Psycho-legal Concepts for Parenting in Child Custody and Child Protection Vol. 2 Don Tustin, 2024-10-19 This book provides an overview of changes in legislation in Australia concerning both family law and child protection law The topic is important as the Australian Government has identified that the rate of mental disorder in some cohorts of children is high and rising These cohorts of children live in families where they are vulnerable because they are exposed to risk factors that can be changed by a coordinated effort from parents therapists and lawyers The aim of the book is to identify psycho legal concepts that need to be understood by professionals who work in the fields of child custody and child protection and to bring these concepts together to improve coordination between the two fields of practice The purpose of the book is to be a practice manual for professionals from the disciplines of law social work and psychologists who work in specialized legal roles dealing with families where children are vulnerable to developing mental health difficulties Volume 2 of the book provides a perspective from a mental health clinician about concepts and principles that arise in Australian family oriented courts and that need to be shared between disciplines This book proposes that some concepts be identified as psycho legal as the concepts need to be shared between disciplines who work with court involved families The book also proposes that psycho legal concepts be shared between the jurisdictions of child custody and child protection In this book proposals are made to improve collaboration between disciplines and to maximize the best interests of children

Her Believable Lies Michelle-Meridith Moore, 2024-11-26 On May 7 1988 Michelle got married Shawn the man standing

before her was her abuser her controller and the only serious boyfriend she'd ever had In that moment she felt like this wedding ceremony would mark the end of her life it turned out to be the beginning of something worse This is an autobiographical account of abuse assault and escape in which Michelle Meridith Moore chronicles her experience with a deeply abusive and manipulative partner The story begins with their first encounter and catalogues the progression of Shawn's increasingly toxic controlling and abusive behaviour During the early stages of their relationship Shawn slowly broke down Michelle's self conception as a happy smart young lady ultimately conditioning her into thinking she was lowly stupid and worthless In the two decades that followed Shawn would sink his clutches deeper into every aspect of Michelle's life until her very survival was at stake Driven by the need to protect herself and with the steady help of her closest allies Michelle was able to escape seek legal recourse and tell her tale Michelle's story is harrowing and raw It pulls back the curtains on an incredibly painful and often unseen corner of domestic life But it also shows the power of perseverance love and allyship It is a testament to how even in the pits of despair we can escape our living nightmares
