Democratization and Securitization Adina Marina Stefan, 2009 Securitization and Democratization reveals the mutual dependency between democratization and securitization two processes that while evolving reinforce each other The study of the democratic consolidation is complemented by the more complex and dynamic securitization elements that offer an in depth view of the internal threats to be faced Ms Stefan s analysis creates an articulated and coherent concept underlying the close dependence between democracy and security As a study case Romania provides a wide scale of situations in several security sectors and contributes to building a model that is operational in any post communist society *Israel's*

Securitization Dilemma Ronnie Olesker, 2021-08-05 This book examines how the Zionist movement and later the state of Israel have dealt with various longstanding efforts to delegitimize Israel s standing in the international community including by the Arab League Boycott the United Nations and the Boycott Divest and Sanctions BDS movement Through historical and archival research as well as discourse analysis of legal and governmental documents public statements of Israeli officials and interviews with Israeli policy makers this book argues that Israel has constructed perceived and real challenges to its legitimacy as ontological threats that undermine its national security and has securitized its Jewish identity in response to these threats As a result the state has adopted extraordinary measures often marked by illiberalism Rather than enhance Israel s international legitimacy these measures have undermined it further especially among liberal audiences in the West whose support is critical for Israel s continued international legitimacy Therefore Israel is locked in a securitization dilemma where actions taken to enhance its security through increased legitimacy result in further delegitimization Highlighting the ways this securitization dilemma is at the heart of Israeli policymaking today particularly in the context of the recent BDS movement this book brings into focus key problems that Israel faces as it attempts to combat delegitimization movements against its self constructed identity as a Jewish state This book will be of great interest to students scholars and policy makers engaged with critical security studies and delegitimization Israeli studies and Jewish identity and policymaking in the Middle East *Democratization* Jean Grugel, Matthew Louis Bishop, 2013-12-04 The second edition of this popular and authoritative text provides a truly global assessment of democratization in theory and practice in the contemporary world It has been systematically revised and updated throughout to cover recent developments from the impact of 9 11 and EU enlargement to the war in Iraq

EU Foreign Policy and Hamas Adeeb Ziadeh,2017-10-20 Shortly after the overwhelming victory of Hamas in the 2006 parliamentary and municipal elections civil war broke out in the Gaza Strip between members of the two factions Hamas and Fatah The EU along with the US UN and Russia not only gave its support to Fatah against Hamas but also imposed a tough siege on the Hamas government in an attempt to force it to accept the Quartet s political conditions described by Hamas leaders as unfair and impossible Many observers are convinced that the EU s behaviour in this matter has been unreasonable and has conflicted with the EU s own democratic beliefs and values This book sheds light on the EU s policies in Palestine mainly from 2003 2013 and provides a thorough examination of the inconsistencies and

paradoxes in the EU discourse towards Hamas and the determinants underlying such contradictions It explores the reasons behind the EU labelling the Hamas a terrorist organization and discusses why the EU has boycotted its democratically elected body since 2006 Significantly the book looks at whether the EU jeopardized its reputation and contravened its core normative values and objectives democracy promotion human rights the rule of law and fundamental freedoms by such a categorisation of Hamas Exploring the EU s policy towards Hamas is vital for understanding how the relationship between the EU and the rest of the Islamists in the Middle East is perceived as it enables both sides to have a cognitive basis upon which to construct better relations This book based upon a vast spread of primary EU documents and interviews will therefore be a valuable resource for those studying the Arab Israeli conflict Political Islamic movements the Middle East Peace Process and anyone with an interest in European Union Foreign Policy

Trajectories of Minority Rights Issues in Europe Timofey Agarin,Malte Brosig,2016-01-13 The interest in minority protection emerged during the period of democratic transition particularly of ethnically segmented postcommunist societies after the end of the Cold War Minority issues became prominent as postcommunist states lined up as potential candidates for EU membership and the respect for and protection of minority rights was an essential part of criteria these states had to fulfil before EU accession Minority rights protection has constituted an important gatekeeping criterion for EU membership Its monitoring remains a powerful instrument to mediate tensions and to adjudicate discriminations in the present day Europe In many countries minority rights standards have been transposed in domestic legislation but whether these norms constitute a legitimate background which states accept sustain and promote is the focus of this book This volume takes on the task of analysing the diffusion of minority rights norms across the European continent It looks specifically at the oft neglected process of compliance meaning not only the formal adoption of European laws but also their implementation within the domestic context The contributions analyse the political rhetoric legal transposition and behavioural compliance in a range of European states East and West to assess compliance to norms of minority protection This book was published as a special issue of Perspectives on European Politics and Society

Ethnic Minorities in Democratizing Muslim Countries Maurizio Geri,2018-04-27 This book explores the ways in which democratizing Muslim countries treat their ethnic minorities requests of inclusiveness and autonomy The author examines the results of two important cases the securitization of Kurds in Turkey and the autonomization a new concept coined by the study of Acehnese in Indonesia through multiple hypotheses the elites power interest the international factors the institutions and history of the state and the ontological security of the country By examining states with ethnic diversity and very little religious diversity the research controls for the effect of religious conflict on minority inclusion and so allows expanded generalizations and comparisons In non Muslim majority countries and in so called mature democracies the problem of the inclusion of old or new ethnic minorities is also crucial for the sustainability of the never ending democratization processes
