The Power of Persuasion Lucas Haasis,2022-03-07 Lucas Haasis found a time capsule A complete mercantile letter archive of the merchant Nicolaus Gottlieb Luetkens who lived in 18th century Hamburg Luetkens travelled France between 1743 1745 in order to become a successful wholesale merchant He succeeded in this undertaking via both shrewd business practice and proficient skills in the practice of letter writing Based on this unique discovery in this microhistorical study Lucas Haasis examines the crucial steps and activities of a mercantile establishment phase the typical letter practices of Early Modern merchants and the practical principles of persuasion leading to success in the 18th century

Structuring the Active and Reserve Army for the 21st Century Frances M. Lussier,1999-09 Addresses the question of whether the Army s current composition of almost equal numbers of active duty and reserve soldiers is well suited to the service s current role of fighting regional conflicts and taking part in peacekeeping operations Examines several alternative approaches for meeting the Army s force requirements comparing the advantages and disadvantages of each alternative with those of the current Army and the Army s plan to reorganize the National Guard Charts and tables

Structuring the Active and Reserve Army for the 21st Century,1997 The U S Army s Cold War focus on the Soviet Union has shifted to fighting smaller conflicts against less formidable foes Today s Army is also 30 percent smaller than it was a decade ago In spite of those changes the composition of the Army has not shifted markedly the service remains almost equally divided between active duty and reserve soldiers A question under debate is whether that composition is well suited to the Army s current role The Army hopes to make its force structure better suited to its current mission by converting some of the combat forces in the National Guard to support forces That change would eliminate some of the excess combat forces but it would not enable the Army to get to regional conflicts more quickly than it can today nor would it improve the Army s ability to carry out peacekeeping operations Finally because the Army s plan would not reduce the overall size of the service it would not yield significant savings therefore the Army may have difficulty finding the funds to acquire the modern weapons it will need
