Die Entfesselung Des Zweiten Weltkrieges Mit Dokumenten

R. C. Raack

Die Entfesselung Des Zweiten Weltkrieges Mit Dokumenten:

Germany, Hitler, and World War II Gerhard L. Weinberg, 1995-02-24 Reflecting on the greatest war in human history one cannot help but think about the terrible conflict as a whole its leaders its peoples and the puzzles still open about its conduct Leaders on both sides realised that at stake from the very beginning was a complete restructuring of the world order More than a conflict of imperial aggression World War II was about who would live and command the globe s resources and which peoples would disappear entirely because they were believed to be inferior or undesirable by the victor This collection of special studies in twentieth century German and world history illuminates the nature of the Nazi system and its impact on Germany and the world Bringing together essays now widely scattered and several never previously published in English this volume examines the Holocaust the connections between the European and Pacific theatres of war as well as the effects leaders and research problems of World War II By examining the effects of World War II its leaders its problems and the Holocaust this volume provides an illuminating study of the nature of the Nazi system and its impact on Germany and the world

Goebbels Peter Longerich, 2015-05-05 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE TELEGRAPH From renowned German Holocaust historian Peter Longerich comes the definitive one volume biography of Adolf Hitler s malevolent minister of propaganda In life and in the grisly manner of his death Joseph Goebbels was one of Adolf Hitler s most loyal acolytes By the end no one in the Berlin bunker was closer to the F hrer than his devoted Reich minister for public enlightenment and propaganda But how did this clubfooted son of a factory worker rise from obscurity to become Hitler s most trusted lieutenant and personally anointed successor In this ground breaking biography Peter Longerich sifts through the historical record and thirty thousand pages of Goebbels s own diary entries to provide the answer to that question Longerich the first historian to make use of the Goebbels diaries in a biographical work engages and challenges the self serving portrait the propaganda chief left behind Spanning thirty years the diaries paint a chilling picture of a man driven by a narcissistic desire for recognition who found the personal affirmation he craved within the virulently racist National Socialist movement Delving into the mind of his subject Longerich reveals how Goebbels s lifelong search for a charismatic father figure inexorably led him to Hitler to whom he ascribed almost godlike powers This comprehensive biography documents Goebbels s ascent through the ranks of the Nazi Party where he became a member of the F hrer s inner circle and launched a brutal campaign of anti Semitic propaganda Though endowed with near dictatorial control of the media film radio press and the fine arts Longerich s Goebbels is a man dogged by insecurities and beset by bureaucratic infighting He feuds with his bitter rivals Hermann G ring and Alfred Rosenberg unsuccessfully advocates for a more radical line of total war and is thwarted in his attempt to pursue a separate peace with the Allies during the waning days of World War II This book also reveals as never before Goebbels s twisted personal life his mawkish sentimentality manipulative nature and voracious sexual appetite A harrowing look at the life of one of history s greatest monsters Goebbels delivers fresh insight into how the Nazi

message of hate was conceived nurtured and disseminated This complete portrait of the man behind that message is sure to become a standard for historians and students of the Holocaust for decades to come Praise for Goebbels Peter Longerich has delved into rarely accessed material from his subject's diaries which span thirty years to paint a remarkable portrait of the man who became one of Hitler's most trusted lieutenants The Daily Telegraph Praise for Heinrich Himmler There have been several studies of this enigmatic man but Peter Longerich's massive biography grounded in exhaustive study of the primary sources is now the standard work and must stand alongside Ian Kershaw's Hitler Ulrich Herbert's Best and Robert Gerwarth's Hitler's Hangman The Life of Heydrich as one of the landmark Nazi biographies As the author of a celebrated study of the Holocaust Longerich is better able than his predecessors to situate Himmler within the vast machinery of genocide And he brings to his task a gift for capturing those mannerisms that are the intimate markers of personality London Review of Books An excellent and comprehensive biography The New York Review of Books **Wie der Zweite Weltkrieg gemacht wurde**

- Band II. Ingo Schewiola, 2010 Hitler's War in the East, 1941-1945 Rolf-Dieter Müller, Gerd R. Ueberschär, 2002 Provides a guide to the extensive literature on the war in the East including largely unknown Soviet writing on the subject Sections on policy and strategy the military campaign the ideologically motivated war of annihilation in the East the occupation and coming to terms with the results of the war offer a wealth of bibliographic citations and include introductions detailing history of the period and related issues For military historians and for scholars who approach this period in history from a socio economic or cultural perspective No index Annotation copyrighted by Book News Inc Portland OR

Deutsch-polnische Beziehungen in Geschichte und Gegenwart: Politik, Gesellschaft, Wirtschaft, Kultur in Epochen und Regionen Andreas Lawaty, Wiesław Mincer, Anna Domańska, 2000 In der Bibliographie werden insgesamt 53184 Veröffentlichungen erfasst klassifiziert und annotiert die zwischen ca 1880 und 1998 vor allem in polnischer und deutscher aber auch in anderen Sprachen erschienen sind Es sind dies wissenschaftliche essayistische in begrenzter Auswahl auch publizistische Veröffentlichungen die sich mit den Problemen deutsch polnischer Nachbarschaft zwischen Mittelalter und Gegenwart auseinandersetzen Die Bibliographie ist gleichermassen als eine wissenschaftliche Dokumentation von Forschungstraditionen wie auch als praktisches Hilfsmittel für alle konzipiert die sich als Wissenschaftler Publizisten Politiker Kulturschaffende Studierende oder Unternehmer mit einem speziellen Aspekt der Beziehungen beschäftigen Band 1 Politik Gesellschaft Wirtschaft Kultur in Epochen und Regionen 21000 Einträge Band 2 Religion Buch Presse Wissenschaft und Bildung Philosophie und Psychologie 15800 Einträge Band 3 Sprache Literatur Kunst Musik Theater Film Rundfunk Fernsehen 16400 Einträge Band 4 Benutzerhinweise Abkürzungen Register **Wie der Zweite Weltkrieg gemacht wurde** Ingo Schewiola, 2010 Nazi Steel Marcus O Jones, 2012-07-15 This study explores an exemplary instance of the close interaction between private and official interests in planning and executing the programs of the Nazi government namely the acquisition in 1941 of the Rombach steel works by the German industrialist Friedrich Flick The industrial concern

headed by Flick was among the largest and most influential steel producers and manufacturers of war material in the German economy during World War II. Its activities in the occupied territories of western Europe centered on control of the Rombach works, a large operation established in Lorraine in the late nineteenth century by German industrialists and expropriated by France along with the entire region in the aftermath of the First World War. After successful military operations against France in 1940, the Nazi regime actively sought the collusion of the German industrial community in mobilizing the productive capacity of occupied territories for the war effort, and numerous private German businessmen advanced claims on the lucrative assets in Lorraine and adjacent regions. In his bid to gain control of the Rombach works, Flick was successful for reasons specific to his position within the Nazi German economic system and the character of his interests. This account of his activities then serves as a fine example of Nazi economic and occupation policy and its response to party business and bureaucratic influences.

Hitler, 1936-45 Ian Kershaw, 2000. This one volume edition of Kershaw's superb biography of Hitler will be the final word on the most demonic figure of the 20th century.

Stalin's Drive to the West, 1938-1945 R. C. Raack, 1995-09-01. Exploiting new findings from former East Bloc archives and from long ignored Western sources, this book presents a wholly new picture of the coming of World War II. Allied wartime diplomacy and the origins of the Cold War. The author reveals that the story widely believed by historians and Western wartime leaders alike—that Stalin's purposes in European diplomacy from 1938 on were mainly defensive—is a fantasy. Indeed, this is one of the longest enduring products of Stalin's propaganda of long-term political control of archival materials and of the gullibility of Western observers. The author argues that Stalin had concocted a plan for bringing about a general European war well before Hitler launched his expansionist program for the Third Reich. Stalin expected that Hitler's war, when it came, would lead to the internal collapse of the warring nations and that military revolts and proletarian revolutions like those of World War I would break out in the capitalist countries. This scenario foresaw the embattled proletarians calling for the assistance of the Red Army, which would sweep across Europe. The book further shows that the wartime disputes between Stalin and his Western allies originated over the postwar redistribution of the territories Stalin had gained from his pact with Hitler. The situation was complicated by the incautious unrestricted commitment of support to the Soviet Union, first by Churchill and then by Roosevelt, and wartime circumstances provided cover to obscure these diplomatic failures. The early origins of the Cold War described in this book differ dramatically from the usual accounts that see a sudden and surprising upwelling of Cold War antagonisms late in the War or early in the postwar period.

A World at Total War Roger Chickering, Stig Förster, Bernd Greiner, German Historical Institute (Washington, D.C.), 2005. This volume presents the results of a conference on the history of total war.
