De Joodse Gemeenschap In De Stad Groningen:

De Joodse gemeente te Groningen I. Mendels, 1910 Reappraising the History of the Jews in the Netherlands
Hans Blom, David J. Wertheim, Hetty Berg, Bart T. Wallet, 2021-09-15 The two decades since the last authoritative general history of Dutch Jews was published have seen such substantial developments in historical understanding that new assessment has become an imperative This volume offers an indispensable survey from a contemporary viewpoint that reflects the new preoccupations of European historiography and allows the history of Dutch Jewry to be more integrated with that of other European Jewish histories Historians from both older and newer generations shed significant light on all eras providing fresh detail that reflects changed emphases and perspectives In addition to such traditional subjects as the Jewish community's relationship with the wider society and its internal structure its leaders and its international affiliations new topics explored include the socio economic aspects of Dutch Jewish life seen in the context of the integration of minorities more widely a reassessment of the Holocaust years and consideration of the place of Holocaust memorialization in community life and the impact of multiculturalist currents on Jews and Jewish politics Memory studies diaspora studies postcolonial studies and digital humanities all play their part in providing the fullest possible picture This wide ranging scholarship is complemented by a generous plate section with eighty fully captioned colour illustrations Translated by David McKay **Borders and Boundaries in and around Dutch Jewish History** David Wertheim, Judith Frishman, Ido

Haan, Joel Cahen, 2025-10-01 The widespread and long held preconception that all Jews lived in ghettos and were relentlessly subject to discrimination prior to the Enlightenment has only slowly eroded Geographically speaking Jews rarely lived in ghettos and have never been confined within the borders of one nation or country Power struggles and wars often led to the creation of new national borders that divided communities once united But if identity formation is subject to change and negotiation it does not depend solely on shifting geographical borders A variety of boundaries were and are still being constructed and maintained between ethnic and other collective identities The contributors to this book like other post modernist historians turn their gaze to a wide range of identities once taken for granted identities located on the border lines between one country and the next between Jews and non Jews as well as on those between one group of Jews and another

The Persecution of the Jews in the Netherlands, 1940-1945 Peter Romijn, 2025-10-01 These five articles first presented at the conference The Holocaust and other Genocides The Uses Misuses and Abuses of the Holocaust Paradigm in 2011 reflect the current Dutch research on the persecution of the Jews in the Netherlands during the Second World War and recent developments in the historiography concerning this topic To a certain extent the work being done in the Netherlands has reflected the international historiography in that it addresses the political and public responses to National Socialism and occupation the nature of the persecution and the regime in the concentration camps The perspectives of the general population of the victims and of the perpetrators are all examined but above all those of bystanders In this selection of the

most recent research there is a particular emphasis on the nature of the persecution and the general public's reaction to it

The Religious Cultures of Dutch Jewry Yosef Kaplan, Dan Michman, 2017-05-08 In *The Religious Cultures of Dutch Jewry* an international group of scholars examines aspects of religious belief and practice of pre-emancipation Sephardim and Ashkenazim in Amsterdam, Curaçao and Surinam: ceremonial dimensions, artistic representations of religious life and religious life after the Shoah. The origins of Dutch Jewry trace back to diverse locations and ancestries: Marranos from Spain and Portugal and Ashkenazi refugees from Germany, Poland and Lithuania. In the new setting and with the passing of time and developments in Dutch society at large, the religious life of Dutch Jews took on new forms. Dutch Jewish society was thus a microcosm of essential changes in Jewish history. **De joodse gemeenschappen in Westerwolde 1656-1950** E. P. Boon, 2004 **Dutch Jewry: Its History and Secular Culture (1500-2000)** Israel, Reinier Salverda, 2021-10-11 This volume consisting of seventeen studies by leading experts in the field takes stock of recent work on the history and literary culture of the Jews in the Netherlands and Antwerp from before the revolt until the present. Important new discoveries are included here for the first time. Dental Practice in Europe at the End of the 18th Century, 2016-10-11 Here is presented for the first time an overview of dental practice and the providers of dental treatment at the close of the eighteenth century in some of the major countries of western Europe and further afield. It draws on previously under-explored primary sources rigorously referenced and enables comparison of and contrast within the emergent specialty in rapidly changing social and political environments. The overall picture challenges conventional wisdom and will be of interest to social as well as to dental and medical historians. Between Jewish Tradition and Modernity Michael A. Meyer, David Myers, 2014-10-20 Bringing together leading Jewish historians, anthropologists, sociologists, philosophers and liturgists, *Between Jewish Tradition and Modernity* offers a collective view of a historically and culturally significant issue that will be of interest to Jewish scholars of many disciplines.
