López Talavera, María del Mar

Comunicacion Responsable La Autorregulacion De Los Medios Comunicacion:

Comunicación responsable Hugo Aznar, 2005 Cada vez es más frecuente que los políticos periodistas medios de comunicación y la sociedad en general apelen a la autorregulación cuando se habla de la influencia y el poder social que los medios poseen en nuestra sociedad En congresos debates editoriales de periódicos aulas de escuelas y universidades la palabra más oída de la tica de los medios de comunicación es autorregulación Frente a los excesos de unos medios sometidos exclusivamente a criterios de mercado y el peligro de quienes reclaman una vuelta a la censura y control la autorregulación supone una nueva vía todavía poco extendida para que medios periodistas y empresarios ejerzan su libertad de expresión con responsabilidad Qué mecanismos existen para hacer realidad la autorregulación Qué función desempeña un ombudsman cómo actúa un consejo de prensa para qué sirve un libro de estilo qué puede hacer una asociación de usuarios o quién debe promover un código deontológico Estas cuestiones y muchas otras son analizadas y discutidas de forma exhaustiva y por primera vez en nuestro país en este libro

Ética en los medios de comunicación López Talavera, María del Mar, 2016-11-08 Hablar de ética en los medios de comunicación en un momento histórico de crisis moral de valores no resulta tarea sencilla por lo que es imprescindible subrayar la importancia y actualidad de una deontología en este ámbito Hoy en día tanto estudiantes como profesionales de las ciencias de la información se enfrentan con problemas éticos que exigen tomar decisiones desde el punto de vista moral Es lo que los anglosajones denominan making ethical decision A tal efecto este libro aporta fundamentales contenidos y reflexiones para una correcta resolución de los dilemas éticos en el ejercicio profesional del periodismo y de la comunicación audiovisual Se abordan temas de actualidad y aplicación práctica como son entre otros el tratamiento ético de informaciones sobre violencia y terrorismo la publicidad engañosa e información subliminal la tica de los anuncios televisivos la influencia de la televisión en los niños la tica del fotógrafo en prensa y los paparazzi la deontología del tertulio radiofónico la importancia de la calidad de los contenidos en televisión la telebasura y la responsabilidad social del cineasta

Comunicación responsable Hugo Aznar, 1999 **The European Handbook of Media Accountability** Tobias Eberwein, Susanne Fengler, Matthias Karmasin, 2017-11-08 In recent years the Leveson Inquiry in Great Britain as well as the EU High Level Group on Media Freedom and Pluralism have stirred heated debates about media accountability and media self regulation across Europe How responsible are journalists How well

developed are infrastructures of media self regulation in the different European countries How much commitment to media accountability is there in the media industry and how actively do media users become involved in the process of media criticism via social media With contributions from leading scholars in the field of journalism and mass communication this handbook brings together reports on the status quo of media accountability in all EU members states as well as key countries close to Europe such as Turkey and Israel Each chapter provides an up to date overview of media accountability structures as well as a synopsis of relevant research exploring the role of media accountability instruments in each national setting including both media self regulation such as codes of ethics press councils ombudspersons and new instruments that involve audiences and stakeholder groups such as media blogs and user comment systems A theoretically informed cross national comparative analysis of the state of media accountability in contemporary Europe this handbook constitutes an invaluable basis for further research and policy making and will appeal to students and scholars of media studies and journalism as well as policy makers and practitioners
