Daddies Do It Different:

Daddies Do It Different Alan Lawrence Sitomer, 2015-06-04 Daddy sure doesn't do things the way Mommy does. Just in time for Father's Day, this hilarious picture book takes a high-spirited look at the way dads put their own spin on different parts of a child's life, from going to a birthday party to bathtime. Alan Sitomer's debut picture book is inspired by his own experiences as a father and winningly complemented with delightful art by Abby Carter. ***Daddies of a Different Kind*** Tony Silva, 2023-09-12 This book is the first to explore the stories of gay and bisexual men who identify as a daddy and the first to interview young adult men about why they are interested in older men for sex and relationships. ***A to Zoo*** Rebecca L. Thomas, 2018-06-21 Whether used for thematic story times, program and curriculum planning, readers advisory, or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. Covering more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive, as opposed to formal catalog subject terms, to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further extend access to titles. ***Naked Among Thistles*** Katherine McMahon, Alison Wren, 2014-05-26 Collecting established names such as Edwin Morgan and Jo Clifford alongside newer writers, *Naked Among Thistles* is a moving anthology that speaks honestly about issues which are too often hidden in stigma and silence. Whether you are an LGBT person looking for solidarity, a friend who would like to learn how to be more supportive, a professional looking to better understand the mental health inequalities LGBT people face, or just someone who appreciates the diversity of people's stories, this book is for you. ***A Multimodal Approach to Challenging Gender Stereotypes in Children's Picture Books*** A. Jesús Moya-Guijarro, Eija Ventola, 2021-11-09 This collection offers a thorough treatment of the ways in which the verbal and visual semiotic modes interrelate toward promoting gender equality and social inclusion in children's picture books. Drawing on cutting-edge theoretical work in multimodality, including multimodal cognitive linguistics, multimodal discourse analysis, and visual social semiotics, the book expands on descriptive-oriented studies to offer a more linguistically driven perspective on children's picture books. The volume explores the choice afforded to and the lexico-semantic and discursive strategies employed by writers and illustrators in conveying representational, interpersonal, and textual meanings in the verbal and non-verbal components in these narratives in order to challenge gender

stereotypes and promote the social inclusion of same sex parent families This book will be of particular interest to students and scholars in multimodality discourse analysis social semiotics and children s literature Chapters 1 8 and 9 of this book are freely available as downloadable Open Access PDFs under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license available at <http://www.taylorfrancis.com>
