Donatello and the Dawn of Renaissance Art A. Victor Coonin, 2019-11-15 The Italian sculptor known as Donatello helped to forge a new kind of art one that came to define the Renaissance His work was progressive challenging and even controversial Using a variety of novel sculptural techniques and innovative interpretations Donatello uniquely depicted themes involving human sexuality violence spirituality and beauty But to really understand Donatello one needs to understand his changing world marked by the transition from Medieval to Renaissance style and to an art that was more personal and representative of the modern self Donatello was not just a man of his times he helped shape the spirit of the times he lived in and profoundly influenced those that came after In this beautifully illustrated book the first thorough biography of Donatello in twenty five years A Victor Coonin describes the full extent of Donatello's revolutionary contributions revealing how his work heralded the emergence of modern art *Making and Moving Sculpture in Early Modern Italy* Kelley Helmstutler DiDio, 2017-07-05 In recent years art historians have begun to delve into the patronage production and reception of sculptures sculptors workshop practices practical aesthetic and esoteric considerations of material and materiality and the meanings associated with materials and the makers of sculptures This volume brings together some of the top scholars in the field to investigate how sculptors in early modern Italy confronted such challenges

as procurement of materials their costs shipping and transportation issues and technical problems of materials along with the meanings of the usage hierarchies of materials and processes of material acquisition and production Contributors also explore the implications of these facets in terms of the intended and perceived meanings for the viewer patron and or artist A highlight of the collection is the epilogue an interview with a contemporary artist of large scale stone sculpture which reveals the similar challenges sculptors still encounter today as they procure manufacture and transport their works **The Early Modern Italian Domestic Interior, 1400-1700** Erin J.
