## **Closing The Books Transitional Justice In Historical Perspective:**

**Closing the Books** Jon Elster, 2004-09-06 An analysis of transitional justice retribution and reparation after a change of political regime from Athens in the fifth century BC to the present Part I The Universe of Transitional Justice describes more than thirty transitions some of them in considerable detail others more succinctly Part II The Analytics of Transitional Justice proposes a framework for explaining the variations among the cases why after some transitions wrongdoers from the previous regime are punished severely and in other cases mildly or not at all and victims sometimes compensated generously and sometimes poorly or not at all After surveying a broad range of justifications and excuses for wrongdoings and criteria for selecting and indemnifying victims the 2004 book concludes with a discussion of three general explanatory factors economic and political constraints the retributive emotions and the play of party politics

**Regime Consolidation and Transitional Justice** Anja Mihr, 2018-01-18 Regime Consolidation and Transitional Justice explores the effect of transitional justice measures on regime consolidation or the means by which a new political system is established in a post transition context Focusing on the long term impact of transitional justice mechanisms in three countries over several decades the gradual process by which these political systems have been legitimatised is revealed Through case studies of East and West Germany after World War II Spain after the end of the Franco dictatorship in 1975 and Turkey s long journey to achieving democratic reform Regime Consolidation and Transitional Justice shows how transitional justice and regime consolidation are intertwined The interdisciplinary study which will be of interest to scholars of criminal law human rights law political science democracy autocracies and transformation theories demonstrates importantly that the political systems in question are not always more democratic than their predecessors and do not always enhance democracy post regime consolidation

**Truth Recovery and Transitional Justice** Iosif Kovras, 2014-05-16 This book investigates why some societies defer transitional justice issues after successful democratic consolidation Despite democratisation the exhumation of mass graves containing the victims from the violence in Cyprus 1963 1974 and the Spanish civil war 1936 1939 was delayed until the early 2000s when both countries suddenly decided to revisit the past Although this contradicts the actions of other countries such as South Africa Bosnia and Guatemala where truth recovery for disappeared missing persons was a central element of the transition to peace and democracy Cyprus and

Spain are not alone this is an increasing trend among countries trying to come to terms with past violence Truth Recovery and Transitional Justice considers the case studies of Spain and Cyprus and explores three interrelated issues First the book examines which factors can explain prolonged silence on the issue of missing persons in transitional settings It then goes on to explore the transformation of victims groups from opponents of truth recovery to vocal pro reconciliation pressure groups and examines the circumstances in which it is better to tie victims rights to an overall political settlement Finally the author goes on to compare Spain and Cyprus with Greece a country that remains resistant to post transitional justice norms This book will be of interest to students of transitional justice human rights peace and conflict studies and security studies in general

*Transitional Justice Theories* Susanne Buckley-Zistel, Teresa Koloma Beck, Christian Braun, Friederike Mieth, 2013-10-30 Transitional Justice Theories is the first volume to approach the politically sensitive subject of post conflict or post authoritarian justice from a theoretical perspective It combines contributions from distinguished scholars and practitioners as well as from emerging academics from different disciplines and provides an overview of conceptual approaches to the field The volume seeks to refine our understanding of transitional justice by exploring often unarticulated assumptions that guide discourse and practice To this end it offers a wide selection of approaches from various theoretical traditions ranging from normative theory to critical theory In their individual chapters the authors explore the concept of transitional justice itself and its foundations such as reconciliation memory and truth as well as intersections such as reparations peace building and norm compliance This book will be of particular interest for scholars and students of law peace and conflict studies and human rights studies Even though highly theoretical the chapters provide an easy read for a wide audience including readers not familiar with theoretical investigations

**Transitional Justice in South Asia** Tazreena Sajjad, 2013-08-21 Offering a comparative case study of transitional justice processes in Afghanistan and Nepal this book critically evaluates the way the local is consulted in post conflict efforts toward peace and reconciliation It argues that there is a tendency in transitional justice efforts to contain the discussion of the local within religious and cultural parameters thus engaging only with a static local as interpreted by certain local stakeholders Based on data collected through interviews and participant observation carried out in the civil societies of the respective countries this book brings attention to a dynamic local where societal norms evolve and realities on the ground are shaped by shifting power dynamics local hierarchies and inequalities between actors It suggests that the local must be understood as an inter subjective concept the meaning of which is not only an evolving and moving target but also dependent on who is consulted to interpret it to external actors This timely book engages with the divergent range of civil society voices and offers ways to move forward by
