Citoyens Clandestins Doa:

Citoyens clandestins Doa, 2007 Printemps 2001 A quelques mois de l'élection présidentielle les services secrets français sont informés qu'un citoyen libanais vivant en France a tenté de repartir en Syrie en train d'acheter un gaz mortel A Paris cette découverte met en branle les services de renseignements du Ministère des affaires étrangères Karim fils de harki est infiltré dans le 20^e arrondissement pour surveiller une mosquée

Contemporary European Crime Fiction Monica Dall'Asta, Jacques Migozzi, Federico Pagello, Andrew Pepper, 2023-04-20 This book represents the first extended consideration of contemporary crime fiction as a European phenomenon Understanding crime fiction in its broadest sense as a transmedia practice and offering unique insights into this practice in specific European countries and as a genuinely transcontinental endeavour this book argues that the distinctiveness of the form can be found in its related historical and political inquiries It asks how the genre's excavation of Europe's history of violence and protest in the twentieth century is informed by contemporary political questions It also considers how the genre's progressive reimagining of new identities forged at the crossroads of ethnicity gender and sexuality is offset by its bleaker assessment of the corrosive effects of entrenched social inequalities political corruption and state violence The result is a rich vibrant collection that shows how crime fiction can help us better understand the complex relationship between Europe's past present and future Seven chapters are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com

Engagement in 21st Century French and Francophone Culture Helena Chadderton, Angela Kimyongür, 2017-11-08 In the face of the contested legacy of engagement in the Francophone context this interdisciplinary collection demonstrates that French and Francophone writers artists intellectuals and film makers are using their work to confront unforeseen and unprecedented challenges campaigns and causes in a politically uncertain post 9/11 world Composed of eleven essays and a contextualising introduction this volume is interdisciplinary in its treatment of engagement in a variety of forms as it reassesses the relationship between different types of cultural production and society as it is played out in the twenty first century With a focus on both the development of different cultural forms Part 1 and on the particular crises that have attracted the attention of cultural practitioners Part 2 this volume maps and analyses some of the ways in which cultural texts of all kinds are being used to respond to engage with and challenge crises in the contemporary Francophone world

Territoires de la non-fiction, 2020-09-25 Si les siècles qui précédaient avaient vu le couronnement du roman la littérature du XXI^e siècle débute avec le triomphe du document critiques de voyage d'investigation enquêtes judiciaires ou ethnologiques autobiographies factographies factions rapports et enregistrements littéraires et autres formes de récits refusant de se dire fictions occupent nos librairies merge sous nos yeux une toute nouvelle littérature d'information de témoignage d'inventaire ou de documentation Or ces textes ne se contentent pas de déjouer les critères des classements des bibliothèques et d'intriguer les théoriciens du récit ils modifient profondément les catégories du littéraire et imposent leur poétique propre C'est dire si l'heure

est inventer et comprendre les territoires de la non fiction genre capital de notre contemporain If the previous centuries had seen the crowning of the novel the literature of the 21st century begins with the triumph of the document travel writings investigative criminal or ethnological investigations autobiographies factographies factions literary reports and recordings and other forms of narrative that refuse to call themselves fictions occupy our bookstores a whole new literature of information testimony inventory or documentation is emerging before our eyes Yet these texts not only thwart the criteria of library classifications and intrigue narrative theorists they also profoundly modify the categories of the literary and impose their own poetics In other words the time has come to inventory and understand the territories of non fiction the capital genre of our time
