Computer Security -- ESORICS 2013 Jason Crampton, Sushil Jajodia, Keith Mayes, 2013-08-15 This book constitutes the refereed proceedings of the 18th European Symposium on Computer Security ESORICS 2013 held in Egham UK in September 2013. The 43 papers included in the book were carefully reviewed and selected from 242 papers. The aim of ESORICS is to further the progress of research in computer security by establishing a European forum for bringing together researchers in this area by promoting the exchange of ideas with system developers and by encouraging links with researchers in related areas. The papers cover all topics related to security, privacy and trust in computer systems and networks.

Software Ecosystems Slinger Jansen, Michael A. Cusumano, Sjaak Brinkkemper, 2013-01-01 This book describes the state of the art of software ecosystems. It constitutes a fundamental step towards an empirically based nuanced understanding of the implications for management, governance and control of software ecosystems. This is the first book of its kind dedicated to this emerging field and offers guidelines on how to analyze software ecosystems, methods for managing and growing methods on transitioning from a closed software organization to an open one and instruments for dealing with open source licensing issues, product management and app stores. It is unique in bringing together industry experiences, academic views and tackling challenges such as the definition of fundamental concepts of software ecosystems, describing those forces that influence its development and lifecycles and the provision of methods for the governance of software ecosystems. This book is an essential starting point for software industry researchers, product managers and entrepreneurs.

The Constantinian Order of Saint George Guy Stair Sainty, 2018-12-01 According to legend, the Constantinian Order is the oldest chivalric institution founded by Emperor Constantine the Great and governed by successive Byzantine Emperors and their descendants. While this chronology was supported by multiple writers even into the twentieth century, it has little historical basis. Nonetheless, the Angeli Farnese and Bourbon families, which held the Grand Mastership, could legitimately claim Byzantine imperial descent, albeit in the female line, and the Order's cross replicates that seen by Constantine in the vision recorded by both Lactantius and Eusebius, writing very soon after Maximian's defeat at the battle of the Milvian Bridge. The Order's emergence in the middle of the sixteenth century, when Christian Europe was under assault from a militant Ottoman empire, gained Papal support almost immediately and by the end of the seventeenth century the Order had members across the Italian peninsula, in Spain, Bavaria, Austria and Bohemia, Croatia and Poland. Today, the majority of the Order's members are found in Italy and Spain, but there are also members in Portugal, France, Belgium, Great Britain and Luxembourg, with smaller groups in the Netherlands, Germany and Sweden, as well as an expanding membership in the United States. This work examines the conversion of Constantine and the histories of the Angeli Farnese and Bourbon Grand Masterships, with extensive reference to hitherto unpublished documents in the Vatican archives and in the Farnese and Bourbon archives in Naples. These serve

to confirm the close relationship the Order had with the Church and the high regard in which it was held by successive Popes as well as its autonomy as a subject of canon law independent from any crown or temporal sovereignty This unique status has enabled its hereditary Grand Masters to maintain this dignity after the absorption of the former Kingdom of the Two Sicilies into a united Italy The Order s autonomy coupled with the Grand Master s close links to the Spanish Crown has meant that Spanish and Italian citizens as well as the citizens of several other states which have accorded the Order recognition may obtain official permission to wear the Order s decorations 2018 is the three hundredth anniversary of the Papal Bull *Militantis Ecclesiae* which confirmed and approved the previous Papal acts concerning the Order and laid out the rights and privileges of the Order its Grand Masters and members In the early 20th century Pope Saint Pius X and Benedict XV conferred further privileges on the Order approving the statutes while the then future Pope Pius XII had been admitted to the Order in 1913 Today the Order is engaged in works of charity in conformity with the Church s teachings and includes among its members some thirteen Cardinals as well as some thirty members of reigning or former reigning families
