Concise Encyclopedia of Preaching By William H Willimon **Concise encyclopedia of preaching** Richard ; Willimon Lischer (William H., eds), 1995 *Global Dictionary of Theology* William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25

Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli Matti Kärkkäinen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today's global context

Postcolonial Preaching HyeRan Kim-Cragg, 2021-02-11 In Postcolonial Preaching HyeRan Kim Cragg argues that preaching is the act of dropping the stone of the Gospel into a lake making waves to move hearts and transform the world wounded by colonial violence The ripple effect serves as a metaphor and acronym to guide to preaching that takes postcolonial concerns seriously Rehearsal Imagination Place Pattern Language and Exegesis RIPPLE Kim Cragg explains each ripple in this approach and exercise of creating and delivering sermons The author delivers fresh insights while drawing on some traditional homiletical perspectives in the service of a homiletic that takes the reality of racism migration and environmental degradation seriously Moreover Kim Cragg demonstrates the postcolonial sermon in action by including annotated homilies This book contributes to the very first

wave of the application of postcolonial scholarship in preaching Given the continuing extent and influence of colonial worldviews and legacies this approach should become a staple in preaching over the next generation **The New Interpreter's® Handbook of Preaching**, 2010-11-01 The New Interpreter's Handbook of Preaching is a major reference tool for preaching with articles on every facet of Christian sermon preparation and delivery This resource is both scholarly and practical It focuses on the most distinctive feature and greatest strength of homiletics as a discipline It is rooted in interdisciplinary scholarship and it develops theory geared to practice Its theory arises out of the study of both excellent preaching past and present and actual sermon preparation and composition When theory and practice critique each other it is possible to produce guidelines that assist greater excellence and economy in preaching the gospel Excellence in standards is an area in which homiletics needs to grow and this project will be both a means to encourage and develop it A guiding question throughout will be Will it preach The answers will be offered in the sense that here is something that works well rather than here is something to try Preachers will turn to this resource with the expectation that they will find scholarly treatment of topics brief bibliographies of relevant key books and articles along with practical methodological suggestions for preachers to employ The contributors are homileticians preachers and writers in various disciplines who are committed to the pulpit through practice *Preaching as a Theological Task* David Buttrick, Thomas G. Long, Edward Farley, 1996-01-01 How do particular world situations impact preaching How does a preacher use the gospel and Scripture to speak to those situations This volume in honor of homiletician David Buttrick explores the complex and important relationships between world gospel and Scripture and their relevance for preaching theology This book is for those seeking thoughtful and challenging new ways to approach the preaching task now and into the twenty first century Preaching Words John S. McClure, 2007-01-02 John McClure's Preaching Words highlights the most important ideas in homiletics and preaching offering short explanations of these ideas what scholars of preaching are saying about them and how they can help in today's preaching Topics range from elements of the sermon introduction body and conclusion to aspects of delivery types of preaching in different Christian traditions and theories of preaching *Her Preaching Body* Amy Peed McCullough, 2018-05-16 The preacher's body is a tool for proclamation a vehicle by which a sermon comes to life Female preachers engaged in a task not long their own know well the added attention directed to their physicality They can experience ordinary decisions about attire accessories hairstyles and movement as complex and occasionally precarious choices around how to bring flesh to their sermons They can also experience the extraordinary power of their bodies when materiality weighs in on the message McCullough explores the every Sunday bodily decisions of contemporary female preachers with an eye to uncovering the meanings about body preaching and God alive underneath Ultimately she argues for a renewed understanding of embodiment in which one's living body inescapably intertwined with her preaching becomes the avenue for greater knowledge about how to preach and deeper insight into the faith professed Fulfilled in Our Hearing

Guerric DeBona, 2005 What can today's preacher learn from past practices What needs to be adapted so that the preacher can be an authentic prophetic voice for today Father Guerric DeBona mines the treasures of the Christian homiletic tradition and confronts the challenges of modern technology multiculturalism and feminism to open a discussion about how the preacher can effectively reach the assembly in today's postmodern media saturated culture Fulfilled in Our Hearing is certain to become the standard text in homiletics courses for ordained and lay preachers alike BOOK JACKET
