personalmente por Hermann Göring la Luftwaffe castigó Inglaterra con el mayor raid aéreo concebido y ejecutado en la fase inicial de la Segunda Guerra Mundial. Moonlight Sonata. Desde un año o antes los británicos tenían en su poder un ejemplar robado de Enigma, la máquina alemana de codificación más perfecta inventada hasta la fecha. En una tentativa desesperada por frustrar el bombardeo, Winston Churchill se había encomendado a sus criptoanalistas y espías para intentar descifrar los códigos nazis y neutralizar su avanzada tecnología de navegación aérea. Y aún sin respuesta, la pregunta que ocho días después alimenta los argumentos de ambas posturas: ¿Conoce Winston Churchill el nombre de la ciudad que iba a ser bombardeada y no actuó para proteger la inviolabilidad de Ultra?

Londres bajo tierra Peter Ackroyd, 2012-06-01. Cuando Peter Ackroyd publicó el impresionante libro *Londres*, una biografía que ya poco más de interse podrá decirse sobre esta fascinante ciudad. Desde sus orígenes hasta nuestros días, de los suburbios a los barrios residenciales, Ackroyd parece haber agotado el tema por completo y no haber pasado nada por alto. Sin embargo, faltaba una mirada hacia abajo y si Ackroyd demuestra ya conocer Londres de cabo a rabo, en este nuevo libro pone de manifiesto hasta qué asombroso punto lo conoce en profundidad: de arriba abajo, de las chimeneas a las alcantarillas, qué oculta el subsuelo de Londres al paseante curioso. Todo un mundo, una asombrosa fauna animal y humana, todo tipo de olores y hedores, una impresionante retahíla de leyendas urbanas, algunas incluso bien fundamentadas, los más sorprendentes vestigios del pasado. Este libro constituye una guía perfecta de ese mundo o submundo y saca a la luz una ingente cantidad de material gráfico muy curioso. Ya sea el enigmático genio de Shakespeare, la sensibilidad de Dickens o la creación de la imagen pública de Tomás Moro, la sagaz mirada de Peter Ackroyd siempre acaba por iluminar los rincones más ocultos de aquello que analiza para descubrir en ellos inesperados puntos de intersección y su impecable prosa convierte cada uno de sus libros en joyas de la historia cultural.

Selected Poems José Emilio Pacheco, George McWhirter, Thomas Hoeksema, 1987. José Emilio Pacheco's *Selected Poems* is the first major retrospective gathering to appear in an English-Spanish bilingual format of the work of one of Mexico's foremost writers. Born in 1939, his talent was recognized early and while still in his twenties he was already keeping company with the great Spanish-speaking poets of Latin America. A prolific poet and a perfectionist, Pacheco has since 1962 published seven volumes of poetry, including the National Poetry Prize-winning *No me preguntes cómo pasa el tiempo*. *Don't Ask Me How the Time Goes By* in 1969. *Tarde o temprano* collected poems of 1958 to 1980 contains the revisions on which the translations in the present volume are based. The *Selected Poems* is edited by George McWhirter of The University of British Columbia, who worked closely with Pacheco himself in choosing the poems and their English translations. Besides McWhirter's own versions are those by Thomas Hoeksema, Alastair Reid, and Linda Scheer, as well as Edward Dorn and Gordon Brotherston. Katherine Silver and Elizabeth Umlas affirming the poet's stature, McWhirter writes: "In his singularity of vision and multiplicity of poetic forms, traditional and modern, José Emilio Pacheco spans past and present in both Latin American and peninsular Spanish poetry. It is a glittering and giant technical achievement as brilliant and instantly visible as Hart Crane's *The Bridge*."
