susan Ryan, Dana Frazee, 2012-11-15. Smart implementation of the Common Core State Standards requires both an overall understanding of the standards and a grasp of their implications for planning teaching and learning. This Quick Start Guide provides a succinct all-in-one look at the content structure.
