Derren Brown Tricks Of The Mind Ebook:

Tricks of the Mind Derren Brown, 2007 Derren Brown's television and stage performances have entranced and dumbfounded millions. His baffling illusions and stunning set pieces such as The Seance, Russian Roulette and The Heist have set new standards of what's possible as well as causing more than their fair share of controversy. Now for the first time he reveals the secrets behind his craft, what makes him tick and just why he grew that beard. *Tricks of the Mind* takes you on a journey into the structure and psychology of magic. Derren teaches you how to read clues in people's behaviour and spot liars. He discusses the whys and wherefores of hypnosis and shows how to do it. And he investigates the power of suggestion and how you can massively improve your memory. He also takes a long hard look at the paranormal industry and why some of us feel the need to believe in it in the first place. Alternately hilarious, controversial and challenging, *Tricks of the Mind* is essential reading for Derren's legions of fans and pretty bloody irresistible even if you don't like him that much. **HIS NEW BOOK A LITTLE HAPPIER NOTES FOR REASSURANCE IS AVAILABLE FOR PRE ORDER NOW**

Sherlock Holmes from Screen to Stage Benjamin Poore, 2017-08-24 This book investigates the development of Sherlock Holmes adaptations in British theatre since the turn of the millennium. Sherlock Holmes has become a cultural phenomenon all over again in the twenty-first century as a result of the television series *Sherlock* and *Elementary* and films like *Mr Holmes* and the Guy Ritchie franchise starring Robert Downey Jr. In the light of these new interpretations, British theatre has produced timely and topical responses to developments in the screen. Sherlock's stories. Moreover, stage Sherlock's of the last three decades have often anticipated the knowing metafictional tropes employed by screen adaptations. This study traces the recent history of Sherlock Holmes in the theatre, about which very little has been written for an academic readership. It argues that the world of Sherlock Holmes is conveyed in theatre by a variety of games that activate new modes of audience engagement. *Practical*
