Columbus, Donadrian L. Rice, 2012-06-13 Alan Watts Here and Now explores the intellectual legacy and continuing relevance of a prolific writer and speaker who was a major influence on American culture during the latter half of the twentieth century A thinker attuned to the spiritual malaise affecting the Western mind Watts 1915 1973 provided intellectual and spiritual alternatives that helped shape the Beat culture of the 1950s and the counterculture of the 1960s Well known for introducing Buddhist and Daoist spirituality to a wide Western audience he also wrote on psychology mysticism and psychedelic experience Many idolized Watts as a guru mystic yet he was also dismissed as intellectually shallow and as a mere popularizer of Asian religions the Norman Vincent Peale of Zen Both critical and appreciative this edited volume locates Watts at the forefront of major paradigmatic shifts in Western intellectual life Contributors explore how Watts s work resonates in present day scholarship on psychospiritual transformation Buddhism and psychotherapy Daoism in the West phenomenology and hermeneutics humanistic and transpersonal psychology mysticism and ecofeminism among other areas When Blood and Bones Cry Out John Paul Lederach, Angela Jill Lederach, 2011-10-21 Around the world communities that have suffered the trauma of unspeakable violence in Liberia Somalia West Africa Columbia and elsewhere are struggling to recover and reconcile searching for ways not just to survive but to heal In When Blood and Bones Cry Out John Paul Lederach a pioneer of peace building and his daughter Angela Jill Lederach show how communities can recover and reconnect through the power of making music creating metaphors and telling their extraordinary stories of suffering and survival Instead of relying on more common linear explanations of healing and reconciliation the Lederachs demonstrate how healing is circular dynamic and continuing even in the midst of ongoing violence They explore the concept of social healing a profoundly important intermediary step between active warfare and reconciliation Social healing focuses on the lived experience of those who have suffered protracted violence and their need to give voice to that experience both individually and collectively Giving voice speaking the unspeakable in words and sounds that echo throughout traumatized communities can have enormous healing power Indeed the Lederachs stress the remarkable effects of sound and vibration through tales of Tibetan singing bowls Van

Morrison's transcendent lyrics the voices of mothers in West Africa and their own personal journeys And they include inspiring stories of transformation a mass women's protest movement in Liberia that forces leaders to keep negotiating until a peace agreement is signed elders in Somalia who walk between warring clans year after year to encourage dialogue former child soldiers who run drum workshops and grow gardens in refugee camps and rape victims in Sierra Leone who express their pain in poetry With equal measures of insight and compassion When Blood and Bones Cry Out offers a promising new approach to healing traumatized communities

Nurturing a Daoist-Inspired Classroom Pedagogy Through the Contemplative Lenses of Teacher Diaries David McLachlan Jeffrey, 2024-08-01 The harmonizing influence of ancient Daoist philosophy is of much relevance to the world in which we live today and this is especially so in the field of global education Among the growing numbers of contemporary teachers and scholars who nurture Daoist wisdom in their classrooms this book takes the unique pathway of considering its applications through the contemplative lenses of teacher diaries Its South African born author has taught academic English for over three decades in Japan the Middle East and the People's Republic of China Since early childhood he has infused his fascination for Daoist wisdom with his enjoyment of writing diaries and in ways that derive insights into the compassionate frugal and humble foundations of Daoist inspired pedagogies within contemporary classroom environments This book presents Daoist wisdom in terms of it being the Supreme Ultimate of all ways It introduces the classical Daoist texts of the Laozi the Zhuangzi and the Liezi and shares a short historical overview of Daoism with its growing global influence As such it emphasizes that Daoist inspired pedagogies encourage a delicate balance between intuitive insights and intellectual analysis and in ways that are not antagonistic toward each other but which dance together as one In this regard the role of meditation during the undertaking of diaries is specifically highlighted concerning its propensity to bring one into the present moment pacify racing thoughts and transcend the ego It also shows how a meditative state of mind that accompanies the reading writing and analysis of the diary entries contributes to deeper self discernment along with unique intuitive insights related to oneself as a teacher and the classroom environment In addition this book describes how the Wordsmith Tools Program and the Book of Changes can be used as additional approaches to analyzing thought patterns within the diary entries and how these also nurture inward contemplations and the intuitive insights that accompany them Thereafter considerations based on the applications of core Daoist principles for classroom pedagogies are filtered through the contemplative lenses of teacher diaries These principles are the unintentional integrity of de the complementary duality of yin yang the cosmic vitality of qi the self so ness of ziran the unforceful spontaneity of wuwei and the unblemished purity of pu This book illustrates through its diary lenses how these six Daoist principles can be nurtured in ways that contribute to a scholarliness that is grounded in an equal appreciation for the logical applications of intelligence along with the uniqueness of intuitive creativity which cannot be explicitly taught but which spontaneously arises from within the deep reservoirs of intuitive wisdom which exist within the true selves of everyone

In addition this book shares pearls of Daoist wisdom for teachers from within the poetic chapters of the Laozi as well as within the amusingly enlightening stories in the Zhuangzi and the Liezi such that their ancient teachings can be applied to Daoist inspired pedagogies and nurtured in ways that unite the joyfulness and scholarly efficacy of both teaching and learning It is shown how doing so enhances a sense of awe wonder openness and contemplative oneness within the classroom environment making it a happier more contented and more meaningful place for both teachers and students **Mountain**
