Democracy And Vision Sheldon Wolin And The Vicissitudes Of The Political

Philip J. Brendese

Democracy And Vision Sheldon Wolin And The Vicissitudes Of The Political:

Democracy and Vision Aryeh Botwinick, William E. Connolly, 2001 American democracy faces severe challenges today as everyday life gathers pace national borders become increasingly porous and commodity culture becomes more dominant **Democracy and Vision** assembles a cast of prominent political theorists to consider the problems confronting political life by reviewing assessing and expanding on the ideas of one of the most influential political thinkers of the past forty years Sheldon Wolin The book consists of three sections linked by the underlying theme of Wolin s monumental effort to define the political and the conditions of democratic life In the first Nicholas Xenos George Kateb Fred Dallmayr and Charles Taylor focus in particular on whether mass political participation sustainable in times of upheaval as what Wolin aptly termed fugitive democracy can be buoyed by political institutions during periods of stability In the second section Wendy Brown Aryeh Botwinick Melissa A Orlie and Anne Norton examine the relevance of Wolin s ideas to current debates about for example social diversity and the commercialization of culture In the last Stephen K White Kirstie M McClure Michael J Shapiro and J Peter Euben address globalization and temporality in relation to Wolin s narrative of decline asking among other things whether citizenship today must incorporate a cosmopolitan dimension These essays and an introduction by William Connolly that lucidly outlines Wolin s thought and the deep uncertainty about political theory in the 1960s that did much to inspire his work offer unprecedented insights into Wolin s lament that modernity has meant the loss of the political

Democracy and Vision Aryeh Botwinick, William E. Connolly, 2018-06-05 American democracy faces severe challenges today as everyday life gathers pace national borders become increasingly porous and commodity culture becomes more dominant **Democracy and Vision** assembles a cast of prominent political theorists to consider the problems confronting political life by reviewing assessing and expanding on the ideas of one of the most influential political thinkers of the past forty years Sheldon Wolin The book consists of three sections linked by the underlying theme of Wolin s monumental effort to define the political and the conditions of democratic life In the first Nicholas Xenos George Kateb Fred Dallmayr and Charles Taylor focus in particular on whether mass political participation sustainable in times of upheaval as what Wolin aptly termed fugitive democracy can be buoyed by political institutions during periods of stability In the second section Wendy Brown Aryeh Botwinick Melissa A Orlie and Anne Norton examine the relevance of Wolin s ideas to current debates about for example social diversity and the commercialization of culture In the last Stephen K White Kirstie M McClure Michael J Shapiro and J Peter Euben address globalization and temporality in relation to Wolin s narrative of decline asking among other things whether citizenship today must incorporate a cosmopolitan dimension These essays and an introduction by William Connolly that lucidly outlines Wolin s thought and the deep uncertainty about political theory in the 1960s that did much to inspire his work offer unprecedented insights into Wolin s lament that modernity has meant the loss of the political

Democracy & the Political in Max Weber's Thought Terry Maley, 2011-10-08 Max Weber is best known as one of the

founders of modern sociology and the author of the Protestant Ethic and the Spirit of Capitalism but he also made important contributions to modern political and democratic theory In *Democracy and the Political* in Max Weber's Thought Terry Maley explores through a detailed analysis of Weber's writings the intersection of recent work on Weber and on democratic theory bridging the gap between these two rapidly expanding areas of scholarship Maley critically examines how Weber's realist model of democracy defines and constrains the possibilities for democratic agency in modern liberal democracies Maley also looks at how ideas of historical time and memory are constructed in his writings on religion bureaucracy and the social sciences *Democracy and the Political* in Max Weber's Thought is both an accessible introduction to Weber's political thought and a spirited defense of its continued relevance to debates on democracy

Liberal Democracy and the Social Acceleration of Time William E. Scheuerman, 2004-06-22 The political and legal institutions of liberal democracy were designed in an era in which information transactions travel and other aspects of social life moved at a much slower pace The rapid acceleration of social life that characterizes today's world potentially disables these institutions according to Scheuerman political science U of M

The Promise of Martin Luther's Political Theology Michael Richard Laffin, 2016-10-20 Michael Laffin demonstrates the promise of Martin Luther's thought for contemporary political theology by showing how Luther has been over determined in standard genealogies of modernity which frequently deafen us to his unique contribution Laffin argues that contemporary theologians have typically followed a narrative derived from the work of a previous generation of political historians and philosophers which tend to screen out or distort the Reformers contribution to political theory Common to these narratives are charges against Luther for his perceived univocal and nominal ontology resulting in a privatized and spiritualized Christianity thus falsely dividing the world into autonomous spheres Additionally the narratives claim that Luther follows in the wake of voluntarism leading to an insistence on human passivity that leaves no room for pagan virtue Thus politics is reduced to an authoritarian imposition of order In contrast to the dominant narratives of political modernity Laffin re examines these narratives by focusing on the political significance of areas in Luther's corpus often neglected in contemporary accounts of his political thought especially his commentaries on Scripture and writings on the sacraments Attention to these writings brings forth the crucial themes of the two ecclesiae and the three institutions Constructively these themes are deployed in critical engagement with contemporary political theology particularly as represented in Radical Orthodoxy and the new Augustinianism

Power, Judgment and Political Evil Danielle Celermajer, 2016-04-08 In an interview with G nter Gaus for German television in 1964 Hannah Arendt insisted that she was not a philosopher but a political theorist Disillusioned by the cooperation of German intellectuals with the Nazis she said farewell to philosophy when she fled the country This book examines Arendt's ideas about thinking acting and political responsibility investigating the relationship between the life of the mind and the life of action that preoccupied Arendt throughout her life By joining in the conversation between Arendt and Gaus each contributor probes her ideas about thinking

and judging and their relation to responsibility power and violence An insightful and intelligent treatment of the work of Hannah Arendt this volume will appeal to a wide number of fields beyond political theory and philosophy including law literary studies social anthropology and cultural history The Work of Politics Steven Klein,2020-09-24 This theoretically innovative book shows how democratic social movements can use the welfare state to challenge domination in society

The Power of Memory in Democratic Politics Philip J. Brendese,2014 Offers an examination of ancient modern and contemporary political theories and practices in order to develop a more expansive way of conceptualizing memory how political power influences the presence of the past and memory's ongoing impact on democratic horizons **Dialogue Among Civilizations** F. Dallmayr,2016-04-30 Dialogue Among Civilizations explores the social cultural and philosophical underpinnings of civilizational dialogue by asking questions such as What is the meaning of such dialogue What are its preconditions Are there different trajectories for different civilizations Is there also a dialogue between past and future involving remembrance Exemplary voices range from Ibn Rushd Goethe and Hafiz to Soroush Gadamer and the Mahatma Gandhi *Healthy Conflict in Contemporary American Society* Jason A. Springs,2018-04-12 US citizens perceive their society to be one of the most diverse and religiously tolerant in the world today Yet seemingly intractable religious intolerance and moral conflict abound throughout contemporary US public life from abortion law battles same sex marriage post 9 11 Islamophobia public school curriculum controversies to moral and religious dimensions of the Black Lives Matter and Occupy Wall Street movements and Tea Party populism *Healthy Conflict in Contemporary American Society* develops an approach to democratic discourse and coalition building across deep moral and religious divisions Drawing on conflict transformation in peace studies recent American pragmatist thought and models of agonistic democracy Jason Springs argues that in circumstances riven with conflict between strong religious identities and deep moral and political commitments productive engagement may depend on thinking creatively about how to constructively utilize conflict and intolerance The result is an approach oriented by the recognition of conflict as a constituent and life giving feature of social and political relationships

Democracy And Vision Sheldon Wolin And The Vicissitudes Of The Political Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been much more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such is the essence of the book **Democracy And Vision Sheldon Wolin And The Vicissitudes Of The Political**, a literary masterpiece that delves deep into the significance of words and their effect on our lives. Published by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
