Case Studies Cocktails The Now What Guide To Surviving Business School:

Case Studies & Cocktails Carrie Shuchart, Chris Ryan, 2011-03-15 After all the hard work on your application you're finally in to business school. Now what? The acceptance letter is just the beginning of your MBA experience. Even before classes start you'll face all kinds of new challenges: financing your degree, readjusting to homework, schmoozing recruiters. Now you can turn to this book produced by Manhattan GMAT, one of the leading names in GMAT preparation, to ready you for the challenges you'll face as a newly minted MBA candidate. *Case Studies Cocktails* will be your go-to guide as you prepare to enter your MBA program and throughout your time at business school. The authors, MBAs themselves, have drawn on their own experiences and interviewed current students for the inside scoop on every aspect of business school, from telling the boss you're going back to school to balancing wine and cheese in one hand while networking. The result is both a handbook for the social side of school and an academic primer on the material you'll have to master. The book even includes a glossary of need-to-know jargon so you won't feel lost when classmates start slinging around acronyms.

The MBA Slingshot for Women

Nicole M. Lindsay, 2014-04-21 A recognized expert in diversity and founder of DiversityMBAPrep.com illustrates how women in an MBA program can leverage the graduate school experience to catapult their professional careers. Despite the fact that women have been in the workforce for decades and in top graduate schools for years, they represent only 15 percent of corporate boards and a paltry 3 percent of CEO positions. Is it that female executives run into professional roadblocks or do they underestimate their own abilities to succeed in a business leadership environment? Accomplished author and speaker Nicole Lindsay explores this subject in great detail, providing a gender-based roadmap for developing the knowledge, skills, and relationships to succeed in business school and beyond. Organized into four main themes, this powerful handbook provides a systematic approach or slingshot for harnessing the business school experience to accelerate professional success. Topics covered include utilizing the social networking aspects of graduate school to pave the way for successful careers; preparing for the issues facing female students as they advance in their careers; developing a new approach to relationship management by leveraging personal connections to get ahead; and creating a consistent, powerful personal brand.
