Gangland Crimes That Shocked Australia Ian Ferguson, 2019-05-01 Featuring the latest information about the murder of Des Moran including Judy Moran's involvement these are the gritty stories of Australia's crime world A hive of secret activity the Australian gangland world is fraught with double crossings murders theft violence and fraud Living by their own set of rules and regulations which often involve crooked members of government and the police force this is your chance to gain a real insight into how the minds and groups of these gangs really work Breaking the Banks Joseph Healy, 2019-11-01 What was once an industry built on trust professionalism and value has become synonymous with greed complacency and everything that has gone wrong with capitalism So how did Australian banks which avoided much of the aftermath of the GFC lose their way and become engulfed in scandal Breaking the Banks delves into the causes and effects of the banking crisis that plagued Australia and the world to re-establish the fundamentals of banking that for so long have been overshadowed by power and wealth and provides us with a crucial blueprint to revolutionise the future of banking With expertise in banking that spans over three decades and several markets and as a former senior executive at two of Australia's largest banks Joseph Healy co-founder and co-CEO of Judo Bank writes the insider's account of the banking crisis that plagued Australia and the world APAIS 1999: Australian public affairs information service , *Children in Victorian Times* Jill Barber, 2008 Following on from the hugely successful Start Up History Series Step Up has been created specifically to support the scheme of work in the History Curriculum at KS2 the next step up This CD ROM for whiteboard is an electronic version of the children in Victorian Times book from the Step Up History series At the start of Queen Victoria's reign 1837-1901 children were treated the same as adults By 1901 this had changed People thought children was a special time and children should be treated differently This CD ROM investigates the lives of Victorian children especially those employed on the land in factories and mines and as chimney sweeps It introduces people who worked to improve children's lives and shows how schools were set up and became free for all children **Criminal Conversations** Judith

Rowbotham, Kim Stevenson, 2005 The essays in this book set out to explore the ways in which Victorians used newspapers to identify the causes of bad behavior and its impacts and the ways in which they tried to distance criminals and those guilty of bad behavior from the ordinary members of society including identification of them as different according to race or sexual orientation It also explores how threats from within normal society were depicted and the panic that issues like baby farming caused Victorian alarm was about crimes and bad behavior which they saw as new or unique to their period but which were not new then and which in slightly different dress are still causing panic today What is striking about the essays in this collection are the ways in which they echo contemporary concerns about crime and bad behavior including panics about new types of crime This has implications for modern understandings of how society needs to understand crime demonstrating that while there are changes over time there are also important continuities
