Demystifying The European Union The Enduring Logic Of Regional Integration:

Demystifying the European Union Roy H. Ginsberg, 2007 The European Union_ the world's greatest experiment in interstate reconciliation through regional integration_ is now fifty years old However it remains a mystery to many people in and outside Europe This clear and comprehensive book is dedicated to demystifying the EU for both introductory and seasoned students of European integration Roy H Ginsberg begins with the foundation blocks of history law economics and politics to provide the context for understanding integration He then deconstructs the EU into its individual elements to examine them in relation to one another and to the whole before reconstructing the EU as a single polity In doing so he evaluates the EU's scope for agency and its effects on Europeans and non Europeans alike Emphasizing this wider perspective Ginsberg convincingly demonstrates that the EU is a wellspring of support for conflict prevention and resolution throughout the world

Demystifying the European Union Roy H. Ginsberg, 2010-04-15 Written by one of the premier scholars on the European Union and hailed as the best undergraduate text on the subject this book has been thoroughly revised and updated to include the entry into force of the Lisbon Treaty Clear and comprehensive it demystifies one of the world's most important and least understood institutions Roy H Ginsberg contextualizes European integration through the foundation blocks of history law economics and politics He then breaks the EU down into its components so that they can be understood individually and in relation to the whole Reconstructing the EU as a single polity Ginsberg evaluates the EU's domestic and foreign policies and their effects on Europeans and non Europeans alike The author thus challenges students to see what the European Union truly represents a unique experiment in regional cooperation and a remarkable model of conflict resolution for the world's troubled regions

The European Union and Global Capitalism Magnus Ryner, Alan Cafruny, 2016-12-16 This book draws on critical theory to introduce readers to ways of exploring questions about the EU from a political economy perspective questions like Does the EU help or hinder Europe's social models to face the challenges of globalization Does the EU represent a break from Europe's imperial past What were the causes of the Eurozone crisis

The European Union's Influence in Central Asia Olga Alinda Spaiser, 2018-03-12 Unknown yet highly strategic Central Asia attracts the interest of major global powers due to its vast energy resources and crucial geographic position Russia China and the European Union view this region as an indispensable springboard to enhance their political and economic influence on the Eurasian landmass Thus facing strong competition and working on low budget the EU is attempting to establish itself as a relevant and influential actor in an environment in which its leadership role is far from certain Unlike in other post communist regions the EU is not able to rely on the attractiveness of its political models and risks being marginalized by other global powers The crucial question then is How does the EU exert influence in such a challenging geopolitical context Which strategies does the EU apply to be an actor who counts Through an analysis of the EU's discourse instruments and the reception of its policies in Central Asia this study argues that the EU consciously takes the position of a

second tier actor who acts as a consultant and projects a picture of itself as an honest broker with no geopolitical agenda The EU s influence is confined to niche domains in the security sphere that are nevertheless important for the regional security The EU is not a great power in the region nor is it willing to become one It does however have comparative advantages in being perceived as inoffensive and for occupying areas that are neglected by the other actors such as governance and water security

EU Regional Trade Agreements Maryna Rabinovych, 2021-04-06 This book unveils the potential of utilizing EU Regional Trade Agreements RTAs as an instrument of promoting the rule of law to third states In doing so the book combines development economics foreign policy and legal perspectives at three levels of analysis of four sectors to introduce the concept of EU value promoting RTAs The book demonstrates that the EU RTAs bear considerable potential to be strategized as instruments of promoting the rule of law in third states requiring however overcoming strict divides between EU political and economic cooperation and values and acquis conditionality in its relations with third countries This book will be of key interest to scholars and students of European Studies European Union Law EU external action foreign policy EU trade agreements and Development Studies as well as to NGOs and think tanks that work on European affairs

EU Security Missions and the Israeli-Palestinian Conflict Amr Nasr El-Din, 2016-12-19 This book explores and analyses the various factors that affected the formulation of the common EU policy towards the MEPP as well as the specifics of the process by which the EU created EUPOL COPPS and EUBAM Rafah Based on confidential interviews with various actors in the process uniquely granted to the author it reveals the mechanics of decision making behind the scenes and argues that the EU decision to expand its role in the MEPP through the creation of the two missions was closely related to the EU s defined common interests in the Middle East

The Europeanisation of Conflict Resolutions Boyka Stefanova, 2013-07-19 This book is about the EU s role in conflict resolution and reconciliation in Europe Ever since it was implemented as a political project of the post World War II reality in Western Europe European integration has been credited with performing conflict resolution functions It allegedly transformed the long standing adversarial relationship between France and Germany into a strategic partnership Conflict in Western Europe became obsolete The end of the Cold War further reinforced its role as a regional peace project While these evolutionary dynamics are uncontested the deeper meaning of the process its transformative power is still to be elucidated How does European integration restore peace when its equilibrium is broken and conflict or the legacies of enmity persist This book sets out to do exactly that It explores the peace and conflict resolution role of European integration by testing its somewhat vague albeit well established macro political rationale of a peace project in the practical settings of conflicts The analytical lens of that of Europeanization The central argument of the book is that the evolution of the policy mix resources framing influences and political opportunities through which European integration affects conflicts and processes of conflict resolution demonstrates a historical trend through which the EU has become an indispensable factor of conflict resolution It begins with the pooling together of policy making at the European level for the

management of particular sectors early integration in the European Coal and Steel Community through the functioning of core EU policies Northern Ireland to the challenges of enlargement Cyprus and the European perspective for the Western Balkans Kosovo The book will be of value to academics and non expert observers alike with an interest in European integration and peace studies

Deconstructing "Ideal Power Europe" Münevver Cebeci, 2018-12-31 Deconstructing Ideal Power Europe The EU and Arab Change criticizes the dominant discourse on European foreign policy which represents the EU as a force for good in world politics Using a poststructuralist approach it deconstructs the EU's representation as an ideal power through an analysis of European foreign policy on the Southern Mediterranean before and after the Arab uprisings In this endeavor it displaces three major discourses which construct the EU as ideal the postmodern and post sovereign EU the EU as a model a virtuous example and the EU as a normative power discourses The major argument of the book is that the ideal power Europe meta narrative is especially produced and reproduced in the EU's approach towards the Southern Mediterranean and it manifests itself through the rhetoric of responsibility and universality in the aftermath of the Arab uprisings The book also provides an analysis of how the ideal power Europe meta narrative feeds into and legitimizes European governmentality in the world in general and in the case of the Southern Mediterranean after the Arab uprisings in particular Arguing that the depiction of the EU as postmodern post sovereign as a model an exemplar and as a normative power pertains to the representation of a regulatory ideal it elucidates how the EU pursues hegemonic practices in the Southern Mediterranean It further manifests how the EU's governmentality is marked by a securitized depoliticizing and technocratic approach which feeds into and gets legitimized by the dominant discourse on European foreign policy reproducing the EU's ideal identity vis vis its imperfect Arab other

European Integration Beyond Brussels Matthew Broad, Suvi Kansikas, 2020-08-14 Europe is a continent whose history has in one form or another long been dominated by integration And yet the European integration process is often treated as synonymous with the evolution of just one particular and until recently geographically quite limited Western centred organisation the European Union EU This trend obscures the multitude of ways European states have acted collectively on both sides of the Iron Curtain and continue to do so throughout the continent today With contributors drawn from history and political science this book explores some of these diverse integration efforts beyond Brussels We shine a light on international organisations trade frameworks and various political social scientific and cultural forms of unity in both Eastern and Western Europe In so doing the book seeks to redefine the history of the European integration process not only as a less purely EU centric phenomenon but as a less strictly Western European one too

Politics in Europe M. Donald Hancock, Christopher J. Carman, Marjorie Castle, David P. Conradt, Raffaella Y. Nanetti, Robert Leonardi, William Safran, Stephen White, 2014-02-14 Thoroughly updated this sixth edition of Hancock et al's Politics in Europe remains an approachable yet rigorous introduction to the region the UK France Germany Italy Sweden Russia Poland and the European Union Its strong analytic framework and organization coupled with

detailed country coverage written by country experts ensure that students not only get a robust introduction to each country but also are able to make meaningful cross national comparisons Key updates include the latest in European politics including recent election results the content and impact of the Eurozone crisis the emergence of a new Nordic model of welfare capitalism and coverage of key social and political issues including globalization terrorism immigration gender religion and transatlantic relations

Demystifying The European Union The Enduring Logic Of Regional Integration Introduction

In today's digital age, the availability of Demystifying The European Union The Enduring Logic Of Regional Integration books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Demystifying The European Union The Enduring Logic Of Regional Integration books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Demystifying The European Union The Enduring Logic Of Regional Integration books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Demystifying The European Union The Enduring Logic Of Regional Integration versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Demystifying The European Union The Enduring Logic Of Regional Integration books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Demystifying The European Union The Enduring Logic Of Regional Integration books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a
