**Descending Dragon, Rising Tiger** Hong Lien Vu, Peter D. Sharrock, 2014  
Hong Lien, Peter Sharrock, 2014-11-15 Outside of its war with the United States Vietnam's past has often been neglected and understudied. Whether as an aspiring subordinate or a rebel province Vietnam has been viewed by most historians in relation to its larger neighbor to the north, China. Seeking to reshape these accounts *Descending Dragon Rising Tiger* chronicles the vast sweep of Vietnam's tumultuous history from the Bronze Age to the present day in order to lay out the first English language account of the full story of the Vietnamese people. Drawing on archeological evidence that reveals the emergence of a culturally distinct human occupation of the region up to 10,000 years ago, Vu Hong Lien and Peter D. Sharrock show that these early societies had a sophisticated agricultural and technological culture much earlier than previously imagined. They explore the great variety of cultures that have existed in this territory, unshackling them from the confined histories of outsiders, imperial invaders, and occupiers in order to show that the country has been central to the cultural, political, and ethnic development of Southeast Asia for millennia. Unrivaled in scope, this comprehensive account will be the definitive history of the Vietnamese people, their culture, and their nation.

**Sustaining America's Strategic Advantage** Joel R. Hillison, Jerad I. Harper, Christopher J. Bolan, 2023-02-14 Written for foreign policy practitioners, scholars, and students, this book offers critical insights into the modern landscape of international politics and warfare and explains how the United States can sustain its strategic advantages in the 21st century and beyond. From the level of grand strategy to more intricate security issues, this book explores how the United States can sustain its strategic military and political advantages around the world. Developing and implementing effective national policies, fostering strong diplomatic and geopolitical ties with allies in Europe, the Indo-Pacific, and the Middle East, and managing an effective defense enterprise are key, according to the authors, to competing on a shifting international security landscape. Advancing the literature on grand strategy and outlining emerging critical issues in security, this book offers an overarching framework for strategy, an analysis of crucial security-related topics such as cyber warfare, and informed opinions on components of competitive success such as irregular warfare and partner building. Written by well-respected scholars, security professionals, and foreign policy practitioners, this book goes beyond focusing on hard power to consider how the U.S. can leverage its education institutions and a worldwide network of allies and partners to sustain its strategic advantage now and in the future.

**Dragon 2: Book 2: The Story of the Trung Sisters** Mel Bridges, 2025-04-10 Is all hope lost? Facing impossible choices, will the Trung sisters find a way to overcome the treachery and crushing defeats that surround them? Yet even in the darkest moments, light breaks through. A humble teacher with a talent for strategy aids the resistance. And a young shaman unleashes an ancient power against the Chinese Empire that changes the course of history. Join the epic struggle for freedom as loyalty, honor, and supernatural forces collide in a legendary dragon battle that blurs reality and myth. Be inspired by the unbreakable bond and spirit of the Trung sisters. A

**Political Warfare in Republican Vietnam** Robert A. Silano, 2024-08-22 This work examines the development of the Republic of Vietnam Armed Forces as a national institution, explores the historical origins of the political warfare system, and assesses that system's nurturing of military morale, popular support, and ways to weaken enemy resolve. North Vietnam in the 1940s and South Vietnam in the 1960s embraced the system of political control over the military that was developed in Soviet Russia after the Bolshevik Revolution and in Republican China in the 1920s, where it influenced both the Nationalist and Communist movements. The book discusses the overall effectiveness of political warfare activities in the Republic of Vietnam's army, the advice and support offered by the U.S. military to the South Vietnamese political warfare establishment, and the consequences of the war's end for the members of the Republic of Vietnam Armed Forces who served in the political warfare system

**Enduring Vietnam** James Wright, 2024-07-02 This powerful and heartbreaking history of the Vietnam War looks not only at the conflict but the generation caught up in its horrors and consequences. Booklist: The Vietnam War is largely recalled as a mistake, either in the decision to engage there or in the nature of the engagement. Or both. Veterans of the war remain largely anonymous figures, accomplices in the mistake. Critically recounting the steps that led to the war, this book does not excuse the mistakes but it brings those who served out of the shadows. Enduring Vietnam recounts the experiences of the young Americans who fought in Vietnam and of families who grieved those who did not return. The book describes the baby boomers growing up in the 1950s, why they went into the military, what they thought of the war, what it was like to serve in Nam and to come home. With a rich narrative of the Battle of Hamburger Hill and through substantial interviews with those who served, the book depicts the cruelty of this war and its quiet acts of courage. James Wright's *Enduring Vietnam* provides an important dimension to the profile of an American generation and a rich account of an American War

**The Origins of Higher Learning** Roy Lowe, Yoshihito Yasuhara, 2016-10-04 Higher education has become a worldwide phenomenon where students now travel internationally to pursue courses and careers, not simply as a global enterprise but as a network of worldwide interconnections. *The Origins of Higher Learning* Knowledge networks and the early development of universities is an account of the first globalisation that has led us to this point, telling of how humankind first developed centres of higher learning across the vast landmass from the Atlantic to the China Sea. This book opens a much-needed debate on the origins of higher learning, exploring how, why, and where humankind first began to take a sustained interest in questions that went beyond daily survival. Showing how these concerns became institutionalised and how knowledge came to be transferred from place to place, this book explores important aspects of the forerunners of globalisation. It is a narrative which covers much of Asia, North Africa, and Europe, many parts of which were little known beyond their own boundaries. Spanning from the earliest civilisations to the end of the European Middle Ages, around 700 years ago, here the authors set out crucial findings for future

research and investigation This book shows how interconnections across continents are nothing new and that in reality humankind has been interdependent for a much longer period than is widely recognised It is a book which challenges existing accounts of the origins of higher learning in Europe and will be of interest to all those who wish to know more about the world of academia

**How Vietnamese Immigrants Made America Home** Sabine Cherenfant, 2018-07-15 Treatments of Vietnamese history in American schools are usually limited to the Vietnam War This book explains the reasons members of the Vietnamese community migrated to a country that conducted a great deal of violence against their people It explains how they survived a hostile labor market when many did not speak the language and how they built a cultural identity that preserved their heritage while allowing them to assimilate Readers will discover the history of the descendants of an ancient and prominent civilization on their journey to become one of the pillars of American society This volume is essential for creating globally aware citizens

### **Descending Dragon Rising Tiger A History Of Vietnam Introduction**

In today's digital age, the availability of Descending Dragon Rising Tiger A History Of Vietnam books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Descending Dragon Rising Tiger A History Of Vietnam books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Descending Dragon Rising Tiger A History Of Vietnam books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Descending Dragon Rising Tiger A History Of Vietnam versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Descending Dragon Rising Tiger A History Of Vietnam books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Descending Dragon Rising Tiger A History Of Vietnam books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent

resource for literature enthusiasts. Another popular platform for Descending Dragon Rising Tiger A History Of Vietnam books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Descending Dragon Rising Tiger A History Of Vietnam books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips.
