seasoned enthusiast this beginner's guide invites you to embark on a journey of exploration and discovery sparking your imagination and inspiring you to uncover the truths behind the world's most intriguing mysteries Join us as we unravel the tales of the unknown **A to Z Cryptids II** Slade Delastrode,2023-05-25 Bigfoot and the Loch Ness Monster still won't be found inside this second volume of A to Z Cryptids But their monstrous brethren are here More bizarre seen but never captured creatures based on bona fide reports from all over the world Grab your crayons colored pencils and other coloring media and prepare for an adventure The monsters presented here will thrill the little ones with easy to color bold and basic creature drawings but will present a unique challenge to adult artists with detailed background renderings of each creature's natural habitat A short description of each cryptid is included to prepare you for each encounter Twenty six pages total covering all new animals of Cryptozoology A to Z printed on one side of the page should your choice of coloring tools bleed through Anthropology and Cryptozoology Samantha Hurn,2016-11-03

Cryptozoology is best understood as the study of animals which in the eyes of Western science are extinct unclassified or unrecognised In consequence and in part because of its selective methods and lack of epistemological rigour cryptozoology is often dismissed as a pseudo science However there is a growing recognition that social science can benefit from engaging with it for as social scientists are very well aware scientific categorisation and explanation represents just one of a myriad of systems used by humans to enable them to classify and make sense of the world around them In many cultural contexts myth folk classification and lived experience challenge the truth expounded by scientists With a reflexive anthropological approach and drawing on rich empirical and ethnographic studies from around the world this volume engages with the theoretical and methodological issues raised by reported sightings of unrecognised animals Bringing into sharp focus the anthropological value and challenges for methodology posed by beliefs about unclassified creatures Anthropology and Cryptozoology Exploring encounters with mysterious creatures will be of interest to anthropologists sociologists and geographers working in the fields of research methods anthrozoology mythology and folklore and human animal interaction **A to Z Cryptids** Slade

Delastrode,2020-09-02 Bigfoot and the Loch Ness Monster can't be found on the pages of this coloring book Instead you'll find even more bizarre and yet to be discovered beasts of the land sea and air based on bona fide reports from all over the world Prepare to indulge your basic creative instincts and bring the kids Don't worry no one will get eaten The monsters presented here will thrill the little ones as easy to color bold and basic creature drawings and will present a new challenge to adult artists with complex background renderings of each creature's natural environment A short description of each cryptid is included to prepare you for each encounter Twenty six pages total covering animals of Cryptozoology from A to Z
