psychoanalyst Max Liebermann calls on his good friend Detective Rheinhardt to help him investigate **Fatal Lies** Frank Tallis, 2009-02-24 A dogged police inspector and an insightful young psychiatrist match wits with depraved criminal minds in this acclaimed mystery series set in Freud's Vienna. In glittering turn of the century Vienna, brutal instinct and refined intellect fight for supremacy. The latest, most disturbing example, the mysterious and savage death of a young cadet in the most elite of military academies, St Florian's. Even using his cutting edge investigative techniques, Detective Inspector Oskar Rheinhardt cannot crack the school's closed and sadistic world. He must again enlist the aid of his frequent ally, Dr Max Liebermann, an expert in Freudian psychology. But how can Liebermann help when he is in a crisis of his own, handling his conflicted and forbidden feelings for two different women, one a former patient. As the case unfolds, powerful forces will stop at nothing to keep a dark secret.

Vienna Twilight Frank Tallis, 2011-04-12 In the dynamic and dangerous Vienna of 1903, a brilliant psychoanalyst and a brave detective battle to catch criminals who commit the most clever and brutal crimes. Detective Inspector Oskar Rheinhardt finds that young women are being slain in an unnerving and ingenious manner, with a small, almost undetectable hat pin. For Dr Max Liebermann, the killer is unique in the annals of psychopathology: one who murders in the midst of consensual love. Is the culprit a patient, one who swears he has a double, a shadow figure that is far more forward in fact, indecent with women. As danger mounts, Liebermann must find the answer while struggling with his own forbidden desire for a female patient.

Vienna Blood Frank Tallis, 2008-12-24 The second in the Dr Max Liebermann series. Literature's first psychoanalytic detective. In the grip of a Siberian winter in 1902, a serial killer in Vienna embarks upon a bizarre campaign of murder. Vicious mutilation, a penchant for arcane symbols, and a seemingly random choice of victim are his most distinctive peculiarities. Detective Inspector Oskar Rheinhardt summons a young disciple of Freud, his friend Dr Max Liebermann, to assist him with the case. The investigation draws them into the sphere of Vienna's secret societies, a murky underworld of German literary scholars, race theorists, and scientists inspired by the new evolutionary theories coming out of England. At first, the killer's mind seems impenetrable; his behaviour and cryptic clues impervious to psychoanalytic interpretation. However, gradually, it becomes apparent that an extraordinary and shocking rationale underlies his actions. Against this backdrop of mystery and terror, Liebermann struggles with his own demons. The treatment of a patient suffering from paranoia, erotica, a delusion of love, and his own fascination with the enigmatic Englishwoman Amelia Lydgate raises doubts concerning the propriety of his imminent marriage. To resolve the dilemma, he must entertain the unthinkable, risking opprobrium and accusations of cowardice.
