discovers nothing is what he expected that his life has been planned from the beginning He is faced with ultimate betrayal In
the end he won t be asked to save the world It ll be the entire universe **INTERVIEW WITH THE AUTHOR** When did you start
writing My first effort started with Socket Greeny It was a story I started for my son because he hated to read It didn t work
but this character Socket took root It was the first time I felt possessed by a character with a story to tell It took me 5 years
and countless rewrites to get it right I waited by the mailbox after that but the giant paycheck never arrived If you can t
make money why write fiction I didn t say you can t make money There are a lot of people out there with a good book

whether it's romance dystopia science fiction or young adult I'm just a minnow in a crowded pond It took a good deal of networking and research to realize just how hard it is Thanks to epublishing I can get the book out That frees me up to write what inspires me Writing is the true love There's something deeply satisfying to have characters come to life in your mind and watch their stories unfold It's a deeper experience than reading someone else's story What do you want readers to get from your stories I've always been inspired by fearless writing that asked poignant questions questions like who am I and what is the universe Things that made me look at life slightly different books that exposed a layer of reality Writing in the young adult genre appealed to me most because that's the age I really craved those questions and answers I want readers to see the world slightly different What is your favorite character I love a bad bad antagonist that you can't entirely hate there's some smidgeon of redemption you feel inside this demented sorry character Heath Ledger's Joker A despicable character that didn't deserve an ounce of pity but for some reason I didn't hate him as much as I should have It's that character I find most intriguing In The Socket Greeny Saga the character Pike was my Joker

Flury: Journey of a Snowman Tony Bertauski, 2014-11-15 Life hasn't been kind to Oliver Toye As if juvenile diabetes isn't enough he's forced to live with his tyrannical grandmother in a snow bound house He spends his days doing chores and the nights listening to the forest rumble But when he discovers the first leather bound journal the family secrets begin to surface The mystery of his great grandfather's voyage to the North Pole is revealed That's when the snowman appears Magical and mysterious the snowman will save Oliver more than once But when the time comes for Oliver to discover the truth will he have the courage When Flury needs him will he have the strength When believing isn't enough will he save the snowman from melting away Because sometimes even magic needs a little help

INTERVIEW WITH AUTHOR Where did you come up with the idea of writing science fiction for holiday characters My nephew mentioned the secret Santa ninja elves that visit his school during Christmas and this spawned the idea of writing a semi serious sci fi version of Santa How the ideas flesh out is a long process I started keep track of how the story arc of my latest novel evolves just to remember where it began It's all over the place I love the challenge of bringing a story to light letting the characters get in my head and telling me where to go

Flury Journey of a Snowman is the third book in the Claus series It was originally Frosty the Snowman but Frosty is copyrighted It didn't matter really The character was better suited to be something other than Frosty Flury is a bit more serious Are you getting any backlash for rewriting these Christmas legends Not at all In fact a lot of readers have connected to all the unanswered questions surround them especially Santa Claus How does he go around the world in a night Why is he fat Why does he live on the North Pole How do reindeer fly How does he carry all those presents All of them answered with the magic wand of science fiction I mean the science wand of science fiction The stories still have the fantasy element of course Some leaps of imagination And also the romance angle Why Because all stories have love What is your favorite character from the books that you have written Socket Greeny is one of my favorites That science fiction trilogy was my first story I wrote it in first

person and really connected with him However Jack Frost is in Claus Legend of the Fat Man and Jack The Tale of Frost and has become my all time fave He s childish irreverent and dangerous but at the same time lovable What order should readers purchase the Claus books Claus Legend of the Fat Man is the best start After that any order works They all can be read as standalone novels

Seeds of Foreverland Tony Bertauski, 2015-10-09 Harold Ballard s breaking point came in the sixth grade John Lively was a mouth breather that no one cared about He was an over sized sixth grader destined to be incarcerated God wasted a body on him Harold was a curious loner that sat in the back Unlike John s family Harold s parents loved him They just didn t have time for him They spent days in the basement working on something that would change the world Sometimes it was weeks Harold was tired of being forgotten and pushed around He pushed back That day would change the world That day would change him into the man he was destined to become His curiosity would lead him to Foreverland

INTERVIEW WITH THE AUTHOR HOW IMPORTANT ARE NAMES TO YOU IN THIS BOOK DID YOU CHOOSE THEM BASED ON SOUND OR MEANING Almost all of my books have names with special meaning some foreshadowing a big twist In The Annihilation of Foreverland Reed s name was symbolic of his ability to tolerate suffering bending in the face of gale forces but never breaking

WHERE DOES YOUR TOMORROW SPRING FROM IN OTHER WORDS HOW DID YOU COME UP WITH THE CRAZY WORLD Sometimes I can t remember how the story started by the time I get to the end The Annihilation of Foreverland started with the premise of identity I wanted to write it as a YA book in the science fiction dystopia genre in a way that slowly unfolded as well as questioned who we are and explore our fear of death and what we re willing to do to avoid it Like all of my stories it does have a romantic angle mixed into the action Because it should

GIVE YOUR BOOK THE BECHDEL TEST IT HAS TO HAVE AT LEAST TWO NAMED WOMEN IN IT WHO TALK TO EACH OTHER ABOUT SOMETHING BESIDES A MAN I failed because there s only one female in The Annihilation of Foreverland However the young adult sequel Foreverland is Dead passes with flying colors since its mostly female characters that rarely talk about men

WHAT SORT OF BODY COUNT ARE WE TALKING HERE The bodies die but not necessarily the characters Chew on that a second

DO YOU WANT YOUR TOMORROW TO MAKE IT BIG AS IN JK ROWLINGS BIG WHY OR WHY NOT Believe it or not no Don t get me wrong I d like to make enough cash to pay off this house and send my kids to college but I ll pass on fame and fortune Anonymity is a blessing

YOU CAST YOUR CHARACTERS FOR A MOVIE WHO MAKES IT In The Annihilation of Foreverland I only casted two characters in my head while I was writing it The Director is Jeff Bridges and Mr Jones is Anthony Hopkins It was like watching a movie as I wrote

HAVE YOU WRITTEN IN ANY OTHER GENRES BESIDES YA DYSTOPIAN WHAT DREW YOU TO YOU THIS GENRE I ve been fascinated by consciousness identity and what this all means since I was young I would read my grandfather s science fiction books with elements of artificial intelligence and alternate realities and wonder what happened when they died I suppose that s why all of my writing deals with the big mysteries of life in one way or another In a way I write for my own exploration in a sort of thought experiment approach

pulling apart our identities exploring what makes us who we are If I lost my memories would I still be me If I had my body parts replaced with synthetic replications at what point would I not be me Do I even need a body What am I A few years ago I figured I d write a romance novel Since all of my books have a romantic element I thought it would be fun Halfway through the novel I found myself thinking more and more about the next project a dystopian idea So 40 000 words in I scrapped the romance novel and got back to what I love Science fiction
