Stephen L. Elkin

City And Regime In The American Republic:

City and Regime in the American Republic Stephen L. Elkin, 2015 Stephen L Elkin deftly combines the empirical and normative strands of political science to make a powerfully original statement about what cities are can and should be Rejecting the idea that two goals of city politics equality and efficiency are opposed to one another Elkin argues that a commercial republic could achieve both He then takes the unusual step of addressing how the political institutions of the city can help to form the kind of citizenry such a republic needs The present workings of American urban political institutions are Elkin maintains characterized by a close relationship between politicians and businessmen a relationship that promotes neither political equality nor effective social problem solving Elkin pays particular attention to the issue of land use in his analysis of these failures of popular control in traditional city politics Urban political institutions however are not just instruments for the dispensing of valued outcomes or devices for social problem solving they help to form the citizenry Our present institutions largely define citizens as interest group adversaries and do little to encourage them to focus on the commercial public interest of the city Elkin concludes by proposing new institutional arrangements that would be better able to harness the self interested behavior of individuals for the common good of a commercial republic City and Regime in the American Republic

Stephen L. Elkin, 2015-05-14 Stephen L Elkin deftly combines the empirical and normative strands of political science to make a powerfully original statement about what cities are can and should be Rejecting the idea that two goals of city politics equality and efficiency are opposed to one another Elkin argues that a commercial republic could achieve both He then takes the unusual step of addressing how the political institutions of the city can help to form the kind of citizenry such a republic needs The present workings of American urban political institutions are Elkin maintains characterized by a close relationship between politicians and businessmen a relationship that promotes neither political equality nor effective social problem solving Elkin pays particular attention to the issue of land use in his analysis of these failures of popular control in traditional city politics Urban political institutions however are not just instruments for the dispensing of valued outcomes or devices for social problem solving they help to form the citizenry Our present institutions largely define citizens as interest group adversaries and do little to encourage them to focus on the commercial public interest of the city Elkin concludes by proposing new institutional arrangements that would be better able to harness the self interested behavior of individuals for the common good of a commercial republic **People and Politics in Urban**

America, Second Edition Robert W. Kweit, Mary G. Kweit, 2013-11-26 First Published in 1998 Approximately 75 percent of Americans live in cities and surrounding suburbs and the characteristics of those cities inescapably affect the quality of their lives This book examines the extent to which these Americans use the political process to control the characteristics of life in their metropolises In addition this second edition revision places great emphasis on the role of political leaders while recognising the interdependence between those leaders and various interests in the city **People & Politics in Urban**

America Robert W. Kweit, Mary G. Kweit, 2013-10-31 This revised textbook for courses on urban politics challenges the notion that the field is dominated by political economy showing that despite the undeniable importance of economic issues citizens do play a significant part in urban politics The Adapted City H. George Frederickson, Gary Alan Johnson, Curtis H. Wood, 2004 This work considers how and why cities change their governing arrangements and the implications for cities of the future It provides case studies that show how actual cities have changed and adapted their structure to fit changing times and citizen demands **Managing Capital Resources for Central City Revitalization** Fritz W. Wagner, Timothy E. Joder, Anthony J. Mumphrey, Jr., 2019-10-16 First Published in 2000 This book and its companion volume Human Capital Investment for Central City Revitalization are the products of a two year endeavor by the National Center for the Revitalization of Central Cities The National Center is a consortium of academic institutions that analyzes critical problems facing America's central cities evaluates strategies to address those problems and recommends policy alternatives

Suburb Royce Hanson, 2017-03-07 Land use policy is at the center of suburban political economies because everything has to happen somewhere but nothing happens by itself In Suburb Royce Hanson explores how well a century of strategic land use decisions served the public interest in Montgomery County Maryland a suburb of Washington D C Transformed from a rural hinterland into the home of a million people and a half million jobs Montgomery County built a national reputation for innovation in land use policy including inclusive zoning linking zoning to master plans preservation of farmland and open space growth management and transit oriented development A pervasive theme of Suburb involves the struggle for influence over land use policy between two virtual suburban republics Developers their business allies and sympathetic officials sought a virtuous cycle of market guided growth in which land was a commodity and residents were customers who voted with their feet Homeowners environmentalists and their allies saw themselves as citizens and stakeholders with moral claims on the way development occurred and made their wishes known at the ballot box In a book that will be of particular interest to planning practitioners attorneys builders and civic activists Hanson evaluates how well the development pattern produced by decades of planning decisions served the public interest **Theories of Urban Politics** Jonathan S Davies, David L. Imbroscio, 2008-11-18 Anybody who thinks the study of urban politics is stagnating needs to pick up a copy of Theories of Urban Politics Insightful analysis of scholarship on traditional topics is supplemented by chapters on nontraditional topics including the new institutionalism network governance and urban leadership If you want to keep up with cutting edge debates in urban studies the Davies and Imbroscio volume is essential Todd Swanstrom Saint Louis University Connects the best traditions of urban political theory with important new contributions on emerging themes This completely revised second edition is an invaluable book for new students and established scholars It is accessible theoretically rich and maps out an exciting and challenging research agenda It will spend more time open and on the desk than closed and on the bookshelf Professor Chris Skelcher University of Birmingham Many colleagues have told us that our edition of Theories of Urban

Politics provided great insights and grounding to students and seasoned researchers alike We are delighted that so able a successor has emerged Those that study urban politics need to be challenged and inspired by theory and this book delivers a powerful update for urban scholars David Judge Gerry Stoker and Harold Wolman Editors of the First Edition This long awaited sequel to the pioneering First Edition updates debates and developments through an excellent collection of entirely new essays contributed by some of the leading academics in the field A special feature of the volume is that it links concerns in urban politics in North America and Europe An excellent read Professor David Wilson De Montfort University Expanding and updating the successful first edition Theories of Urban Politics Second Edition provides a comprehensive introduction to and evaluation of the theoretical approaches to urban governance Restructured into four new parts Power Governance Citizens and Challenges the second edition reflects developments in the field over the last decade with newly commissioned chapters updating and adding to the theoretical material included in the first edition With contributions from many of the key figures in urban theory today this text will be required reading on all urban politics urban planning and public administration courses

Remaking New York William Sites,2003 **Big City Politics in Transition** H. V. Savitch,John Clayton Thomas,1991-06-14 Big City Politics in Transition is a good reference volume packed with much important and up to date information Environment and Planning A timely book that revisits the field so well described by Edward Banfield Big City Politics 1965 as of the early 1960s but which has changed greatly since then Each profile shows a high level of research and the notes provide a thorough bibliography of the literature A tremendously useful book for readers at all levels Choice This book was inspired by Edward Banfield s Big City Politics of 1965 In Big City Politics in Transition the introduction amply justifies the need for a new volume This multiauthored volume examines thirteen cities Boston Philadelphia Chicago Detroit Saint Louis Atlanta Miami New Orleans Denver Houston Los Angeles San Francisco and Seattle Each chapter traces the economic social and political changes since 1965 and current political problems It is impossible to do justice to all thirteen studies in a short review but this book represents a very useful summation of the current state of the major US cities Environment and Planning C In 1965 Big City Politics ambitiously attempted to describe the workings of America s big cities using nine large U S cities as examples By the time it was published urban racial conflict declining economic power and growing concentrations of low income populations had changed the face of the urban political scene Big City Politics in Transition examines how government and administration in America s largest cities have changed between 1960 and 1990 The contributors to this intriguing volume trace demographic and economic change over this vital and at times turbulent period explaining what those changes mean for politics policies and the general quality of life The chapters address the demographics and economic base of the cities under consideration the role and structure of city government including interaction with state houses suburbs and Washington DC and the roles played by interest groups and political influentials The cities profiled include Boston Philadelphia Chicago Detroit St Louis Atlanta Miami New Orleans Denver Houston Los

Angeles San Francisco and Seattle Underlying these concerns is an examination of the political character of the city the composition and cohesion of the coalitions groups organizations and individual actors that shape major decisions A balanced and insightful look at urban politics in the late 20th century this volume will enlighten academics and professionals in urban studies policy studies and political science

City And Regime In The American Republic Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**City And Regime In The American Republic**," compiled by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
