Cosmetic Surgery Deborah A. Sullivan, 2001 Cosmetic surgery is big business With demand rising this commercial medical practice has become a modern body custom To explain the emergence and growth of this demand Deborah A Sullivan looks beyond the cultural imperatives of appearance and examines the market dynamics inherent in the business and politics of cosmetic surgery In so doing she also considers the effect of commercialization on the medical profession After reviewing prevailing beauty ideals Sullivan looks at the social psychological and economic rewards and penalties resulting from the way we look Following a historical overview of the technological advances that made cosmetic surgery possible she explores the relationship between improved surgical techniques and the resulting increased demand she also examines the ensuing conflict within the profession over recognition of commercial cosmetic surgery as a specialty Among the topics covered are sensitive areas such as physician advertising unregulated practice and ambulatory surgery and the

consequences of commercialism on medical judgment Finally she reveals how physicians and their professional organizations have shaped the ways in which cosmetic surgery is presented in advertisements and women s magazines that would promote patient demand
