Akkerman,G.C. Huisman,Arjo J. Vanderjagt,1993-09-01 Wessel Gansfort 1419 1489 is the author of a number of astute but difficult texts which indicate the high level of late medieval spirituality and scholarship in northern Europe Together with his younger friend Agricola 1444 1485 he ushered in the beginning of modern intellectual life in the northern part of the Netherlands the province of Groningen and adjoining Germany This volume contains eight contributions on Gansfort enlarging the range of perceptions of his work and personality for the first time since the major studies of 1917 and 1933 by Maarten van Rhijn There are three additional articles on the Devotio Moderna and its influence and eight on various subjects and personalities touching early Humanism and the Reformation in this range Each of these studies is the result of entirely new and original research The volume is concluded by a large bibliography De geschiedenis van Dr. Wassell James Hilton,1944

Archief voor de geschiedenis van het aartsbisdom Utrecht ,1917 Books As Weapons John B. Hench,2016-10-15 Only weeks after the D Day invasion of June 6 1944 a surprising cargo crates of books joined the flood of troop reinforcements weapons and ammunition food and medicine onto Normandy beaches The books were destined for French bookshops to be followed by millions more American books in translation but also in English ultimately distributed throughout Europe and the rest of the world The British were doing similar work which was uneasily coordinated with that of the Americans within the Psychological Warfare Division of General Eisenhower s Supreme Headquarters Allied Expeditionary Force under General Eisenhower s command Books As Weapons tells the little known story of the vital partnership between American book publishers and the U S government to put carefully selected recent books highlighting American history and values into the hands of civilians liberated from Axis forces The government desired to use books to help disintoxicate the minds of these people from the Nazi and Japanese propaganda and censorship machines and to win their friendship This objective dovetailed perfectly with U S publishers ambitions to find new profits in international markets which had been dominated by Britain France and Germany before their book trades were devastated by the war Key figures on both the trade and government sides of the program considered books the most enduring propaganda of all and thus effective weapons in the war of ideas both during the war and afterward when the Soviet Union flexed its military might and demonstrated its propaganda savvy Seldom have books been charged with greater responsibility or imbued with more significance John B Hench leavens this fully international account of the programs with fascinating vignettes set in the war rooms of Washington and London publishers offices throughout the world and the jeeps in which information officers drove over bomb rutted roads to bring the books to people who were hungering for them Books as Weapons provides context for continuing debates about the relationship between government and private enterprise and the image of the United States

abroad Translating Resurrection Gergely M. Juhász, 2015-01-27 Translating Resurrection examines the debate between William Tyndale and George Joye at the beginning of the English Reformation Occasioned by Joye s coining life after this for Tyndale s resurrection in Joye s 1534 edition of Tyndale s New Testament this fascinating but little known debate provides unique insights into the reformers beliefs concerning post mortem existence such as the question of immortality of the soul soul sleep prayers to saints and the doctrine of Purgatory By providing a thoroughgoing historical and theological context the book presents an original look at this important episode from the life of the exiled protestant English community The result will realign scholarship on Tyndale as well as centuries of neglect of Joye s contributions to early modern bible translation
