Spirituality in Education in a Global, Pluralised World Marian de Souza, 2016-01-08 A particular problem associated with international research in the field of spirituality and education is the reluctance of scholars to agree on what spirituality means with numerous descriptions increasing ambiguity and reducing the impact of research in the discipline This book argues that it is important to understand spirituality as a unifying concept that has the potential to be meaningful in its application to the lives of children and young people in areas of learning and wellbeing Chapters show why and how spiritual learning should be addressed across the curriculum with implications for the design of learning programs and environments

Vaughn, Dayle Gillespie Rounds, 2010-09-01 Most contemporary young people operate far enough from Moses' moral compass that it never occurs to them that OMG oh my God in teenspeak has anything to do with the Ten Commandments much less that it breaks one of them After all the phrase is a nearly ubiquitous adolescent throw away line Yet Christians should hear the phrase oh my God differently Youth ministers parents teachers anyone who has ever loved an adolescent know that OMG can be a prayer a plea a petition a note of praise or an unbidden entreaty that escapes our lips as we seek Christ for the young people we love from the book Using six lenses the authors detail current practices and tease out underlying questions as youth ministry becomes more self-consciously aligned with practical theology Contributors include Kenda Creasy Dean Mike Carotta Roland Martinson Rodger Nishioka Don Richter Dayle Gillespie Rounds and Amy Scott Vaughn *The Holy Spirit and Christian Formation* Diane J. Chandler, 2016-12-05 This volume discusses the importance of a multidimensional and multidisciplinary approach to Christian formation based upon godly love and the imago Dei Latin image of God Grounded biblically and theologically this interdisciplinary collection offers perspectives drawn from spirituality ethics philosophy psychology counselling ecclesiology physical health sciences and leadership studies Contributors address spiritual emotional and psychological formation while highlighting how suffering has the potential to draw one closer to God and others The book also details vocational development appropriate stewardship of the physical body and the ways in which the Eucharist sacramentally contributes to the process of formation The book concludes with a call for further exploration of additional research trajectories not the least of which is how Christian formation contributes to the missio Dei the mission of God

Voelz, 2016-01-21 What if adolescents aren't bored with preaching What if they have and are interacting with preaching in complex various ways that have escaped the attention of adult listeners and preachers What if their own preaching informed the ways adults think about Christian faith and theories practices of preaching While much recent discussion in preaching revolves around underrepresented groups the relationship between adolescent youth and preaching remains largely unexplored *Youthful Preaching* brings youth into contemporary conversations about preaching by listening to their voices and by advocating for communities of faith and practice to seek ways to reimagine renew and strengthen the relationships between youth adults and preaching
