Chasing Aphrodite Chasing Aphrodite:

Summary of Jason Felch & Ralph Frammolino's Chasing Aphrodite Everest Media,2022-05-18T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 In 1964 the fishing trawler Ferruccio Ferri was trawling the waters off Italy's east coast when it caught a patch of gold colored metal The crew decided to sell it and split the profits 2 The crew brought the statue ashore on a handcart and took it to the house of Pirani's cousin who owned the boat The statue began to smell of rotting fish and the cousin moved it to a covered garden patio Several local antique dealers came to look at it but they wanted more money 3 In 1966 the statue was found in a church in Gubbio and hidden by Father Giovanni Nagni It was seized by the Carabinieri in 1968 but the conviction was overturned in 1968 In 1966 it was sold to a Luxembourg based art consortium called Artemis 4 When the bronze athlete came his way Getty was a shrunken decrepit man He hardly filled out the suit and tie he had worn since his teens His heavily lidded eyes framed by jowly cheeks gave him a perpetual scowl He kept his thoughts hidden behind a stony exterior **Chasing Aphrodite** Jason Felch,Ralph

Frammolino,2011 A dramatic account of the recent voluntary surrender of priceless pieces of art by American museums to the governments of Italy and Greece reveals the illegal antiquities trade at the Getty museum the roles played by various contributors and the aftershocks being experienced throughout the art world 15 000 first printing **Chasing Aphrodite:**

Removing Hubris from the Sacred Joyce M. McCart,2015 **Chasing Aphrodite** Emil Rem,2021-12-02 St George was still pouting When he looked at him again through the rear view mirror the Saint reminded him of the Saracen As he gazed out at the revelers on the beach he was transported to a beach in Africa where a native boy peered at him from behind a sand dune much as he had spent his life peering at the alien world around him trying in vain to understand it to make it more manageable And so he oscillated between the past and the present the past so dangerously more real **The Palgrave**

Handbook on Art Crime Saskia Hufnagel,Duncan Chappell,2019-06-27 This handbook showcases studies on art theft fraud and forgeries cultural heritage offences and related legal and ethical challenges It has been authored by prominent scholars practitioners and journalists in the field and includes both overviews of particular art crime issues as well as regional and national case studies It is one of the first scholarly books in the current art crime literature that can be utilised as an immediate authoritative reference source or teaching tool It also includes a bibliographic guide to the current literature across interdisciplinary boundaries Apart from legal criminological archeological and historical perspectives on theft fraud and looting this volume contains chapters on iconoclasm and graffiti underwater cultural heritage the trade in human remains and the trade theft and forgery of papyri The book thereby hopes to encourage scholars from a wider variety of disciplines to contribute their valuable knowledge to art crime research **Artwashing the Past** David W.J. Gill,2024-10-01 **Artwashing the Past** Context Matters contributes to the wider discussion about the appropriate due diligence process that should be conducted prior to the acquisition of cultural objects The chapters were written as museums in Europe and North

America were facing a series of claims on recently acquired objects in their collections in the light of the photographic dossiers that had been seized from dealers in Switzerland and Greece They engage with some of the recent debates over cultural property that include the Ka Ka Nefer mummy mask currently in the St Louis Art Museum and the Leutwitz Apollo acquired by the Cleveland Museum of Art Two of the essays reflect on the recent and controversial metal detecting finds in England the so called Crosby Garrett helmet and the Lenborough Hoard [San Diego Magazine](#) ,2011-06 San Diego Magazine gives readers the insider information they need to experience San Diego from the best places to dine and travel to the politics and people that shape the region This is the magazine for San Diegans with a need to know *The Oxford Handbook of Museum Archaeology* Alice Stevenson,2022 This Handbook provides a transnational reference point for critical engagements with the legacies of and futures for global archaeological collections It advances museum archaeology as an area of reflexive research and practice addressing the critical issues of what gets prioritized by and researched in museums by whom how and why **A Companion to the Etruscans** Sinclair Bell,Alexandra A. Carpino,2016-02-23 This new collection presents a rich selection of innovative scholarship on the Etruscans a vibrant independent people whose distinct civilization flourished in central Italy for most of the first millennium BCE and whose artistic social and cultural traditions helped shape the ancient Mediterranean European and Classical worlds Includes contributions from an international cast of both established and emerging scholars Offers fresh perspectives on Etruscan art and culture including analysis of the most up to date research and archaeological discoveries Reassesses and evaluates traditional topics like architecture wall painting ceramics and sculpture as well as new ones such as textile archaeology while also addressing themes that have yet to be thoroughly investigated in the scholarship such as the obesus etruscus the function and use of jewelry at different life stages Greek and Roman topoi about the Etruscans the Etruscans reception of ponderation and more Counters the claim that the Etruscans were culturally inferior to the Greeks and Romans by emphasizing fields where the Etruscans were either technological or artistic pioneers and by reframing similarities in style and iconography as examples of Etruscan agency and reception rather than as a deficit of local creativity [Shaky Ground](#) Elizabeth Marlowe,2013-10-10 The recent crisis in the world of antiquities collecting has prompted scholars and the general public to pay more attention than ever before to the archaeological findspots and collecting histories of ancient artworks This new scrutiny is applied to works currently on the market as well as to those acquired since and despite the 1970 UNESCO Convention which aimed to prevent the trafficking in cultural property When it comes to famous works that have been in major museums for many generations however the matter of their origins is rarely considered Canonical pieces like the Barberini Togatus or the Fonseca bust of a Flavian lady appear in many scholarly studies and virtually every textbook on Roman art But we have no more certainty about these works archaeological contexts than we do about those that surface on the market today This book argues that the current legal and ethical debates over looting ownership and cultural property have distracted us from the epistemological problems inherent

in all ostensibly ancient artworks lacking a known findspot problems that should be of great concern to those who seek to understand the past through its material remains
