Club Without Walls Selections From The Journals Of Philip Pavia:

Club Without Walls Philip Pavia, 2007 **Harold Rosenberg** Debra Bricker Balken, 2021-10-06 The biography recounts Rosenberg's full story for the first time Art critic for The New Yorker from 1962 until 1978 Rosenberg together with Clement Greenberg radically reshaped the interpretation of art in the post World War II period by promoting and examining abstract expression But Rosenberg was also a social and literary critic writing about art was just one aspect of his work Harold Rosenberg A Critic's Life weaves together Rosenberg's life and literary production cast against the dynamic intellectual and social ferment of his time Rosenberg's mid century linking of the New York School with the art establishment together with his observations on the commodification of the artwork and the evisceration of the self in favor of celebrity especially in his often cited essay The Herd of Independent Minds make this book especially topical *Nothing and Everything - The Influence of Buddhism on the American Avant Garde* Ellen Pearlman, 2012-04-24 In America in the late 1950s and early 60s the world and life itself became a legitimate artist's tool aligning with Zen Buddhism's emphasis on enlightenment at any moment and living in the now Simultaneously and independently parallel movements were occurring in Japan as artists there too strove to break down artistic boundaries Nothing and Everything brings these heady times into focus Author Ellen Pearlman meticulously traces the spread of Buddhist ideas into the art world through the classes of legendary scholar D T Suzuki as well as those of his most famous student composer and teacher John Cage from whose teachings sprouted the art movement Fluxus and the happenings of the 1960s Pearlman details the interaction of these American artists with the Japanese Hi Red Center and the multi installation group Gutai Back in New York abstract expressionist artists founded The Club which held lectures on Zen and featured Japan's first abstract painter Saburo Hasegawa And in the literary world Jack Kerouac and Allen Ginsberg were using Buddhism in their search for new forms and visions of their own These multiple journeys led to startling breakthroughs in artistic and literary style and influenced an entire generation Filled with rare photographs and groundbreaking primary source material Nothing and Everything is the definitive history of this pivotal time for the American arts About the Imprint EVOLVER EDITIONS promotes a new counterculture that recognizes humanity's visionary potential and takes tangible pragmatic steps to realize it EVOLVER EDITIONS explores the dynamics of personal collective and global change from a wide range of perspectives EVOLVER EDITIONS is an imprint of North Atlantic Books and is produced in collaboration with Evolver LLC *The Songs We Know Best* Karin Roffman, 2017-06-13 The first biography of an American master The Songs We Know Best the first comprehensive biography of the early life of John Ashbery the winner of nearly every major American literary award reveals the unusual ways he drew on the details of his youth to populate the poems that made him one of the most original and unpredictable forces of the last century in arts and letters Drawing on unpublished correspondence juvenilia and childhood diaries as well as more than one hundred hours of conversation with the poet Karin Roffman offers an insightful portrayal of Ashbery during

the twenty eight years that led up to his stunning debut *Some Trees* chosen by W H Auden for the 1955 Yale Younger Poets Prize Roffman shows how Ashbery's poetry arose from his early lessons both on the family farm and in 1950s New York City a bohemian existence that teemed with artistic fervor and radical innovations inspired by Dada and surrealism as well as lifelong friendships with painters and writers such as Frank O'Hara Jane Freilicher Nell Blaine Kenneth Koch James Schuyler and Willem de Kooning Ashbery has a reputation for being enigmatic and playfully elusive but Roffman's biography reveals his deft mining of his early life for the flint and tinder from which his provocative later poems grew producing a body of work that he calls the experience of experience an intertwining of life and art in extraordinarily intimate ways *Yayoi Kusama* Midori Yamamura, 2024-03-19 An examination of Yayoi Kusama's work that goes beyond the usual biographical interpretation to consider her place in postwar global art history Yayoi Kusama is the most famous artist to emerge from Japan in the period following World War II Part of a burgeoning international art scene in the early 1960s she exhibited in New York with Andy Warhol Donald Judd Claes Oldenburg and other Pop and Minimalist luminaries and in Europe with the Dutch Nul and the German Zero artist groups Known for repetitive patterns sewn soft sculptures naked performance and suggestive content Kusama's work anticipated the politically charged feminist art of the 1970s But Kusama and her work were soon eclipsed by a dealer controlled art market monopoly of white male American artists Returning to Japan in 1973 Kusama became almost as famous for her self proclaimed mental illness and permanent residence in a psychiatric hospital as she was for her art In this book Midori Yamamura eschews the usual critical fascination with Kusama's biography to consider the artist in her social and cultural milieu By examining Kusama's art alongside that of her peers Yamamura offers a new perspective on Kusama's career Yamamura shows that Kusama who came of age in totalitarian wartime Japan embraced art as an anticonformist pursuit seeking a subjective autonomy that resulted in the singular expression of her art Examining Kusama's association with European and New York art movements of the 1960s and her creation of psychedelic light and sound Happenings Yamamura argues that Kusama and her heterogeneous peers defied and undermined various pillars of modernity during the crucial transition from the modern nation state to global free market capitalism The art market rediscovered Kusama in the 1990s and she has since had a series of high profile exhibitions Recounting Kusama's story Yamamura offers an incisive penetrating analysis of postwar art's globalization as viewed from the periphery *Barnett Newman and Heideggerian Philosophy* Claude Cernuschi, 2012-03-22 This book investigates the writings and works of the American Abstract Expressionist artist Barnett Newman in light of ideas articulated by one of Germany's most important and influential philosophers Martin Heidegger At the intersection of art history and philosophy an int **A Generous Vision** Cathy Curtis, 2017-09-04 The first biography of Elaine de Kooning *A Generous Vision* portrays a woman whose intelligence droll sense of humor and generosity of spirit endeared her to friends and gave her a starring role in the close knit world of New York artists Her zest for adventure and freewheeling spending were as legendary as her ever present cigarette Flamboyant

and witty in person she was an incisive art writer who expressed maverick opinions in a deceptively casual style As a painter she melded Abstract Expressionism with a lifelong interest in bodily movement to capture subjects as diverse as President John F Kennedy basketball players and bullfights In her romantic life she went her own way always keen for male attention But she credited her husband Willem de Kooning as her greatest influence rather than being overshadowed by his fame she worked in his light Nearly two decades after their separation after finally embracing sobriety herself she returned to his side to rescue him from severe alcoholism Based on painstaking research and dozens of interviews A Generous Vision brings to life a leading figure of twentieth century art who lived a full and fascinating life on her own terms Restless Ambition Cathy Curtis (Writer on art),2015 The first biography of Grace Hartigan 1922 2008 traces her rise from self taught painter to art world fame in New York her plunge into obscurity after moving to Baltimore her constant efforts at artistic reinvention and her tumultuous personal life including four troubled marriages and a chilly relationship with her only child

Encyclopedia of the New York School Poets Terence Diggory,2009 An A to Z reference to writers of the New York School including John Ashbery who is often considered America s greatest living poet Examines significant movements in literary history and its development through the years **The Graph Music of Morton Feldman** David Cline,2016-05-26 Morton Feldman is widely regarded as one of America s greatest composers His music is famously idiosyncratic but in many cases the way he presented it is also unusual because in the 1950s and 1960s he often composed in non standard musical notations including a groundbreaking variety on graph paper that facilitated deliberately imprecise specifications of pitch and at times other musical parameters Feldman used this notation intermittently over seventeen years producing numerous graph works that invite analysis as an evolving series Taking this approach David Cline marshals a wide range of source materials many previously unpublished in clarifying the ideology organisation and generative history of these graphs and their formative role in the chronicle of post war music This assists in pinpointing connections with Feldman s compositions in other formats works by other composers notably John Cage and contemporary currents in painting Performance practice is examined through analysis of Feldman s non notated preferences and David Tudor s celebrated interpretations
