Civil War Oxford Worlds Classics

Civil War Oxford Worlds Classics:

Civil War Lucan, 2008-05-08 Lucan grandson of Seneca the Rhetorician and nephew of Seneca the Philosopher was a remarkable and precocious product of the stimulating literary climate promoted by Nero His epic poem on the civil war between Caesar and Pompey unfinished at the time of his death stands beside the poems of Virgil and Ovid in the first rank of Latin epic The work is a powerful condemnation of civil war and Lucan emphasizes the stark dark horror of the catastrophes which the Roman state inflicted upon itself This new translation in free verse conveys the full force of Lucan's writing and his grimly realistic view of the subject The Introduction sets the scene for the reader unfamiliar with Lucan and explores his relationship with earlier writers of Latin epic and his interest in the sensational **The Civil War** Julius Caesar, 1998 Caesar's account of the celebrated war between himself and his great rival Pompey from the crossing of the Rubicon in January 49 B C to Pompey's death and the start of the Alexandrian War The Oxford encyclopedia of ancient Greece and Rome. - Vol. 1 - 7 Michael Gagarin, 2010 **Rome's Mediterranean Empire** Livy, 2007-11-08 I will do as the Senate decrees These words from one of Rome's opponents encapsulate the authority Rome achieved by its subjugation of the Mediterranean The Third Macedonian War recounted in this volume ended the kingdom created by Philip II and Alexander the Great and was a crucial step in Rome's eventual dominance For Livy the story is also a fascinating moral study of the vices and virtues that hampered and promoted Rome's efforts in the conflict He presents the war not so much as a battle against Perseus Alexander's last and unworthy successor than as a struggle within the Roman national character Only traditional moral strength embodied in Lucius Aemilius Paullus the general who ultimately defeats Perseus ensures the Roman victory This edition also includes the Periochae later summaries of Livy's entire original 142 book history of Rome from its founding to the age of Augustus of which only 35 books survive **Fifty Key Classical Authors** Alison Sharrock, Rhianon Ashley, 2013-04-15 A chronological guide to influential Greek and Roman writers Fifty Key Classical Authors is an invaluable introduction to the literature philosophy and history of the ancient world Including essays on Sappho Polybius and Lucan as well as on major figures such as Homer Plato Catullus and Cicero this book is a vital tool for all students of classical civilization **Three Early Modern Utopias** Thomas More, Francis Bacon, Henry Neville, 1999-11-04 Thomas More Utopia Francis Bacon New Atlantis Henry Neville The Isle of Pines With the publication of Utopia 1516 Thomas More introduced into the English language not only a new word but a new way of thinking about the gulf between what ought to be and what is His Utopia is at once a scathing analysis of the shortcomings of his own society a realistic suggestion for an alternative mode of social organization and a satire on unrealistic idealism Enormously influential it remains a challenging as well as a playful text This edition reprints Ralph Robinson's 1556 translation from More's original Latin together with letters and illustrations that accompanied early editions of Utopia Utopia was only one of many early modern treatments of other worlds This edition also includes two other hitherto less accessible utopian narratives New Atlantis 1627 offers a fictional illustration of Francis Bacon's visionary ideal

of the role that science should play in the modern society Henry Neville's *The Isle of Pines* 1668 a precursor of Defoe's *Robinson Crusoe* engages with some of the sexual racial and colonialist anxieties of the end of the early modern period Together these texts illustrate the diversity of the early modern utopian imagination as well as the different purposes to which it could be put ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

The Historiography of Late Republican Civil War, 2019-07-29 *The Historiography of Late Republican Civil War* is part of a burgeoning new trend that focuses on the great impact of stasis and civil war on Roman society This volume specifically concentrates on the Late Republic a transformative period marked by social and political violence stasis factional strife and civil war Its constitutive chapters closely study developments and discussions concerning the concept of civil war in the late republican and early imperial historiography of the late Republic from L Cornelius Sulla Felix to the Severan dynasty

Madness Triumphant Lee Fratantuono 2, 2012-06-28 *Madness Triumphant* A Reading of Lucan's *Pharsalia* offers the most detailed and comprehensive analysis of Lucan's epic poem of the civil war between Caesar and Pompey to have appeared in English In the manner of his previous books on Virgil and Ovid Professor Fratantuono considers the *Pharsalia* as an epic investigation of the nature of fury and madness in Rome this time during the increasing insanity of Nero's reign The volume proceeds chapter by chapter book by book through Lucan's poem as it unfolds the thesis that the poet Lucan crafted an epic response to both Virgil and Ovid the closing movement in a three act tragedy of madness In response to the *Aeneid* Lucan raises the idea that the final ethnographic settlement of Trojans and Italians may not have been for the best while in response to the *Metamorphoses* he explores the idea that the immortality achieved by the poet may not after all prove to be a blessing An introduction and bibliography provide additional direction for the study of this greatest surviving work of literature from the so called Silver Age of Neronian literature while the individual chapters offer in depth bibliographical citations and extensive annotation as a guide to further study of the poem Lucan's poem is revealed to be the consummate hymn to fury as the poet offers a return to the opening of Homer's *Iliad* and the wrath of Achilles which is now viewed as part of an unending cycle of madness that will end only in the flames of a global conflagration that will consume all things The pervasive intertext of Lucan's epic poem with his predecessor Manilius *Astronomica* is also investigated as the nature of Lucan's response to both Stoic and Epicurean antecedents is explored Manilius' stars are virtually sprinkled through the *Pharsalia* as the heavens offer a celestial canvas for the poet of fury to illustrate the beautiful lies that may ultimately be shown to conceal even more seductive truths

America's Imagined Revolution Tomos Wallbank-Hughes, 2024-04-24 *America's Imagined Revolution* explores the Reconstruction period after the Civil War to ask narratological historiographical and theoretical questions about how slave

emancipation has and has not been theorized as revolution Reading historical fiction by authors such as George Washington Cable Albion Tourg e Charles Chesnutt Frances Harper and W E B Du Bois in dialogue with nineteenth century historical writing and the era s legal political and print culture Tomos Wallbank Hughes excavates an evanescent form of historicist writing sensitive to the revolutionary changes that shaped life in the emancipation era South As an aesthetic form the historical novel of Reconstruction poses questions about revolutionary experience in plantation societies and in the process challenges critical assumptions about historical time in the nineteenth century How do authors narrate epochal change that also feels like retrenchment In what direction does history travel if it does not progress What narratives of race class and region encompass both continued domination and ruptured power By plumbing the situations that give it form the historical novel of Reconstruction provides a window into the literary culture of the South s long nineteenth century in which rather than a storehouse of tradition the region became a terrain for interpreting social revolution and uncovering slavery s revolutionary afterlives America s Imagined Revolution offers a new interpretation of the literary and historiographical significance of the Reconstruction period and its relationship to American literary history **You Win or You Die** Ayelet Haimson Lushkov, 2017-04-30 If the Middle Ages form the present day backdrop to the continents of Westeros and Essos then antiquity is their resonant past The Known World is haunted by the remnants of distant and powerful civilizations without whose presence the novels of George R R Martin and the ever popular HBO show would lose much of their meaning and appeal In this essential sequel to Carolynne Larrington s Winter is Coming The Medieval World of Game of Thrones Ayelet Haimson Lushkov explores the echoes from the Summer Islands to Storm s End of a rich antique history She discusses for example the convergence of ancient Rome and the reach scope and might of the Valyrian Freehold She shows how the wanderings of Tyrion Lannister replay the journeys of Odysseus and Aeneas She suggests that the War of the Five Kings resembles the War of the Four Emperors 68 69 AD She also demonstrates just how the Wall and the Wildlings advancing on it connect with Hadrian s bulwark against fierce tribes of Picts This book reveals the remarkable extent to which the entire Game of Thrones universe is animated by its ancient past
